About Us

Established in 2002, Forestry Tools has grown to be a valued resource for professionals across Australia. Now in our 23rd year, our product range has continued to expand and we now carry over 1600 products and spares in stock. We will continue to add products which complement our range to offer our customers an even wider range of professional tools.

Stock

We endeavour to maintain good stock levels of all items listed in this catalogue. Our website indicates our current stock holding and, if products are currently out of stock, an estimated stock arrival date.

Ordering

The easiest way to order from us is through our website, which provides more product information, images, current pricing and stock levels. Generally orders received by 1pm Sydney time will be shipped that business day. We ship products Australia-wide. Accepted payment methods are credit card (Visa, Mastercard) and EFT/bank deposit. We do not accept cheques or money orders. Account facilities are immediately available to Government bodies, public listed companies and approved account holders. All prices listed in this catalogue and on our website include GST. Due to current supplier price volatility the prices in this catalogue are indicative only. Please check our website or call for current pricing.

Delivery

Orders are shipped by Australia Post except items in excess of 105cm which must be shipped by courier. Deliveries by courier require a street delivery address (these cannot be shipped to a PO Box). Delivery times are typically 1-3 days to major centres or 3-7+ days to rural areas and central/western states.

Website

This catalogue contains our current product range and pricing at the date of printing. Visit our website for additional product information, detailed photographs, current pricing and new products added throughout the year.

Shipping Costs

For most products our shipping costs are fixed based on order value. For certain oversize, heavy or bulky items freight surcharges apply. These are in addition to our base shipping rates. Our website details our shipping rates and applicable surcharges, and these are calculated automatically at the checkout.

Contact Details

Our office is normally open from 8.30am - 5.30pm Monday to Thursday and 8.30am-4.00pm Friday. We do close early prior to Public Holidays.

We are not a retail store and do not have a showroom, but you are welcome to purchase products directly from our office/warehouse. If you would like to collect from our warehouse our preference is you pre-order through our website and select “Collect from Roseville Warehouse” as the shipping option on checkout.

Part #2631 **$47.00**

Florist shear designed to provide precision cuts for flowers, plants & small branches. High grade fluorine treatment on the blades prevent resin from sticking. The serrated blade enables precision cuts without slipping along the stem. Lightweight, durable non-slip grips. Length - 195mm, Blade length 50mm. Weight - 145g. Made in Japan. Chikamasa model JP-2000FBK.

Chikamasa Florist Secateurs

Part #2632 **$47.00**

Florist pruner designed to provide florists with precision and accuracy in their work. High grade fluorine treatment on the blades prevent resin from sticking. The size and light weight make it ideal for precise trimming and cutting of flowers., Durable non-slip grips. Length - 190mm. Weight - 140g. Made in Japan. Chikamasa model JP-3000FBK.

Chikamasa Flower Scissor

Part #2629 **$37.00**

Professional flower arranging scissor featuring high grade fluorine process on the stainless steel blades to prevent resin from fresh flowers sticking, allowing the blades to open and close smoothly. Length - 160mm, Blade length 45mm. Weight - 50g. Made in Japan. Chikamasa model CRI-360SFBK.

Chikamasa Flower Shear

Part #2630 **$47.00**

Professional floristry shears made for cutting multiple stems of a bouquet with one cut. Blades are fluorine coated to stop sap from sticking on the blades. Ergonomic handles and grips. Sap groove in blades stops them from gumming up. Length - 170mm, Blade length 47mm. Weight - 120g. Made in Japan. Chikamasa model MF-8000.

Barnel B3200 Scissor

Part #484 **$24.00**

15cm long stainless steel scissors with 40mm blade for grape picking, bonsai etc. 1cm serration at base of blade. Includes plastic blade cover. Weight 52g.

Barnel B3200T Scissor

Part #485 **$24.00**

15cm long stainless steel scissors with 40mm titled blade for grape picking, bonsai etc. 1cm serration at base of blade. Includes plastic blade cover. Weight 52g.

Chikamasa T-55C Picking Snip

Part #2219 1-9 **$23.00**
10+ **$20.70**

Picking and trimming snips suitable for grape harvesting, flower & fruit picking & light trimming. High quality carbon steel blades, steel plate grip with PVC non-slip coating. Length 190mm, Blade length 55mm. Weight 114g. Made in Japan.

#2263 - Chikamasa T55C Spring **$2.50**

Chikamasa T-55SC Snip

Part #2628 1-9 **$25.00**
10+ **$22.50**

Picking and trimming snips suitable for grape harvesting, flower & fruit picking & light trimming. High quality stainless steel blades, steel plate grip with PVC non-slip coating. Length 190mm, Blade length 55mm. Weight 116g. Made in Japan.

#2263 - Chikamasa T55SC Spring **$2.50**

Ryset Picking Snip

Part #529 1-9 **$11.00**
10-99 **$9.90**
100+ **$8.80**

Picking and trimming snips suitable for grape harvesting, flower and fruit picking and light trimming. Hardened steel blades, soft spring and ergonomic handles. Length - 190mm, Blade length 45mm. Weight - 110g.

#2620 - Replacement Spring **$3.00**

Barnel A3000 Snip

Part #615 1-9 **$21.00**
10-99 **$19.00**
100+ **$17.00**

190mm pointed carbon steel snip for fruit & flowers. Cuts up to 7mm dia stems. Aluminium alloy handles. Precision ground blades / unique centre lock. Soft grips for comfort. 120g.

#711 - Replacement Spring **$3.00**

Barnel A3001S Snip

Part #482 1-9 **$22.00**
10-99 **$20.00**
100+ **$18.00**

190mm pointed stainless steel snip for fruit & flowers. Cuts up to 7mm dia stems. Aluminium alloy handles. Precision ground blades / unique centre lock. Soft grips for comfort. 120g.

#711 - Replacement Spring **$3.00**

Barnel A3002SC Snip

Part #483 1-9 **$21.00**
10-99 **$19.00**
100+ **$17.00**

190mm pointed curved stainless steel snip for fruit & flowers. Cuts up to 7mm dia stems. Aluminium alloy handles. Precision ground blades / unique centre lock. Soft grips for comfort. 120g.

#711 - Replacement Spring **$3.00**

Barnel V3100SC Snip

Part #1911 1-9 **$19.00**
10-99 **$17.10**
100+ **$16.00**

170mm curved blunt nose fruit secateur / picker for fruit & flowers. 30mm long curved blunt nose stainless steel blade cuts up to 7mm dia stems. Steel handles with soft PVC grips. Precision ground blades. 110g.

Barnel A3001SL Snip

Part #2047 1-9 **$22.00**
10-99 **$20.00**
100+ **$18.00**

210mm pointed stainless steel long needle nose fruit snip/ picker for fruit & flowers. 65mm blade cuts up to 7mm dia stems. Aluminium alloy handles. Precision ground blades / unique centre lock. Soft grips for comfort. 120g.

#711 - Replacement Spring **$3.00**

Barnel BP3001S Shear

Part #188 **$18.00**

15cm straight shear for fruit & flower picking. 4.5cm stainless steel blade, ergonomic palm contour fit handles with thumb/finger ring and centre slide lock. 93g.

#772 - BP Replacement Spring **$2.00**

Barnel BP3600S Shear

Part #187 **$18.00**

15cm curved sabre tip shear for fruit & flower picking. 5cm stainless steel blade, ergonomic palm contour fit handles with thumb/finger ring and centre slide lock. 93g.

#772 - BP Replacement Spring **$2.00**

Felco 300 Picking Snip

Part #822 **$37.00**

Picking and trimming shears suitable for grape harvesting, flower and fruit picking and light trimming. Stainless steel blades, soft spring and ergonomic handles. Length - 200mm, 120g.

#712 - Spring (310/11) **$3.00**

Field Grafting Tool

Part #946 **$92.00**

Easy to use grafting pliers with both V slot and omega shaped blade. Simply place the scion on the anvil and the pliers cut a perfect "V". Repeat on the rootstock and join. Cuts up to 14mm diameter rootstock & inc chip budding attachment. Includes bud, omega & slot blades. Made in Italy.

#985 - Bud Blade	$11.00
#986 - Omega Blade	$11.00
#987 - Slot Blade	$11.00
#1105 - Plastic Anvil	$5.00

Arti-Tec Complete Grafting Kit

Part #2461 **$190.00**

Complete grafting kit in a handy carry case. Contains a hand grafting tool with 4 types of blades: Budding, Omega, V Notch and Whip&Tongue, and a top grafting tool for placing the female slot onto a larger diameter branch (with 2 types of blades: Interlocking Grafting and Omega Grafting for grafting on plants up to 45mm). Also includes a 200g gram jar of Mastic for protecting the plants after cutting and a 19mm x 5m roll of degradable grafting tape. Made in Italy.

Rubber Budding Strips

Part #1998 **$90.00**

Compounded 20 gauge rubber strips for grafting and budding. Provides even pressure over entire bound area. Ozone-degradable, deteriorates in 2-3 weeks. Approx 450 pieces. Strip size approx 200mm long x 10mm wide.

Bud Clips

Part #2206 **$30.00**

Aluminium Bud Clips support straight initial growth after tree budding, eliminating the crook at the bottom of the tree. Fast and easy to install. Reusable and made of durable aluminium so will last for years without rusting or breaking. Sold in packs of 100.

PVC Grafting Tape

Part #943	12mm	1-9	$5.00
		10-99	$4.50
		100+	$4.00
Part #2236	19mm	1-9	$6.50
		10-99	$5.90
		100+	$5.30
Part #944	25mm	1-9	$8.00
		10-99	$7.20
		100+	$6.60

12mm, 19mm or 25mm wide grafting/budding tape. Translucent PVC tape with high elasticity and excellent memory. Embossed finish. Ideal for binding together grafts and buds. Roll length 50m.

Parafilm Grafting Tape

Part #2204	12mm	1-9	$10.00
		10+	$9.00
Part #2205	25mm	1-9	$19.00
		10+	$17.10

Parafilm grafting/budding tape in 12.5mm and 25mm widths. Securely holds plants and shrubs together until union and/or budding takes place. Prevents plants/buds from drying out with strong moisture protection and holds a durable self-adhesive seal. Allows gases such as oxygen and carbon dioxide to easily pass through. Allows for reduced costs by using less wrap with more than 200% stretch of original length. Roll length 27m.

Buddy Grafting Tape

Part #945	Perforated	$102.00
Part #2222	Non-Perforated	$102.00

25mm wide synthetic rubber grafting and budding film (now 60m rolls). Exceptionally high stretch (up to 8 times), self adhesive, bio-degradable and self bursting and does not need tying or removal. Available as a perforated roll in 70mm lengths (each piece is sufficient for 1 graft) or as an non-perforated continuous roll.

Gashell Grafting Wax

Part #947 **$48.00**

Swiss made grafting wax for sealing grafts or tree wounds. Provides a firmly adhering, air tight and water tight covering, which can be freshly applied at any time. Will not drip in hot weather or develop cracks in frosty weather. 454g block.

Fonte Verde Grafting Mastic

Part #2663 **$16.00**

Waterproof sealing medium for horticultural purposes. Suitable for sealing grafts, treating tree wounds and root grafting of nursery trees. 200g jar..

ATCS Tree Wound Sealant 0.5L

Part #2664 **$45.00**

White acrylic based tree wound dressing/ sealant. Thick acrylic paint with excellent sealing properties. For the protection of wounds & cuts on all types of trees, shrubs, bonsai and vines, plus all forms of grafting. 500mL can. Made in Australia.

ATCS Tree Wound Sealant 2L

Part #2665 **$110.00**

White acrylic based tree wound dressing/ sealant. Thick acrylic paint with excellent sealing properties. For the protection of wounds & cuts on all types of trees, shrubs, bonsai and vines, plus all forms of grafting. 2L tub. Made in Australia.

Bird Scarers & Testing

Vinetech Bird Scarer w/Timer

Part #2735 **$1975.00**

The Vinetech bird scarer is an LPG gas gun featuring an electronic control system which allows control over the number and timing of shots.

The unit can be set to single, double, triple or random shots per firing sequence. The delay range can then be set between firing sequences, (between 4 & 70 shots per hour) with the timing between each firing randomly allocated. For example 6 shots per hour will vary between 2 minute & 20 minute intervals, averaging every 10 minutes.

A digital timer is fitted to the control board which provides 7 day, 24 hour control, with up to 6 programs per day. Allows you to turn the unit on at night, or turn it off at sensitive times of the day.

Designed for use with a 9kg gas bottle (not supplied), suspended from the centre of the tripod which stabilises the whole unit. Tripod legs fold to enable to unit to be easily moved without having to remove the legs which are also adjustable for height.

The two meter high rotation tripod is critical in ensuring efficient 360 degree sound distribution.

Covers 2-4 ha, at least 2-3 times the coverage of a ground based unit.

Made in Australia. 2 year warranty.

Refractometer 0-32% Brix

Part #1133 **$90.00**

Handheld refractometer for measuring the amount of dissolved solids in fruits and vegetables - particularly useful for sugar levels in grapes. 0-32% Brix measurement range with 0.2% accuracy. Automatic temperature compensation for 10-30 deg C. Thumb screw for easy calibration. Includes padded carry case and instructions.

Insect Trap

Part #2133 **$12.00**

Natural non-toxic insect trap for control of Citrus Gall Wasp, Fruit Fly, White Fly & Aphids. Attracts pests to the trap & the sticky surface permanently traps them. Simply hangs on branches. Effective for 3-4 months from first use or until full of insects.

Guardian Bird Scarer w/Timer

Part #2736 **$1025.00**

The Guardian bird scarer is a mechanically operated LPG gas cannon which creates single shot explosions to scare birds, kangaroos and other animals.

The machine activates with a piezo-electric electronic system; the rest of the machine is mechanical, which makes it highly reliable and minimizes possible faults or problems.

The explosions can be programmed to go off regularly, from every minute to every half hour, and the volume of the explosions can also be adjusted using the telescopic canon, within a range of 80 to 120 decibels. The Guardian bird scarer is fitted with a 24 hour stop-start timer.

The area the Guardian bird scarer can protect is 3 to 4 hectares, depending on the type of crop and the terrain.

The entire machine is zinc-plated so that it can withstand bad weather conditions.

Requires a LPG gas bottle to operate (not supplied). Made in Spain.

Soil Thermometer

Part #2322 **$13.00**

Used to easily monitor and measure the temperature of soil and potting mix. Probe is made from 304 stainless steel with aluminium head. 0-30 Deg C temperature range with easy reading dial. Temperature measurement is taken at the tip of the probe. Temperature accuracy: ± 2 Deg C, total length 16cm.

Compost Thermometer

Part #2323 **$30.00**

Used to easily monitor and measure the temperature of compost heaps. Probe is made from 304 stainless steel with aluminium head.
10-76 Deg C temperature range with easy reading dial. Temperature measurement is taken at the tip of the probe. Temperature accuracy: ± 2 Deg C, total length 50cm.

Sieve Set

Part #2089 **$240.00**

Set of 6 six interlocking sieves with plastic frames and graduated stainless steel wire screens, a solid container at the bottom, and snap-on lid. Each sieve is 170mm diameter by 75mm high. Mesh sizes 4mm, 2mm, 0.5mm, 0.25mm, 0.125mm, 0.063mm.

NASTEK Plant Stress Glasses

Part #2673 **$98.00**

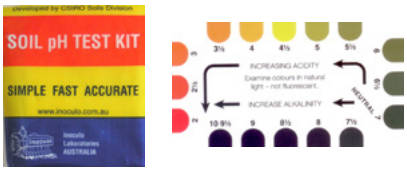
NASTEK Plant Stress Detection Glasses allow you to see plant and turf stress 2 to 10 days before it is visible to the naked eye! Utilizing technology developed by NASA scientists, the polycarbonate lens blocks out the green spectrum reflected from chlorophyll found in healthy vegetation by making it appear black or grey. Plants and turf impacted by drought, disease, or poor nutrition appear as glowing red, coral, or pink. Snap-in lens system allows you to exchange the plant stress detection lens for the included flame copper sun protection lens (400 nanometer UV A-B-C). Soft case included.

Kelway Soil pH/Moisture Meter

Part #87 **$250.00**

Direct reading, accurate and rugged meter for testing soil acidity (pH) and soil moisture content (% relative saturation). Operates on the principle of electrical potential between two dissimilar metal plates - without batteries or any external power source. When inserted into moist soil the HB-2 registers degree of acidity on the upper scale. The lower scale shows degree of moisture (% saturation) when the switch button is held down. Size 16cmx5cmx5cm , weight 150g. Includes carry case & instructions. High quality professional unit, made in Japan.

#242 Kelway Cleaning Film 10 Pack **$12.00**



Soil pH Test Kit

Part #590 **$29.00**

Australian made, CSIRO developed soil pH test kit. Simple three stage process: mix soil sample with universal pH indicator and dust with white Barium Sulphate powder, compare with colour chart provided and read off pH. Accurate to 0.5pH. Can perform up to 100 soil pH tests with kit supplied.

Plastic Soil Sieve

Part #2324 **$18.00**

Plastic garden sieve enables a more evenly graded soil for potting and planting. Made from strong polypropylene. Large 395mm diameter. Made in Melbourne.

Lisam TL37 Electric Pruner

Part #2528 **$815**

Lisam TL37 light weight battery pruning shear featuring powerful 37mm maximum cutting capacity. Battery inserts in back of handpiece resulting in a fully self contained pruning shear.

Handpiece weight is 750g (without battery) and 1090g including battery. Two batteries included with up to 5 hours of pruning per battery (16.5V/4.5Ah). Recharge time is 140 minutes.

Package includes pruner, 2 batteries, charger, sharpening stone, lubricant oil, adjustment tool and holster all contained in a hard carry case. 12 months warranty.

#2593 - Lisam TL37 Blade	**$55.00**	#2595 - Lisam TL37 Centre Bolt	**$45.00**
#2594 - Lisam TL37 C/Blade	**$65.00**	#2592 - Lisam TL37 Battery	**$145.00**

Felco 834V Electric Pruner (vine)

Part #2763 **$1750**

Introducing the Felco 834V Electric Pruning Shear, designed for effortless cutting. This powerful tool comes with two long-lasting 14.4 V batteries, ensuring you stay productive. Lightweight and easy to use, the Felco 834V is perfect for professionals, delivering exceptional durability and sharpness for efficient, long-lasting performance.

The Felco 834V features the new F-GOLD blade, with anti-corrosion gold coating for unmatched cutting performance, less friction and ease of cleaning. Maximum cutting capacity of 30mm.

The ergonomic handpiece features an LED display with an easy-to-read screen for monitoring status and performance of the handpiece. A built-in LED light at the front of the handpiece provides enhanced visibility in low-light conditions, ensuring precision and safety.

The Advanced Cut Prevention System provides maximum safety and convenience, which is easy to use and requires no calibration. Simply wear the conductive gloves provided and the electronic safety system operates to disable the unit if it detects any contact with the pruning head.

The Felco 834V can be used with the battery connected to the rear of the handpiece (total handpiece weight 980g) or the battery can be connected via the supplied extension cable, which reduces the handpiece weight to 630g.

Warranty 2 years plus an additional year if the unit is registered online. Made in Switzerland.

#2765 - Felco 834V/1 Blade	**$100.00**	#2766 - Felco 834V/2 C/Blade	**$75.00**

Includes Felco 834V handpiece, 2x 14.4V, 3.0Ah batteries, providing up to 12 hours of pruning, Charger, 1 pair of conductive gloves Felco 707, Extension cable (1.5m), Felco 903 sharpener, Grease pump & biodegradable grease, Torx screwdriver, Holster kit with belt & battery pouch, User Guide and Quick Start Guide.

Felco 834W Electric Pruner (wood)

Part #2764 **$1750**

Introducing the Felco 834W, a robust electric pruning shear engineered for effortless branch cutting. Equipped with two interchangeable 14.4V high-capacity batteries, this tool ensures uninterrupted work - while one battery powers the shear, the other stands ready as a backup. This innovative system allows arborists and landscaping professionals to tackle extensive pruning jobs without productivity-killing downtime. The Felco 834W's powerful cutting action makes quick work of thick branches, setting a new standard in tree care and garden maintenance with its professional-grade efficiency and clever battery management.

The Felco 834W features the new F-GOLD blade, with anti-corrosion gold coating for unmatched cutting performance, less friction and ease of cleaning. Maximum cutting capacity of 30mm.

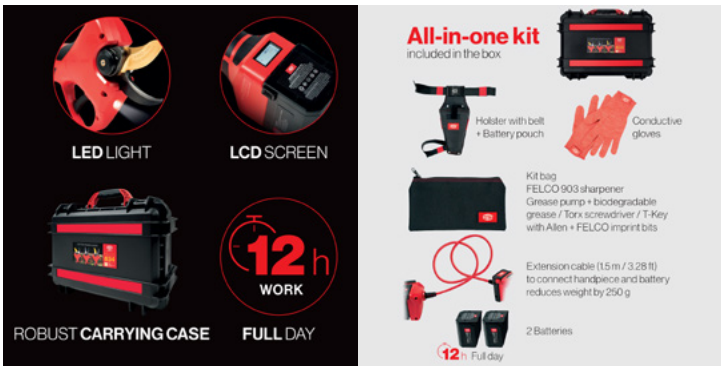
The ergonomic handpiece features an LED display with an easy-to-read screen for monitoring status and performance of the handpiece. A built-in LED light at the front of the handpiece provides enhanced visibility in low-light conditions, ensuring precision and safety.

The Advanced Cut Prevention System provides maximum safety and convenience, which is easy to use and requires no calibration. Simply wear the conductive gloves provided and the electronic safety system operates to disable the unit if it detects any contact with the pruning head.

The Felco 834W can be used with the battery connected to the rear of the handpiece (total handpiece weight 980g) or the battery can be connected via the supplied extension cable, which reduces the handpiece weight to 630g.

Warranty 2 years plus an additional year if the unit is registered online. Made in Switzerland.

#2767 - Felco 834W/1 Blade	**$100.00**	#2768 - Felco 834W/2 C/Blade	**$75.00**



Includes Felco 834W handpiece, 2x 14.4V, 3.0Ah batteries, providing up to 12 hours of pruning, Charger, 1 pair of conductive gloves Felco 707, Extension cable (1.5m), Felco 903 sharpener, Grease pump & biodegradable grease, Torx screwdriver, Holster kit with belt & battery pouch, User Guide and Quick Start Guide.

Felco 802 Electronic Pruner

Part #2259 **$2600**

The lightweight FELCO 802 electric pruning shears deliver performance that makes quick work of intense of pruning jobs

Ergonomic, compact design provides a comfortable grip that makes the tool exceptionally well-balanced in your hand

Includes the FELCO 882-NP Power Pack that holds the electronic board, battery and can be worn in 5 different positions for comfort and flexibility

FELCO XPRO Blade made from HSS (high speed steel) with a unique design ensures a long-lasting cutting edge & extended life

FELCO counter blade in hardened steel using unique FELCO know-how

On/off control conveniently located at base of the tool directly on the power cord

Semi-opening mode with multiple positions, modifiable via the FELCO application for smart phone and tablets

Pruning statistics available via the FELCO application for smart phone and tablets

Soft touch, slip reducing outer covers made from phthalate free material

Progressive trigger operation

Easy blade crossing adjustment using the trigger

Made in Switzerland using 100% renewable energy

#2261 - Felco 802 XPRO Blade **$114.00**
#2262 - Felco 802 Standard Blade **$91.00**
#2262 - Felco 882/17 Cable **$270.00**
The above blades are also compatible with Felco 801 and Felco 800 pruners

Parts for older Felco models:
#1426 - Felco 880/17 Cable **$215.00**
Suits Felco 801 and Felco 820

Please contact us for other parts

Specifications

Maximum cutting capacity: 30mm
Pruning shear length: 265mm
Weight of hand piece: 750g
Charging time: 2 hours
Warranty:
- Battery, charger & powerpack - 2 years
- Handpiece - 3 years

Felco 822 Electronic Pruner

Part #2260 **$3050**

The cutting power of the FELCO 822 electric pruning shears deliver performance that makes quick work of the toughest pruning jobs

The ergonomic design provides a comfortable grip that makes the tool exceptionally well-balanced in your hand

The included FELCO 882 Power Pack is lightweight, compact and ergonomic, it holds the electronic board and battery, and can be comfortably worn in up to 5 different positions to fit all body types

The FELCO application on your smart phone or tablet displays key tool data such as: battery power level, number and size of cuts made, and allows you to customize tool settings to optimise your working efficiency

The on/off switch is conveniently located at the tool base on the power cord for easy access

Comfortable and safe operation with the soft touch, non-slip, phthalate-free handpiece covers

The semi-opening operating mode allows you to cut faster which saves you precious time and battery life while pruning branches with smaller diameters

Maintenance of the cutting head is simple. Lubricate the recess between the blade and the counter blade via the grease bolt using the supplied grease pump, eliminating the need to take the cutting head apart

The electronic blade adjustment system ensures ideal blade crossing to get the most out of your blade life

A high-efficiency brushless motor gives you exceptional cutting speed so you can be confident regardless of the number of pruning tasks that lie ahead

Made in Switzerland using 100% renewable energy

#2263 - Felco 822 XPRO Blade **$162.00**
#1407 - Felco 822 Standard Blade **$126.00**
#2262 - Felco 882/17 Cable **$270.00**
These blades also work on the Felco 820

Parts for Felco 820:
#1426 - Felco 880/17 Cable **$215.00**

Specifications

Maximum cutting capacity: 45mm
Weight of hand piece: 980g
Pruning shear length: 295mm
Charging time: 2 hours
Warranty:
- Battery, charger & powerpack - 2 years
- Handpiece - 3 years

Electrocoup F3020 Electronic Pruner

Part #2436 F3020 with standard blade **$2790**

Part #2437 F3020 with medium blade **$2830**

The F3020 electric pruning shear is the worthy heir to the F3015. After over 6 years of research, tests and fine-tuning, INFACO is proud to present its latest model of pruning shears. A genuine concentrate of technology, the F3020 builds on the highly respected F3015 technical base adding many improvements to allow our clients to continue using the best tool available on the market.

Even more effective than the F3015, the F3020 has higher cutting speeds and improved work comfort. Lighter, more compact and easier to handle than the previous generations.

The F3020 is now fitted with the DSES Wireless safety feature as standard.

Loaded with technological advances, the pruning shear can now be "connected" using an optional Bluetooth® box. This new system makes it possible to report highly relevant data in order to achieve ever more effective pruning work. This connectivity option, combined with the new INFACO® application provides the possibility of making a multitude of adjustments directly from a smartphone (adjustable blade opening management, blade crossing, new Soft mode speed configuration, etc.) but also offers advanced reading and analysis of the data collected during the device's use.

Made in France

F3020 Standard (40mm) parts:

#2442 - F3020 Blade	**$72.00**
#2443 - F3020 Blade-Titanium	**$82.00**
#2550 - F3020 Counter Blade	**$94.00**

F3020 Medium (45mm) parts:

#2446 - F3020 Blade	**$85.00**
#2447 - F3020 Blade-Titanium	**$107.00**
#2551 - F3020 Counter Blade	**$98.00**

#2448 - F3020 Straight Cable	**$92.00**
#2476 - F3020 Helix Cable	**$92.00**
#2470 - F3020 Maxi Head Kit	**$420.00**
#2507 - F3020 1.37m Ext Pole	**$440.00**
#2508 - F3020 1.4-2.1m Pole	**$610.00**
#2509 - F3020 1.6-2.2m Bl Pole	**$780.00**
#2510 - F3020 2.47-4m Bl Pole	**$990.00**

Specifications

Weight of handpiece: 708g (40mm) / 835g (45mm)

Weight of battery only: 698g

Weight of battery cable: 150g

Maximum blade opening: 60mm

Maximum cutting capacity: 40mm (standard blade), 45mm (medium blade), 55mm (maxi blade)

Pulse/progressive and half aperture cutting modes

Battery voltage: 36V

Battery pack autonomy: 8 hours

Charging time: 2h

Aluminium body is covered by a lifetime warranty

Manufacturing warranty: 12 months (24 months if annual maintenance service is undertaken at the end of year 1) - motor and gearbox 3 years

Infaco AT1000 Tying Machine

Part #2769 **$1830**

The Infaco AT1000 is a reliable and fast electric tying machine, making tying tasks effortless. It accommodates various types of ties in viticulture: single or double Guyot, arcure, chablis, and trellising, among others. The AT1000 is 100% automatic. Quick and easy setup, requiring only 3 steps: Place the Infaco paper coated wire spool in the supplied waist dispenser; Thread the wire through the back of the AT1000; Press the trigger.

The wire advancement technology of the machine allows for the use of a static spool, with simple unwinding from the inside. The work is comfortable throughout the day, without any jerking due to wire unreeling. The setting of twists is possible and directly accessible on the machine's display screen. The 'settings' button allows you to achieve the desired level on a scale from 1 to 4, equivalent to knots between 2 twists. The knot's strength depends on the number of twists and adapts to the tying environment : weather conditions, wood types, and pruning techniques.

The Infaco wire spool has a capacity of at least 3000 ties, thanks to its 400 meters of wire. Yet, it's compact! It fits into the dispenser, attached to the belt. The pouch, also on the belt, allows you to carry a second spool with you. In total, that's 800 meters of wire at the professional's fingertips, equivalent to at least 6000 ties made.

The tying tool's battery (10.8 V) promises approximately 8000 ties on a single charge. It attaches and detaches easily, with a full charging time of only 3 hours. 1 hour is sufficient to reach half the charge.

#2770 - AT1000 Paper Coated Steel Wire Roll **$20.00**

Max HT-R45C Tapener Gun

Part #2075 **$95.00**

Light weight high speed single handed tape gun. New steel reinforced plastic covered hinge, improved cutting accuracy, easier tape setting, fixed pusher unit & reduced required stapling force. By simply squeezing the handle, the tape gun wraps tape around the stem, then cuts the tape & staples it securely in one action. Ideal for staking plants, training vines & fruit trees. Uses Max 15um, 25um, Bio or Paper tape. Does not include tape or staples.

Max HT-R24C Tapener Gun

Part #2606 **$95.00**

Narrow jaw version of the HT-R45C for binding up to 24mm diameter. Slimmer model can reach narrow applications such as flowers and vegetables. 50% less handing effort and 20% lighter weight compared to the HT-R45C. Uses Max 15um, 25um, Bio or Paper tape. Does not include tape or staples.

Max HT-R45L Large Spool Gun

Part #2079 **$95.00**

New lighter weight high speed single handed tape gun for dispensing, stapling and cutting tape, with new steel reinforced plastic covered hinge, improved cutting accuracy, easier to set the tape, fixed pusher unit and reduced required stapling force. Ideal for staking plants, training vines and fruit trees. Large spool model takes 15um 11mm x 68m large spool rolls only (supplied in a pack of 10). Does not include tape or staples.

Max Large Spool Tapener Tape

Part #1666 10 rolls **$42.00**

Max large spool tape suitable for Max Large Spool tapener gun. This tape does not suit the standard Max or Sono tapener guns. 15um x 11mm wide x 68m long rolls. Bag of 10 rolls.

Max 15um Tapener Tape

Part #1270 Box of 10 rolls **$22.00**

Max tape suitable for Max or Sono tapener guns. 15um thickness tape, each roll is 11mm wide x 26m long. Box of 10 rolls (price per box).

Max 25um Tapener Tape

Part #1271 Box of 10 rolls **$22.00**

Max tape suitable for Max or Sono tapener guns. 25um thickness tape, each roll is 11mm wide x 16m long. Box of 10 rolls (price per box).

Max 10um Tapener Tape

Part #2728 Box of 10 rolls **$22.00**

Max tape suitable for Max or Sono tapener guns. 10um thickness tape, each roll is 11mm wide x 40m long. Box of 10 rolls (price per box).

Max Bio 200-L Tapener Tape

Part #2293 Box of 10 rolls **$25.00**

Biodegradable photolysis 20um tape which gradually increases in strength when exposed to sunlight for the first 5-10 months & decomposes with sunlight after that period. Each roll is 11mm wide x 19m long. Box of 10 rolls (price per box).

Max P13W Paper Tapener Tape

Part #2605 Box of 10 rolls **$30.00**

100% compostable paper. Will last for more than 8 months and then decompose within 3 months after falling to the ground. 13um thickness, each roll is 11mm wide x 34m long. Box of 10 rolls.

Max Economy Tapener Tape

Part #2524 20 rolls **$28.00**

Max economy tape suitable for Max or Sono tapener guns. 15um thickness (11mm wide x 26m rolls). Supplied as a bundle of 20 rolls. Stiffer tape than normal Max tape, better suited to warm weather.

Bovi Tapener Tape

Part #1273 15um (10 rolls) **$17.00**

Part #1274 25um (10 rolls) **$17.00**

Bovi tape suitable for Max or Sono tapener guns. Available in 15um thickness (11mm wide x 26m rolls) & 25um thickness (11mm wide x 16m rolls). Supplied as a box of 10 rolls (price is per box).

Max Tapener Staples

Part #1277 **$8.00**

Max staples suitable for use in Max and Sono tapener guns (not HT-S45E Strong Bind Gun). 604E-L staples - crown width 6mm, leg length 4mm. Supplied in a box of 4800.

Max HT-R Blades

Part #2076 **$11.00**

Replacement pack of two blades for the Max HT-R1, HT-R2, HT-R45C, HT-R24C and HT-R45L tapener guns.

Max HT-S45E Strong Bind Gun

Part #2311 **$165.00**

Stronger bind version of the Max tapener gun, producing 2.5-4 times the pull apart force of normal tapener tape binding. Larger jaw enables binds up to 45mm diameter. Perfect for grape vine, pear, apple, kiwi fruit and tree binding where a greater hold is required. NOTE: THIS TAPENER GUN REQUIRES THE USE OF MAX T32B TAPE AND 404F-L STAPLES (SOLD SEPARATELY). YOU CANNOT USE STANDARD TAPE OR STAPLES WITH THIS GUN.

#2313 - Max Strong Bind Tape T32B (x10) **$36.00**
#2312 - Max Strong Bind Staples 404F-L **$8.00**

Sono Tying Tool

Part #1281 **$30.00**

One hand wire tying tool for securing vines to trellis wires etc. Double operation twist, then cut. Uses Ecofil paper coated wire.

Ecofil Paper Coated Wire

Part #1282 **$10.00**

Ecofil paper coated wire, 200m rolls x 0.4mm diameter for Sono Tying Tool. Price is per roll.

Paper Coated Tie Wire 120mm

Part #2659 **$5.00**

120mm long x 4mm wide x 0.4mm thick paper coated tie wires. Ideal for vines, vegetables, climbers etc. Eco friendly alternative to cable ties or other plastic ties. Supplied in a bundle of 1000.

Paper Coated Tie Wire 150mm

Part #2660 **$6.00**

150mm long x 4mm wide x 0.4mm thick paper coated tie wires. Ideal for vines, vegetables, climbers etc. Eco friendly alternative to cable ties or other plastic ties. Supplied in a bundle of 1000.

Paper Wrapped Tie Wire

Part #2661 **$7.00**

150mm long x 0.4mm wire x 3mm wrapped paper tie wires. Ideal for vines, vegetables, climbers etc. Eco friendly alternative to cable ties or other plastic ties. Supplied in a bundle of 1000.

Jute Webbing

Part #1375 **$15.00**

Strong but soft biodegradeable jute webbing for staking trees. 50mm wide x 33m long rolls.

Easi-Ties

Part #1559 Small (500) **$42.00**

Budtec 70mm Vine Tie

Part #2616 Bag (1000) **$42.00**

Part #2729 Box (5000) **$190.00**

Premium Australian made 70mm trellis ties for the vineyard, orchard, nursery & berry industries. Soft, flexible strap secures firmly to 2.6mm trellis wire. Made from UV stabilised polypropylene, these ties are engineered to deliver unparalleled strength & durability, ensuring a long & reliable lifespan in demanding horticultural applications.

Budtec 100mm Trellis Tie

Part #2617 Bag (1000) **$47.00**

Part #2730 Box (6000) **$265.00**

Premium Australian made 100mm trellis ties for the vineyard, orchard, nursery & berry industries. Soft, flexible strap secures firmly to 2.6mm trellis wire. Made from UV stabilised polypropylene, these ties are engineered to deliver unparalleled strength & durability, ensuring a long & reliable lifespan in demanding horticultural applications.

Budtec 200mm Orchard Tie

Part #2618 Bag (500) **$84.00**

Premium Australian made 200mm trellis ties for the vineyard, orchard, nursery and berry industries. Soft, flexible strap secures firmly to 2.6mm trellis wire. Crafted from UV stabilised polypropylene, these ties are engineered to deliver unparalleled strength and durability, ensuring a long and reliable lifespan even in demanding horticultural applications. Supplied in a bag of 500.

Aluminium Narrow Trowel

Part #1575 **$19.00**

High quality tough Australian made aluminium narrow trowel, with an ergonomic handle design for comfort with minimum fatigue. Made in a Sydney foundry using marine grade aluminium alloy. Weight 210g, total length 280mm.

Aluminium Wide Trowel

Part #1576 **$19.00**

High quality tough Australian made aluminium wide trowel, with an ergonomic handle design for comfort with minimum fatigue. Made in a Sydney foundry using marine grade aluminium alloy. Weight 230g, total length 280mm.

Aluminium Hand Fork

Part #1577 **$19.00**

High quality tough Australian made aluminium hand fork, with an ergonomic handle design for comfort with minimum fatigue. Made in a Sydney foundry using marine grade aluminium alloy. Weight 260g, total length 260mm.

Aluminium Cultivator

Part #1578 **$19.00**

High quality tough Australian made aluminium cultivator, with an ergonomic handle design for comfort with minimum fatigue. Made in a Sydney foundry using marine grade aluminium alloy. Weight 260g, total length 260mm.

Barnel B6300 Trowel

Part #587 **$17.00**

Aluminium trowel – light but strong. Blade size 140x75mm, total length 30cm, weight 200g. Rubber handle.

Barnel B6301 Transplanter

Part #12 **$17.00**

Aluminium transplanter – light but strong. Blade size 140x50mm, total length 30cm, weight 165g. Rubber handle. Depth graduations on blade.

Barnel B6002 Cultivator

Part #588 **$17.00**

Aluminium cultivator – light but strong. Fork size 90x75mm, total length 29cm, weight 240g. Rubber handle.

Felco 401 Gardening Trowel

Part #2641 **$66.00**

Garden trowel featuring forged boron steel head, polished and sharpened to perfection to make even the most difficult gardening jobs easy. Handle is made of sustainable FSC ash wood. Total length 330mm, weight 265g. Handmade in Holland.

Krumpholz Trowel

Part #2693 **$40.00**

Premium heavy duty trowel made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 34cm, handle length 14cm weight 240g. Trowel head is 16cm long x 7.5cm at the widest point. Krumpholz model 1480. Made in Germany.

Krumpholz Pot Trowel

Part #2692 **$40.00**

Premium heavy duty pot trowel made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 28cm, handle length 14cm weight 210g. Trowel head is 11cm long x 10cm at the widest point. Krumpholz model 1330. Made in Germany.

Krumpholz Long Trowel

Part #2689 **$55.00**

Premium heavy duty long handled garden trowel made by artisan blacksmiths featuring hand forged carbon steel head & Ash timber handle, Ideal for bush regen or gardening work. Total length 68cm, handle length 48cm weight 420g. Head is 16cm long x 7.5cm at the widest point. Krumpholz model 1488. Made in Germany.

Krumpholz 55cm Shrub Spade

Part #2691 **$78.00**

Premium heavy duty 55cm shrub spade made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 55cm, handle length 45cm weight 420g. Trowel head is 11cm long x 13cm at the widest point. Krumpholz model 1328. Made in Germany.

Krumpholz Mini Hand Fork

Part #2690 **$78.00**

Premium heavy duty long handled hand fork (a mini fork, not a full size fork) made by artisan blacksmiths featuring hand forged carbon steel fork head and Ash timber handle, Ideal for bush regen or gardening work. Total length 68cm, handle length 58cm weight 460g. Fork head is 17cm long x 11cm, with each tine being 1.5cm wide. Krumpholz model 1329. Made in Germany.

Krumpholz Planting Spade

Part #2771 **$116.00**

Premium heavy duty small planting spade made by artisan blacksmiths featuring hand forged carbon steel fork head and Ash timber handle. Total length 110cm. Blade is 20cm long, 15cm wide at top tapering to 10cm wide at the bottom. Foot treads are each 6.5cm wide. Weight 1.83kg. Supplied in two pieces with screw to attach head to shaft. Krumpholz model 1579. Made in Germany.

Stainless Garden Spade

Part #2243 **$65.00**

Gardening spade featuring a 220mm long x 140mm blade. Heat treated and polished stainless steel blade. FSC Ash hardwood handle. Weight 1.5kg, total length 95cm.

Stainless Garden Fork

Part #2244 **$65.00**

Four tyne fork 140mm wide x 240mm deep for garden use. Heat treated and polished stainless steel tynes. FSC Ash hardwood handle. Weight 1.4kg, total length 96cm.

Krumpholz Railway Pick

Part #2697 **$105.00**

Premium heavy duty Railway Pick made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, One side has a classic pick head and the other a narrow straight mattock head. Total length 95cm, weight 1.5kg. Total width of head 41cm, Pick 19cm long. Mattock end is 16cm long x 5cm wide at the blade. Krumpholz model 2081. Made in Germany.

Krumpholz Mini Pick/Hoe

Part #2688 **$50.00**

Premium heavy duty combination hand pick/hoe made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 40cm, weight 580g. Total width of head 22.5cm, Pick size 9cm long x 4cm at widest point, sharpened on both sides and to a point. Hoe end is 9cm long x 6cm wide. Krumpholz model 1203. Made in Germany.

Krumpholz Hoe/Fork 40cm

Part #2743 **$49.00**

Premium heavy duty combination hand fork/hoe made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 40cm, weight 530g. Hoe size 9cm long x 6cm wide. Fork prongs are each 9cm long, 10mm wide tapering to 5mm, with the two prongs 5 cm apart. Krumpholz model 1103. Made in Germany.

Krumpholz Hoe/Fork 80cm

Part #2744 **$60.00**

Premium heavy duty combination hand fork/hoe made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 80cm, weight 710g. Hoe size 9cm long x 6cm wide. Fork prongs are each 9cm long, 10mm wide tapering to 5mm, with the two prongs 5 cm apart. Krumpholz model 1104. Made in Germany.

Krumpholz Garden Hoe/Fork

Part #2745 **$55.00**

Premium heavy duty garden hoe/fork made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 40cm, weight 590g. Hoe size 11cm long x 7cm wide. Fork prongs are each 11cm long, 14mm wide tapering to 10mm, with the two prongs 6.5cm apart. Krumpholz model 1111. Made in Germany.

Krumpholz Hand Hoe 40cm

Part #2746 **$49.00**

Premium heavy duty garden hoe made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 40cm, weight 500g. Hoe head is 12cm long x 8cm wide. Krumpholz model 1121. Made in Germany.

Krumpholz Hand Hoe 80cm

Part #2747 **$60.00**

Premium heavy duty garden hoe made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for bush regen or gardening work. Total length 80cm, weight 700g. Hoe head is 12cm long x 8cm wide. Krumpholz model 1122. Made in Germany.

Krumpholz 5 Prong Hoe 40cm

Part #2748 **$51.00**

Premium heavy duty 5 prong hoe made by artisan blacksmiths featuring hand forged carbon steel head & Ash timber handle. Total length 40cm, weight 440g. Width 11.5cm, prong length 7.5cm. Krumpholz model 1154. Made in Germany.

Tree Popper

Part #1730 Small 2.5kg (<20mm)	**$350.00**
Part #1731 Medium 5kg (<40mm)	**$520.00**
Part #1732 Large 7.5kg (<60mm)	**$560.00**

Designed to instantly remove woody weeds by levering the plant out of the ground at the base of the stem. Easy to use:. - with the tread plate facing the operator, fill the jaw with the base of the plant stem (ie just above the soil surface). - pull the upper end of the lever and then push down to lift the plant out of the soil. Three sizes are available (max stem diameter shown above). Small is 1m high, medium 1.1m and large 1.44m. The largest size achieves 10x the user's weight in leverage. Easy to use and durable, it can be used by anyone. Made in South Africa.

Peter Levers

Part #2285 Small	**$64.00**
Part #2286 Large	**$75.00**

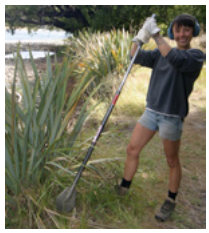
Multi-purpose gardening tool originally designed by Peter Whiley in 1986 for the bush regeneration industry. Used for a wide range of activities including bush regeneration, tree planting, weeding, bushland construction, landscape gardening and paving. Primarily manufactured from recycled materials. Two sizes available: Small: 1.4kg, 580mm total length with head size approx 150mm x 35mm; Large: 2.5kg, 920mm total length with head size approx 180mm x 70mm. Made in Australia.

Slammer Tool

Part #2573 6kg Slammer Tool	**$275.00**
Part #1973 9kg Slammer Tool	**$295.00**
Part #1974 Chisel Point Slammer	**$345.00**
Part #1976 Tile Slammer	**$345.00**

Chisel

Tile



Multi-purpose tool that is a combination of a crowbar, axe, spade, mattock/grubber all in one. It is a two part slide hammer. The Slammer Tool uses the downward force of the inner bar to slam the cutting blade through dense soil conditions, root systems associated with well-established plants and hard materials. The high impact bissaloy blade is sharpened on all faces. Can cut soil, roots, concrete and rock. The tapered top of the blade is designed to allow you to walk out the blade after you have driven it deep into the soil. The standard Slammer is the most versatile/general purpose, the Chisel Point Slammer is good for digging pilot holes, cutting concrete & splitting wood, and the Tile Slammer is great for lifting up tiles etc. Standard Slammer is available in 6kg and 9kg versions.

Pouches & Regen Kits

Bush Regen Kit 1

Part #1557 **$160.00**

Bush regeneration kit ready to go! Contains 3 Pocket Tool Pouch, belt, Barnel B175 pruners aluminium narrow trowel and Mundial 15cm knife.

Bush Regen Kit 2

Part #1558 **$208.00**

Bush regeneration kit ready to go! Contains 4 Pocket Tool Pouch, belt, Barnel B175 pruner, aluminium narrow trowel, Mundial 15cm knife and Barnel Z210 150mm folding saw.

Bush Regen Kit 3

Part #2354 **$315.00**

Bush regeneration kit ready to go! Contains 3 Pocket 2W Tool Pouch, belt, Felco 4 pruner, Nisaku Hori Hori and Silky Gomboy 210mm folding saw.

Bush Regen Kit 4

Part #1672 **$220.00**

Bush regeneration kit ready to go! Contains 4 Pocket Tool Pouch, belt, Barnel B175 pruner, aluminium narrow trowel, Mundial 15cm knife and Bahco 396-HP 190mm folding saw (cuts in both directions).

Herbicide Bottle

Part #1639 **$6.00 10+ $5.00 100+ $4.00**

125mL plastic herbicide bottle for bush regen work (bottle only - does not contain herbicide). Includes twist lid and standard cap (as shown in photo). Fits our single or double herbicide bottle holders. Bottle physical size (without cap): 125mm high x 42mm diameter.

Herbicide Pouch - PVC

Part #1532 **$21.00**

PVC herbicide pouch with velcro fastening. Suits small herbicide bottles up to 45mm diameter. Made in Australia.

Herbicide Pouch - Leather

Part #1533 **$27.00**

Leather herbicide pouch with velcro fastening. Suits small herbicide bottles up to 45mm diameter. Made in Australia.

Herbicide Pouch x2 - PVC

Part #1534 **$26.00**

2 bottle PVC herbicide pouch with velcro fastening. Suits two small herbicide bottles up to 45mm diameter each or use as first aid pouch. Made in Australia.

Herbicide Pouch x2 - Leather

Part #1535 **$35.00**

2 bottle leather herbicide pouch with velcro fastening. Suits two small herbicide bottles up to 45mm diameter each or use as first aid pouch. Made in Australia.

Leather Tradesman's Belt

Part #1517 **$39.00**

Heavy duty 25mm wide leather tradesman's belt to fit waist 68cm - 135cm (holes prepunched). Trim belt as required. This belt fits our tool and herbicide pouches. Made in Australia.

Barnel BTC2 Tool Belt

Part #617 **$70.00**

Heavy duty tool pruning belt. Includes pouch for pruners, loop for loppers/other pruning tools and pocket for accessories. Adjustable quick release waist belt.

Pro-Pruner Holster

Part #1106 **$52.00**

Heavy duty synthetic holster designed for carrying the Pro-Pruner loppers or Razorback loppers in their "folded" position. Adjustable waist band.

Barnel BLS007 Holster

Part #518 **$13.00**

Economy synthetic holster with belt/pants clip. Light weight, tough durable construction. Suitable for hand secateurs, pruners and Z180/Z210 folding saws. Length: 230 mm.

Barnel BLS914 Holster

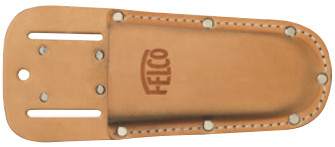
Part #57 **$28.00**

Heavy duty construction in USA saddle leather with double riveting/stitching and belt clip & loop. Suitable for hand secateurs, pruners and Z210 folding saw. Length: 230 mm.

Barnel BLS915 Holster

Part #419 **$35.00**

Heavy duty construction in USA saddle leather with double riveting/stitching and belt clip & loop. Suits Includes leather compartment for BSHARP sharpening stone. Length: 230 mm.



Felco 910 Holster

Part #59 **$46.00**

All leather holster for hand pruners. High quality stitching and robust steel rivet finishing. Includes belt loop and clip. Suitable for hand secateurs and pruners. Length: 230mm; Width: 90mm; Thickness: 25mm; Weight: 110g.

Felco 910+ Holster

Part #2210 **$48.00**

All leather holster for hand pruners plus includes a side pouch for storing a sharpener such as the Felco 903. High quality stitching and robust steel rivet finishing. Includes belt loop and clip. Suitable for hand secateurs and pruners. Length: 230mm; Width: 105mm; Thickness: 25mm; Weight: 120g.

Felco 911 Dual Holster

Part #2234 **$78.00**

Two pocket leather holster to hold two pairs of pruning shears or a pair of pruning shears and a folding saw. High-quality stitching and robust polished steel rivet finishing. Incorporates two different belt attachments, loop or clip. Holster dimensions: Length: 285mm; Width: 100mm; Thickness: 50mm. Weight 195g. Made in USA.

Felco 912 Holster

Part #2431 **$37.00**

All leather conical holster for hand pruners and snips. Includes belt loop and clip. Length: 150mm; Weight: 65g.

Felco 921 Dual Holster

Part #2188 **$86.00**

Genuine leather double holster with heavy duty rivet and reinforced seam construction. Pockets placed side by side to hold 2 tools. High quality stitching and robust steel rivet finishing. Easy belt attachment with integrated belt loop or clip. Length: 250mm; Width: 165mm; Thickness: 30mm; Weight: 215g. Made in USA.

Barnel BLS940 Holster

Part #1316 **$34.00**

All leather holster with belt clip and loop. Heavy duty construction in USA saddle leather with double riveting/stitching. Suitable for Barnel scissors, snips and other small, narrow tools. Includes leather compartment for BSHARP sharpening stone. Total length 25cm, holster internal length 16cm.

Folding Saw Holster

Part #1540 **$35.00**

Australian made leather folding saw holster. Suits Felco folding saws, Barnel Z130/Z210 folding saws and Silky Pocketboy/Gomboy folding saws.

Tool Pouch - 1 Pocket

Part #1518 **$34.00**

Single pocket leather tool / bush regeneration pouch. Pocket size: 100mm. Made in Australia.

Tool Pouch - 2 Pocket Wide

Part #1746 **$49.00**

2 pocket leather tool / bush regeneration pouch. 2 x 100mm pockets (suit pruner+saw). Overall size 210x220mm. Made in Australia.

Tool Pouch - 3 Pocket Wide

Part #1521 **$58.00**

3 pocket leather tool / bush regeneration pouch. 2 x 80mm and 1x 100mm pockets. Overall size 270x220mm. Made in Australia.

Tool Pouch - 3 Pocket 2 Wide

Part #1748 **$59.00**

3 pocket leather tool / bush regeneration pouch. 1 x 80mm and 2 x 100mm pockets (pruner/saw). Overall size 300x220mm. Made in Australia.

Tool Pouch - 4 Pocket Wide

Part #1523 **$63.00**

4 pocket leather tool / bush regeneration pouch. 2 x 80mm, 1 x 60mm & 1 x 100mm pockets. Overall size 330x220mm. Made in Australia.

Sharpeners, Lubricants & Accessories

Barnel BSHARP Sharpener

Part #316 **$28.00**

Diamond sharpener for secateurs, loppers, pruners knives etc. Combination coarse and fine: coarse on one side, fine on the other. Ergonomic handle permits easy operation.

Barnel BSHARPXL Sharpener

Part #1485 **$35.00**

Extra large multi-purpose diamond sharpener, suitable for sharpening a wide range of cutting tools. Combines coarse (41 micron) and fine (25 micron) diamond sharpeners in one tool. Ergonomic non-slip handle. Total length 26cm, sharpening surface length 14cm.

Dia-Sharp Sharpeners

Part #935 Fine **$24.00**

Part #936 Coarse **$24.00**

Fine and coarse diamond sharpeners for secateurs, loppers, hedge shears etc. Two styles: 45 micron diamond surface (Blue - Coarse) and 25 micron diamond surface (Red - Fine).Ideal for sharpening Pro-Pruner, Razorback Loppers & hedge shears. Made in USA.

Felco 902 Sharpener

Part #27 **$37.00**

100mm long medium & fine grained corundum sharpening stone. Easy to use, it keeps its shape, and is ideal for the sharpening of pruning shears.

Felco 903 Sharpener

Part #558 **$51.00**

110mm diamond coated sharpener on hardened steel base. Allows hardening of the blade's cutting edge through a manual burnishing operation.

Felco 905 Adjustment Tool

Part #2417 **$52.00**

This multifunctional tool (honing, sharpening and adjusting) allows for quick & easy maintenance of Felco right handed pruning shears & Felco bypass loppers. A few strokes with the standard 90° tungsten carbide sharpener helps maintain the cutting edge of the blades. For finer sharpening, a second carbide stone ensures perfectly sharp cutting edge. Two 7 mm and 8 mm wrenches allow for easy adjustment and tightening of screws.

Ryset Multi Sharpener

Part #2679 **$13.00**

Multi-sharpening tool featuring a tungsten carbide sharpening insert and oiler pad. Quickly and professionally sharpens all knives, scissors, secateurs, loppers and pruning knives. To use you simply run the edge of the insert along the bevelled edge of the blade to be sharpened, maintaining the angle of the bevel. Repeat 2-3 times. After sharpening remove the oiler from the end of the sharpener and rub over the blade to protect against rust.

Istor Standard Sharpener

Part #744 **$36.00**

Ideal for sharpening knives, secateurs, hedge shears, loppers. Easy to use, no pressure necessary, forms no burr on the blade, cutting edges remain sharper for longer, can be used by both right & left handed people. Total length 10cm, weight 24g. Suited to sharpening small knives and shears. Swiss-made.

Istor Professional Sharpener

Part #745 **$58.00**

Similar to the standard model above, but has a longer sharpening section than the standard model and includes a thumb guard to protect your thumb when sharpening long blades. Total length 14cm, weight 47g. Swiss-made.

Istor Duplex Sharpener

Part #751 **$115.00**

Combination diamond sharpener and Istor sharpening tool in one unit. Ideal for removing large chips in blades and final sharpening of loppers, secateurs, knives etc. Easy to use with no pressure necessary. Forms no burr on the blade and cutting edges remain sharper for longer. Can be used by both right and left handed people. Swiss-made.

Felco 980 Spray

Part #29 **$26.00**

Cleans, lubricates and protects against rust. Prevents sap and dust. Ideal for pruners, loppers and hedge shears. 56mL bottle.

Felco 981 Spray

Part #2487 **$22.00**

This highly effective dissolvent easily cleans away resin, sap and dirt from pruning tool blades and counter blades. The dissolvent comes in a pump spray bottle and is easy to use.

Felco 990 Grease

Part #559 **$21.00**

Synthetic, biodegradable lithium/ calcium based grease. Lubricates and reduces wear. Water resistant. Ideal for lubricating centre bolts on pruners, loppers, wire cutters etc. 30g tube.

Camelia Oil

Part #2742 **$20.00**

Japanese craftsmen have used Camelia oil for generations as an effective rust inhibitor. It can also be used as a liquid lubricant when sharpening tools and knives. Made in Japan, the Camellia oil is bottled in a 245ml spray applicator. An economical long-lasting product for your tool kit, as only a spray or two is needed per use.

Copper Tool Brush

Part #2634 **$20.00**

Soft copper wire tool brush is ideal for easily removing sap and dirt from your tools. The soft copper wires will not damage harder steels and stainless steel. 155mm long x 50mm wide with FSC certified Ashwood handle.

150mm Rain Gauge

Part #2126 **$20.00**

A tough, accurate rain gauge for measuring up to 150mm (6") of rainfall. Made in Australia from tough, UV stabilised, high grade non-yellowing polycarbonate. Dual graduations in mm and inches. Quick and easy to install with mounting bracket. Easy to clean.

Kneeling Pad

Part #2128 **$24.00**

Extremely comfortable kneeling pad featuring a lightweight design & convenient carrying handle. Thick core of dense EVA memory foam absorbs shock & adds cushion comfort whether sitting or kneeling. Cover is made from durable nylon and has a neoprene lining for water resistance, quick drying and easy cleaning. Size: 50cm long x 30cm wide overall, and nearly 50mm thick.

Felco 712 Kneeling Pad

Part #2651 **$57.00**

The Felco 712 kneeling pad provides excellent cushioning comfort & knee protection for static kneeling situations. This kneeling pad is made with thick nitrile rubber closed cell foam which will keep its shape over time & won't absorb liquids. The durable closed-cell foam is non-conductive, resistant to petroleum and silicone-free. Designed for kneeling on cold surfaces, concrete, grating, gravel and wet surfaces.

Felco 490 Gardening Apron

Part #2644 **$111.00**

Made from genuine buffalo leather and robust canvas, this apron combines elegance and durability. The adjustable neck strap and hip strap ensure a perfect fit for gardeners of all sizes. The apron is designed to sit comfortably above the knees, allowing you to bend, kneel, and move with ease while tending to your plants. The smart pocket configuration will help you to stay organized and keep all your gardening essentials within arm's reach. Length 730mm, weight 460g.

Barnel B920 Helping Hands

Part #2048 **$24.00**

Universal light weight helping hands for picking up leaves, rubbish etc. Supplied as a set of 2 - one for each hand - with each hand going through the loop to hold the helping hands. 33cm wide across the head. Weight 245g.

Knee Pads

Part #2129 **$20.00**

Extremely comfortable fitted knee protectors featuring a comfortable design with full flexibility. Thick core of dense EVA memory foam absorbs shock and adds cushion comfort for kneeling all day. Cover is made from durable nylon and has a neoprene lining for water resistance, quick drying and easy cleaning. Adjustable fasteners and the generous size will fit most knee sizes.

Felco 711 Knee Pads

Part #2650 **$116.00**

Featuring innovative Comfort Hinge technology and a slip-resistant 420D nylon-rubber cap, these knee pads offer all-day comfort and durability. The gel foam and EVA foam provide lightweight cushioning, while the breathable neoprene strap ensures a secure fit without compromising mobility. Trusted by professional vine pruners and landscapers, these knee pads are your go-to choice for optimal performance in the field.

Barnel Collapsible Bags

Part #602 Large **$105.00**

Part #1930 Medium **$75.00**

Barnel collapsible spring buckets, ideal for grass clippings, general garden waste etc. Compresses to just 75mm for easy storage and transportation. Made from tear resistant PVC with an extra thick perforated bottom panel. Extra strong, anti-corrosion plated internal spring. Quick connector clips for easy collapsing action. Note: these do not hold water. Two sizes available:
- Medium 41cm diameter x 56cm high (72.5L)
- Large 56cm diameter x 66cm high (162L)

Le Sac Tool Pouch

Part #2720 Navy/Taupe **$78.00**

Part #2719 Navy/Green **$78.00**

Part #2718 Blue Stripe **$78.00**

Part #2717 Red **$78.00**

Part #2737 French Blue **$78.00**

Crafted from heavy-duty cotton canvas, this versatile garden tool belt features reinforced practical pockets to securely hold your essentials. Sturdy enough for sharp tools, Le Sac is the go-to accessory for those who are always on the move. Style, practicality and beyond... You'll never be without it. Adjustable sizing for a comfortable fit (70 to 130 cm length, wear it on your waist or hips). Made for movement! 360 movement of pockets. Two pockets, size 24cm x 16cm, one with a extra smaller pocket at the front measuring 10cm x 16cm.

Fjord Measuring Jugs

Part #2125 100mL Cylind	**$5.00**
Part #2738 250mL Cylind	**$6.00**
Part #2739 500mL Cylind	**$7.00**
Part #1144 250mL Jug	**$9.00**
Part #2740 500mL Jug	**$10.00**
Part #1145 1L Jug	**$14.00**
Part #1146 3L Jug	**$22.00**
Part #1147 5L Jug	**$28.00**

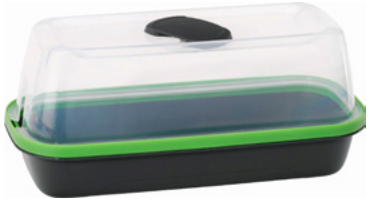
Fjord chemical measuring jugs and measuring cylinders. Strong heavy duty, UV resistant and chemical resistant polypropylene measuring jugs. Tough, raised markings for easy reading. 5mL graduations on 100mL cylinder and 250mL jug, 10mL graduations on 1L jug, 50mL graduations on 3L jug and 100mL graduations on 5L jug. Made in Australia.

Plant Propagation

BoQube "Style" Propagators

Part #2357 Cream/Copper **$80.00**
Part #2358 Grey/Green **$80.00**

The two-in-one BoQube combines style and functionality. It acts both as a greenhouse and as a planter for indoor and outdoor use with space for 10 starting pellets (sold separately). Made of high-quality materials including shatter-proof polycarbonate lid with a 5-year warranty. Double-sided ventilation, and integrated water drainage system prevents waterlogging. Easy watering function - you can water the plants when the lid is closed. Ergonomically shaped recesses for easy placement and subsequent removal of the starting pellets. PAH-free plastics, food safe, UV resistant and easy to clean. Dimensions 41 x 17 x 23 cm. Made in Germany.



BoQube Growing Trays

Part #2359 Cream/Copper **$30.00**
Part #2360 Grey/Green **$30.00**

This BoQube M handy indoor greenhouse is made of PAH-free plastics, is food-safe and UV-resistant. Thanks to its elegant design and beautiful appearance, it makes a lovely indoor greenhouse. Whether you choose a bright spot on your windowsill or a sheltered spot on your balcony, you will enjoy growing your own herbs and veggies. Design-oriented for holding 18 seed starters. Made in Germany. 37 x 19 x 6 cm.

Coco Palm Peat

Part #2527 **$7.00**

650g of compressed coir briquette expands to 8-9 litres of growing medium. Compressed coir coconut pith fibre is ideal for seed raising and as a growing medium. Excellent water holding capacity while maintaining porosity. pH 5.2-6.8, 100% organic, no added chemical or fertiliser.

Bio Pots 6cm Starter Kit

Part #2535 **$28.00**

Bio Pot starter kit comprising 40 x 6cm Bio Pots and 40 cell moulded plastic tray to hold pots. Tray can be reused with replacement pots. Tray size is 54 x 32cm. Bio planting pots are 100% biodegradable wood fibre pots ideal for seed germination and cuttings.

Bio Pots 6cm (12 pack)

Part #2531 **$5.00**

100% biodegradable wood fibre pots ideal for seed germination and cuttings. Fill with a seedling mix of your choice. Pots will soften when moist and easily allow roots to grow through pot wall. Best used with plastic trays to retain shape and reduce drying out (see starter kit). When the plant is established simply plant out pot and all. Quickly breaks down in the soil without affecting root growth. 100% peat free. 60mm diameter round pot, 65mm high. 12 pots per pack.

Bio Pots 6cm (100 pack)

Part #2532 **$25.00**

As per above but pack of 100.

Coir Seed Starters (12 pack)

Part #2361 12 Pack **$4.00**

Expandable peat growing medium wrapped in a thin biodegradeable net. Expands when moistened. Place seed in medium & keep moist until germinated. Plant directly in soil once seedling is established. 36mm diameter suits BoQube.

Coir Seed Starters (100 pack)

Part #2362 100 Pack **$18.00**

As per above but pack of 100.

Bio Pots 8cm Starter Kit

Part #2536 **$25.00**

Bio Pot starter kit comprising 20 x 8cm Bio Pots and 20 cell moulded plastic tray to hold pots. Tray can be reused with replacement pots. Tray size is 54 x 33cm. Bio planting pots are 100% biodegradable wood fibre pots ideal for seed germination and cuttings.

Bio Pots 8cm (12 pack)

Part #2533 **$10.00**

100% biodegradable wood fibre pots ideal for seed germination and cuttings. Fill with a seedling mix of your choice. Pots will soften when moist and easily allow roots to grow through pot wall. Best used with plastic trays to retain shape and reduce drying out (see starter kit). When the plant is established simply plant out pot and all. Quickly breaks down in the soil without affecting root growth. 100% peat free. 80mm diameter round pot, 85mm high. 12 pots per pack.

Bio Pots 8cm (100 pack)

Part #2534 **$35.00**

As per above but pack of 100.

Rootex Rooting Powder

Part #2525 **$4.00**

18g satchel of Rootex rooting hormone powder for stimulating root initiation in cuttings. Active constituent is 3g/kg Indole Butryic Acid. One satchel is sufficient for approximately 600 plants.

Rootex Rooting Gel

Part #2526 **$8.00**

50mL bottle of Rootex rooting hormone gel for stimulating root initiation in cuttings. Active constituent is 4g/kg Indole Butryic Acid.

Plant Propagation, Planters & Worm Farms

Air Layering Capsule

Part #2546 Small **$10.00**
Part #2547 Medium **$15.00**

Air Layering is growing roots right onto the branches to replicate your existing plants to produce a new one. To use the capsules select a vertical branch, just below the bud make 2 horizontal cuts in the bark 10 cm apart, peel the bark away between the cuts to expose the inner cambium, fill the capsule with moist coco peat (coir) or sphagnum moss & clamp the capsule around the exposed cambium. Water weekly & check for root growth after 6 weeks. Once established, cut the branch below the capsule and plant out. Small size suit stem diameters of 6-8mm. Medium size suit stem diameters of 8-12mm. Pack of 5 capsules.

Heated Propagation Kit

Part #2545 **$120.00**

Heated propagation kit includes high dome lid, a 40 cell Hiko seedling tray, bottom plastic tray, heat mat and heat mat thermostat. The 40 cell Hiko seedling tray is a rigid, multi-reusable tray. It comprises 40 cells, each with an internal cell volume of 93cc. Each cell is 40mm diameter at the top and 87mm deep. Tray dimensions: 352x216x87mm. The heat mat is 500mm long x 250mm wide, fits snugly under the propagator tray and with the thermostat warms the root area 10-20 degrees above room temperature.

Potato Grow Bag

Part #2063 **$9.00**

The Ryset potato grow bag is a great way to grow 4-6 seed potatoes or other deep root vegetables without needing lots of space. This reusable bag is made from strong, woven UV-protected polyethylene which allows roots to breathe, boosting plant growth and yields. Strong webbing handles and access flap for harvesting your potatoes without damaging the plant. Size: 40cm in diameter by 55cm high. Holds approx 60 litres.

Seed Distributor

Part #2530 **$5.00**

Small handheld seed distributor with adjustable aperture for easy sowing and distribution of small seeds. Compartment size 6cm.

Berberis Self Water Planters

Part #2245 Uno Anthracite **$65.00**
Part #2301 Uno White+Green **$65.00**
Part #2246 Duo Anthracite **$125.00**
Part #2247 Duo White+Green **$125.00**

Beautiful large volume, solidly built self watering planters. Self watering system is based on a water wick, enabling water wise self watering. Simply fill the water reservoirs and the included water gauge displays the current water level. Available as a single pot unit (Uno) or two pot unit (Duo), with each pot removable from the container. All units are easy to handle - they come with wheels, the containers have handles as well as inlets for firmly affixing plant supports. Ideal for growing herbs, flowers and vegetables and are suitable for terraces, balconies and gardens.
Weights and dimensions:
- Uno: 450mm(l) x 390mm(w) x 350mm(h), 2.6kg
- Duo: 780mm(l) x 390mm(w) x 350mm(h), 3.55kg
Available in Anthracite or White+Green colour.
Made in Czech Republic.

Urbalive Indoor Planter

Part #2136 Indoor Planter Green **$145.00**
Part #2137 Indoor Planter Anthra **$145.00**

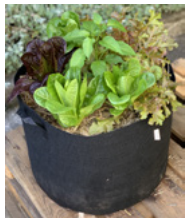
Urbalive planters are ideally suited for interiors as well as roofed terraces and are a great fit for indoor plants, flowers, herbs, and small vegetables. The sophisticated self-watering system simplifies care and, along with vermicompost and worm tea, helps maintain optimal conditions for healthy plant growth. Weight 4.6kg, height 48cm, width 50.5cm, depth 38cm. Available in light green or anthracite colour. Made in Czech Republic.

Microgreens Kit

Part #2671 **$22.00**

The Plastia Microgreens sprouting tray was developed in conjunction with a design studio to produce an elegant, functional tray for growing microgreens. The package contains the cap, shallow strainer, deep strainer and the plant saucer. 16cm diameter x 7.7cm high, weight 225g. Made in Czech Republic.

Fabric Pots



Part #2537 20L **$10.00**
Part #2538 40L **$12.00**
Part #2539 100L **$15.00**

Non-woven breathable fabric pot with carry handles. These pots are excellent root training pots since the roots air prune as they pass through the fabric wall. No spiralling or root girdling. The breathable wall also oxygenates the root zone resulting in advanced growth. Ideal for growing tomatoes, vegetables and fruit trees and enable you to move the plants around as needed. Also suitable for hydroponic systems.

20L size: 300mm diameter x 250mm high
40L size: 400mm diameter x 300mm high
100L size: 550mm diameter x 400mm high

Urbalive Worm Farm

Part #2134 Worm Farm Green **$285.00**
Part #2135 Worm Farm Anthracite **$285.00**
Part #2214 Worm Farm Ivory **$285.00**
Part #2215 Worm Farm Brown **$285.00**

Finally a worm farm that looks good and works effortlessly. Designed to be used indoors or on your patio or balcony, and allows you to compost your kitchen waste, turning it into rich vermicaste and compost tea, which in turn can be fed to your own vegetable garden or Urbalive Indoor Planter. The kit comes with trays where the worms transform food scraps into vermicompost, a bin where the liquid worm tea is collected and a tight fitting lid. The vermicompost contains potent enzymes and natural growth hormones and is added to soil to encourage growth. Worm tea is a liquid fertilizer containing a lot of rich nutrients and enzymes that help your plants grow and prevent pests. Weight 6.65kg, height 60.5cm, width 50.5cm, depth 38cm. Available in light green, anthracite, ivory or brown colours. Made in Czech Republic.

#2505 Replacement Filter **$20.00**
#2596 Replacement Tap **$13.00**

Hedge Shears

Nishigaki Karikichi Short Hedge Shears

Part #2267 **$120.00**

Short handle, light weight and beautifully balanced hedge shears for topiary and shaping work. Heat treated cutlery steel 16.5cm blades. Tough oak handles. Blades can be resharpened. Total length 54cm. Weight 740g. Made in Japan.

Nishigaki Karikichi Long Hedge Shears

Part #2268 **$135.00**

Long handle version of the above with 20.5cm blades. Total length 73cm. Weight 820g. Made in Japan.

Felco 250-57 Hedge Shear

Part #2556 **$130.00**

High quality, precision ground, hardened steel blade hedge shears with 15mm cutting diameter and chrome coating for long-lasting sharpness and corrosion prevention. Non-slip grips for optimal comfort and soft cushioned shock absorbers to reduce fatigue Total length 57cm, weight 915g. Made in Switzerland.

Felco 250-63 Hedge Shear

Part #2557 **$134.00**

As per above but total length 63cm, weight 995g. Made in Switzerland.

Bahco P51-SL 57cm Hedge Shear

Part #1699 **$155.00**

Top of the Bahco range of professional hedge shears. Fully hardened 26cm blades with partly serrated edge for cutting up to 10 mm thick branches. Lightweight aluminium handles with smooth plastic grips. Total length 57cm, weight 990g. Made in France.

#1703 - P51 Bumper	**$12.00**	#1713 - P51 Centre Bolt	**$21.00**

Bahco P51H-SL 73cm Hedge Shear

Part #1698 **$160.00**

Long handle version of the Bahco professional P51-SL above. Total length 73cm, weight 1076g. Made in France. Same spare parts as the P51-SL.

Barnel B1000L Light Weight Hedge Shear

Part #83 **$140.00**

70cm light weight hedge shear (880g). Tilted head with 22cm replaceable blades & drop forged handles. One of the lightest models available and provide scissor like cuts for final hedge shaping/topiary.

#774 - B1000L Blade Set	**$42.00**	#1062 - Blade Screws (x2)	**$2.00**
#1070 - Centre Bolt/Nut	**$12.00**	#2299 - Grip (each)	**$6.00**
#442 - Bumpers (x2)	**$5.00**		

Barnel B1010L Wavy Blade Hedge Shear

Part #440 **$140.00**

71cm light weight (980g), heavy duty wavy blade hedge shear. Drop forged aluminium handles. Unique oiler for centre bolt lubrication. Replaceable shock absorbing bumper system. 23cm precision ground high carbon steel blades with jaw notch. Wavy blades designed to stop slippage up the blade.

#441 - B1010L Blade Set	**$50.00**	#1072 - Screw set (x6)	**$6.00**
#1071 - Centre Bolt/Nut	**$12.00**	#1073 - Grip (each)	**$6.00**
#442 - Bumpers (x2)	**$5.00**		

Barnel B1100S Heavy Duty Hedge Shear

Part #1481 **$135.00**

Short handle version of the Barnel B1100L hedge shears below. 66cm total length, weight 1360g. Same blades, parts and specs as the B1100L - only the handles are shorter.

Barnel B1100L Heavy Duty Hedge Shear

Part #73 **$145.00**

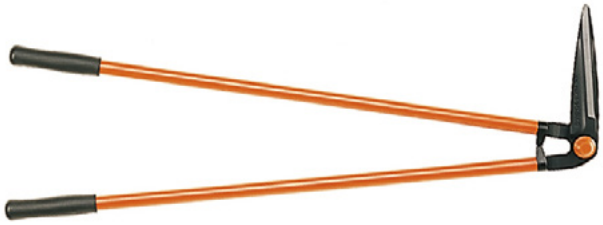
76cm heavy duty hedge shear. Large 29cm blade with bottom serrations. Unique Barnel oiler for centre bolt lubrication. Strong aluminium handles with bumper. These are tough hedge shears for the bigger jobs. Weight 1430g.

#215 - B1100L Blade Set	**$65.00**	#218 - Centre Bolt	**$15.00**
#216 - Bumper Assembly	**$10.00**	#143 - Grip x 2 (B16)	**$13.00**
#142 - Handle Nut/Bolt (x4)	**$6.00**		

Barnel B1100XL Extra Long HD Hedge Shear

Part #389 **$155.00**

92cm heavy duty hedge shear with 29cm blade. Same as the Barnel B1100L but with longer handles. Weight 1600g. Same blades, parts and specs as the B1100L above - only the handles are longer.



Bahco P75 Edging Shear

Part #2147 **$150.00**

Fixed handle grass edging shear (cuts vertically - ie around the edge of lawn). 20cm long straight cutting blade. Stamped, flat edged, fully hardened counterblade. Plastic buffers to reduce jarring. 90cm long round steel tube handles fitted with black plastic grips. Total length 99cm. Made in France.

Barnel B3333 Hand Shear

Part #246 **$43.00**

300mm precision harvest / landscape shears. Precision ground, high carbon tool steel blades. Teflon coated blades for smooth cuts. Strong stainless steel handle construction. TPR grips and includes leather pouch.

Barnel B5050 Grass Shear

Part #388 **$32.00**

One hand grass shear with 135mm blade. Versatile 3 position blade: vertical for edging; horizontal for trimming; angled for hard to reach areas. Polished high carbon steel blades & hard chrome plated handles with non-slip grips.

Barnel B999 Telescopic Rake

Part #661 **$50.00**

Light weight telescoping rake. Aluminium handle extends rake from 0.9-1.8m long. Spring steel tines with 19-56cm adjustable spread. Weight: 765g.

Barnel B990 Small Telescopic Rake

Part #2049 **$50.00**

Barnel B990 small head shrub rake with telescoping handle (total length 97-155cm). Eleven zinc plated steel tines (each tine is 12cm long, total width of tines is 18cm). Weight 590g.

Barnel B5000 Thorn Stripper

Part #595 **$14.00**

Barnel heavy duty steel thorn leaf stripper. Self adjusting with return spring & cushioned thumb rest. Length 12cm, Weight 100g.

Solo 421 Fertiliser Spreader

Part #1173 **$205.00**

Manual spreader for seeds, fertiliser, gritting salt, oil absorbers, cleaning agents, pelletised lime, bird, seed, wildlife feed, sand etc. The integral agitator ensures even distribution onto the steadily turning spreading disc driven by the manual crank. Up to 9 kg of granulated material can be applied where specifically required, even on difficult to reach terrain – for example where a wheeled device would be unsuitable. The spreader is carried in front of the body by means of an individually adjustable strap. The large filler opening makes filling easy, whilst the large screw top protects users from harmful dust.

Loppers

Barnel OR Series Orchard Loppers

Part #7 OR26A 66cm, 1050g **$125.00**

Part #8 OR30A 76cm, 1150g **$135.00**

Part #9 OR36A 91cm, 1300g **$145.00**

Professional loppers with induction hardened, heat treated blades cut up to 35mm diameter branches. Unique Barnel centre oiler for bolt lubrication. Deep anvil hook with self cleaning sap groove. Aluminium handles with rubber hand grips. Great shearing action provides clean cuts. Light weight for all day fatigue-free pruning. Thin hook great for tight spots.

#137 - Blade (OR1)	$40.00	#142 - Bolt & Nut Set (B14)	$6.00
#138 - Hook (OR2)	$40.00	#143 - Handle Grip x2 (B16)	$13.00
#139 - Centre Bolt (B3)	$20.00	#144 - OR26A Handle&Grip (26A)	$22.00
#140 - Nyloc Nut (B3B)	$2.00	#145 - OR30A Handle&Grip (30A)	$26.00
#141 - Bumper Assembly (B4)	$9.00	#146 - OR36A Handle&Grip (36A)	$32.00

Barnel B Series Tree Loppers

Part #67 B28A 71cm, 1250g **$135.00**

Part #68 B32A 81cm, 1350g **$145.00**

Part #1267 B36A 91cm, 1410g **$155.00**

Professional loppers with induction hardened, heat treated blades cut up to 40mm diameter branches. Unique Barnel centre oiler for bolt lubrication. Deep anvil hook with self cleaning sap groove. Aluminium handles with rubber hand grips. Great shearing action provides clean cuts. Light weight for all day fatigue-free pruning. Larger blade/hooks than the OR series for cutting bigger branches.

#147 - Blade (B1)	$45.00	#142 - Bolt & Nut Set (B14)	$6.00
#148 - Hook (B2)	$50.00	#143 - Handle Grip x2 (B16)	$13.00
#139 - Centre Bolt (B3)	$20.00	#149 - B28A Handle&Grip (28A)	$24.00
#140 - Nyloc Nut (B3B)	$2.00	#150 - B32A Handle&Grip (32A)	$28.00
#141 - Bumper Assembly (B4)	$9.00		

Pro-Pruner

Part #1060 Pro-Pruner P50 61cm, 1700g **$345.00**

Part #929 Pro-Pruner P100 67cm, 1980g **$380.00**

The most advanced "New Zealand" lopper available. Uniquely shaped curved blade pulls the Pro-Pruner tightly onto the branch, avoiding collar damage, slipping and crossover. Refined straight blade cutting edge provides clean cutting with less effort. High quality Chipper knife steel, laser cut and vacuum hardened for high strength, wear resistance and good edge holding ability. Pro-Lock bolts specially designed to enable accurate tightness. High tensile steel handles riveted to high strength tube, powdercoated orange for high visibility. Ergonomic non-slip Santoprene replaceable grips. Two models available: P100 cuts up to 65mm diameter and P50 cuts up to 45mm diameter (P50 ideal for lift pruning smaller branches). Designed and manufactured in New Zealand.

#930 - Pro-Pruner P100 Blade	$105.00	#932 - Pro-Pruner Star Washer	$2.00
#1190 - P100 Curved Blade	$110.00	#933 - Pro-Pruner Centre Bolt	$10.00
#1061 - Pro-Pruner P50 Blade	$90.00	#934 - Pro-Pruner Handle Bolt	$8.00
#1191 - P50 Curved Blade	$98.00	#1058 - Pro-Pruner Grips (Pair)	$19.00
#931 - Pro-Pruner Sub Washer	$2.00		

Felco 211 Series Loppers

Part #2084 211-40 40cm 715g **$168.00**

Part #2085 211-50 50cm 800g **$178.00**

Part #2086 211-60 60cm 885g **$190.00**

Lightweight loppers featuring extremely efficient bypass cutting head, with variable radius blade for constant force and clean and precise cuts. Significantly more powerful cutting with pronounced pull effect to improve leverage. Shock absorbers protect wrists and arms. Non-slip grip coating. Available in 40cm, 50cm or 60cm total length. Maximum cut 35mm diameter. Made in Switzerland.

#2087 - Blade (211/3)	$63.00	#1920 - Bumpers x 2 (220/93)	$15.00
#2088 - Hook (211/4)	$60.00		

Felco 221 Series Loppers

Part #2363 221-70 70cm 1.16kg **$201.00**

Part #2364 221-80 80cm 1.26kg **$210.00**

Part #2365 221-90 90cm 1.34kg **$219.00**

The Felco 221 range has been designed to meet the needs of professionals with a maximum cutting capacity of 45mm. The curved cutting head reduces effort and makes pruning safer and more efficient. An extremely rugged and durable design makes the Felco 221 a dependable choice regardless of the pruning job. Ergonomic, cushioned, non-slip, handle grips and rubber shock absorbers increase your handling comfort and reduce fatigue. Available in 70cm, 80cm and 90cm lengths. Made in Switzerland.

#2601 - Blade (221/3)	$90.00	#1920 - Bumpers x 2 (220/93)	$15.00
#2602 - Hook (221/4)	$90.00		

Felco 230 Straight Blade Anvil Lopper

Part #880 **$336.00**

Felco 80cm long roll-lever anvil loppers. Straight blade with 40mm nominal cutting capacity (larger cuts possible depending upon softness of wood). Robust, super light (1.2kg) and featuring a unique roll-lever system which coverts 10kg of pressure on each handle to a massive 520kg of force at the cutting head. Comfortable non-slip handles. Made in Switzerland.

#1231 - Blade+Handle (230/1)	**$255.00**	#1235 - Centre Bolt (230/8)	**$46.00**
#1232 - Anvil + Nuts (230/4)	**$90.00**	#1236 - Handle Bolt (231/8)	**$50.00**

Felco 231 Curved Blade Anvil Lopper

Part #881 **$336.00**

Felco 80cm long roll-lever anvil loppers. Curved blade with 40mm nominal cutting capacity (larger cuts possible depending upon softness of wood). Robust, super light (1.2kg) and featuring a unique roll-lever system which coverts 10kg of pressure on each handle to a massive 520kg of force at the cutting head. Comfortable non-slip handles. Made in Switzerland.

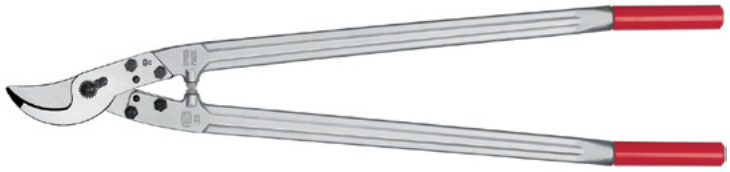
#1233 - Blade+Handle (231/1)	**$255.00**	#1235 - Centre Bolt (230/8)	**$46.00**
#1234 - Anvil + Nuts (231/4)	**$90.00**	#1236 - Handle Bolt (231/8)	**$50.00**

Felco 220 Lopper

Part #1714 **$330.00**

Felco 80cm long lever action bypass lopper. Curved blade with 40mm nominal cutting capacity. Robust, super light (1.3kg) and featuring a unique roll-lever system which coverts 10kg of pressure on each handle to a massive 520kg of force at the cutting head. Comfortable non-slip handles. Made in Switzerland.

#1716 - Blade (220/3)	**$83.00**	#1728 - Handle Bolt (220/8A)	**$44.00**
#1919 - Anvil+Handle (220/1)	**$245.00**	#1920 - Bumpers x 2 (220/93)	**$15.00**
#1727 - Centre Bolt (220/8)	**$44.00**		



Felco 22 Lopper

Part #11 **$440.00**

84cm long lopper featuring forged aluminium handles. Blade and screw-mounted anvil blade made of high-quality hardened steel for clean, precise cuts. Easy, durable cutting adjustment. Wide blade opening for larger cuts - max 45mm diameter. Shock absorbers protect wrists and arms. Made in Switzerland.

#155 - Blade (22/3)	**$80.00**	#153 - Shock Absorbers (21/93)	**$13.00**
#156 - Hook (22/4)	**$98.00**	#1237 - Screw/Nut (22/6+C12/11)	**$11.00**
#154 - Centre Bolt Kit (20/94)	**$48.00**		

Felco 200A Series Loppers

Part #1183 200A-40 40cm 665g **$180.00**

Part #1184 200A-50 50cm 725g **$195.00**

Part #1185 200A-60 60cm 785g **$202.00**

Lightweight aluminium handle loppers. Blade and screw-mounted anvil blade made of high-quality hardened steel for clean, precise cuts. Easy, durable cutting adjustment. Slimline cutting head with grooved anvil blade for better grip. Shock absorbers protect wrists and arms. Non-slip grip coating. Available in 40cm, 50cm or 60cm total length. Maximum cut 35mm diameter. Made in Switzerland.

#151 - Blade (200/3)	**$62.00**	#556 - Shock Absorbers (20/93)	**$14.00**
#152 - Hook (200/4)	**$75.00**	#1229 - Handle Screw (70/59)	**$3.00**
#154 - Centre Bolt Kit (20/94)	**$48.00**	#1230 - Screw/Nut (200/6+20/7)	**$9.00**

Felco 210 Series Loppers

Part #1186 210A-50 50cm Aluminium Handles 735g **$195.00**

Part #1187 210A-60 60cm Aluminium Handles 795g **$202.00**

Lightweight loppers with aluminium handles. Blade and screw-mounted anvil blade made of high-quality hardened steel for clean, precise cuts. Easy, durable cutting adjustment. Curved cutting head for easier pruning work. Shock absorbers protect wrists and arms. Non-slip grip coating. Available in 50cm or 60cm total length. Maximum cut 35mm diameter. Made in Switzerland.

#554 - Blade (210/3)	**$72.00**	#556 - Shock Absorbers (20/93)	**$14.00**
#555 - Hook (210/4)	**$78.00**	#1229 - Handle Screw (70/59)	**$3.00**
#154 - Centre Bolt Kit (20/94)	**$48.00**	#1230 - Screw/Nut (200/6+20/7)	**$9.00**

Loppers

Bahco P114-SL-50 50cm Lopper

Part #1693 **$178.00**

Professional 50cm long bypass lopper cuts up to 30mm. Narrow cutting head for easy access & precise, quick cuts. Designed for soft & green timber. Super light but extremely strong aluminium handles with rubber grips. Ideal for pruning vines, shrubs & small trees. Weight: 682g. Made in France.

#1708 - P114 Blade	**$88.00**	#1707 - P114 Centre Bolt	**$15.00**
#1701 - P114 Bumper	**$22.00**		

Bahco P16-60-F 60cm Lopper

Part #1694 **$155.00**

Professional 60cm long bypass lopper cuts up to 30mm. Fully hardened and stamped steel blade and forged counter blade, mounted with shear pin to avoid damage to the cutting edge. Steel handles for extra strength. Ideal for pruning/training vines, orchards, shrubs and small trees. Weight: 1025g. Made in France.

#1710 - P16 Blade	**$72.00**	#1704 - P16 Centre Bolt	**$20.00**
#1702 - P16 Bumper	**$16.00**		

Bahco P116-SL-60 60cm Lopper

Part #1695 **$190.00**

Professional 60cm long bypass lopper cuts up to 30mm. Evolving bevel designed blade for better durability and easier cuts in tougher wood. Excellent cutting performance in all types of wood. Super light but extremely strong aluminium handles with rubber grips. Ideal for pruning vines, orchards, shrubs and small trees. Weight: 879g. Made in France.

#1709 - P116 Blade	**$88.00**	#1707 - P116 Centre Bolt	**$15.00**
#1701 - P116 Bumper	**$22.00**		

Bahco P160-SL-75 75cm Lopper

Part #1696 **$235.00**

Professional 75cm long bypass lopper cuts up to 45mm. Specially designed orchard lopper, also recommended for heavy duty pruning in parks and large gardens. Slim, narrow blade combined with hooked counter blade for a powerful but smooth and easy cut. Forged counter blade to stand the stress of intensive use. Super light but extremely strong aluminium handles with rubber grips. Weight: 1090g. Made in France.

#1712 - P160 Blade	**$72.00**	#1706 - P160 Centre Bolt	**$15.00**
#1703 - P160 Bumper	**$14.00**		

Bahco P19-80-F 80cm Lopper

Part #1697 **$345.00**

Professional 80cm long bypass lopper cuts up to 50mm diameter branches. Heavy-duty lopper for cutting very thick and strong branches on mature trees and vines. Cutting head with fully hardened blade for powerful cuts and smooth finish. Strong aluminium handles with rubber grips. Weight: 1790g. Made in France.

#1711 - P19 Blade	**$128.00**	#1705 - P19 Centre Bolt	**$38.00**
#1702 - P19 Bumper	**$16.00**		

Lowe 22 80cm Curved Anvil Lopper

Part #2060 **$205.00**

Professional 80cm curved anvil lopper cuts up to 45mm diameter branches. Features ergonomic curved blade and anvil for efficient cutting and holding of the branch. Lightweight aluminium handles Hard chrome plated blade. Weight: 1230g. Made in Germany.

#2080 - Lowe 22 Blade	**$72.00**	#2081 - Lowe 22 Anvil	**$25.00**

Lowe 3104 Mitre Cutter

Part #2040 **$118.00**

Mitre cutting tool for mitre cuts in tiling sealing strips, wooden battens, decorative trim strips, rubber and more. Replaceable steel blade, PVC grips and handle lock. Aluminium anvil is marked at 45, 60, 75 and 90 degrees. Maximum material thickness 15mm, maximum width 35mm, maximum mitre width 50mm. Length: 210mm, Weight: 335g. Made in Germany.

Felco CP Universal Cutter

Part #240 **$100.00**

Compact cutter for universal use. Cuts through mesh, netting, wire, rubber, leather, metal sheeting, plastic, paper, binding strips and can easily be used in place of scissors. Hardened steel blades and centre bolt, pressed steel handles with plastic covering. Length 205mm, weight 290g. Made in Switzerland.

#1188 - Bolt/Nut (C7/4+C7/5) **$25.00** #1238 - Spring (C7/10) **$6.00**

Felco C7 One Hand Wire Cutter

Part #241 **$123.00**

Small single hand cutter, compact, light and very easy to handle. Cuts hardened steel spring wire up to 2.5mm and cables up to 7mm. The special blade shape cuts progressively (cable not crushed). Hardened steel blades and centre colt, pressed steel handles with plastic covering. Length 190mm, weight 270g. Made in Switzerland.

#1188 - Bolt/Nut (C7/4+C7/5) **$25.00** #1238 - Spring (C7/10) **$6.00**

Felco CDO Commando Cutter

Part #799 **$150.00**

Specifically designed to cut barbed wire, it allows the wire to be caught by holding it at the bottom of the cutting profile. Hardened steel blades and centre bolt, pressed steel handles. Length 195mm, weight 280g. Made in Switzerland.

#1188 - Bolt/Nut (C7/4+C7/5) **$25.00** #1238 - Spring (C7/10) **$6.00**

Felco C9 Professional Wire Cutter

Part #431 **$300.00**

Two hand wire cutter will cut steel cable up to 9mm and hardened steel wire up to 4mm. Also cuts metal rods and spring steel wire. Hardened steel blades and centre bolt, unbreakable forged aluminium alloy handles with plastic grips. Length 325mm, weight 750g. Made in Switzerland.

#1239 - C9 Blade (C9/5) **$75.00** #1241 - Hex Screw (C9/10) **$5.00**
#1240 - Centre Bolt Kit (C9/90) **$48.00** #1242 - Counter Nut (C9/11) **$3.00**

Felco C12 Professional Wire Cutter

Part #432 **$480.00**

Two hand wire cutter will cut steel cable up to 12mm. Also recommended for cutting metal rods and spring steel wire. Optimum cutting yield due to handle shape & special steel blades. Hardened steel blades and centre bolt, unbreakable forged aluminium alloy handles with plastic grips. Length 500mm, weight 1500g. Made in Switzerland.

#1243 - C12 Blade (C12/5) **$120.00** #1245 - Hex Screw (C12/10) **$7.00**
#1244 - Cent Bolt Kit (C12/90) **$58.00** #1099 - Counter Nut (C12/11) **$4.00**

Felco C16 Professional Wire Cutter

Part #433 **$630.00**

Two hand wire cutter will cut steel cable up to 16mm. Also recommended for cutting metal rods and spring steel wire. Optimum cutting yield due to handle shape and special steel blades. Hardened steel blades and centre bolt, unbreakable forged aluminium alloy handles with plastic grips. Length 630mm, weight 2300g. Made in Switzerland.

#1246 - C16 Blade (C16/5) **$180.00** #1248 - Hex Screw (C16/10) **$9.00**
#1247 - Cent Bolt Kit (C16/90) **$64.00** #1099 - Counter Nut (C12/11) **$4.00**

Felco C16E Professional Electrical Wire Cutter

Part #796 **$620.00**

Derived from the C16, this wire cutter is designed for cutting unarmoured electric cables with or without steel cores up to 20mm in diameter. Hardened steel blades and centre bolt, unbreakable forged aluminium alloy handles with plastic grips. Length 630mm, Weight 2300g. Made in Switzerland.

#1249 - C16E Blade (C16E/5) **$185.00** #1248 - Hex Screw (C16/10) **$9.00**
#1247 - Cent Bolt Kit (C16/90) **$64.00** #1099 - Counter Nut (C12/11) **$4.00**

GEKA Plus 60cm Soft Light Rain Wand

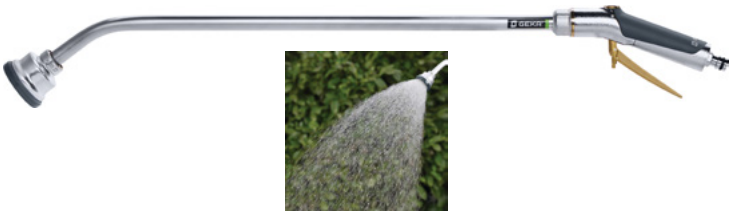
Part #2330 **$82.00**

Light and easy handling with soft water spray for gentle watering with one hand. Easy thumb control of water flow. Comfort grip handle. Dirt filter prevents deposits. Bayonet fitting makes changing the watering head easy with just a click. Aluminium alloy head and handle, plastic grip and chrome plated brass quick connect adaptor. 2 year warranty against manufacturing defects**

GEKA Plus 60cm Premium Classic Rain Wand

Part #2331 **$155.00**

Premium watering wand with practical ball valve for one-handed operation and comfortable, non-slip handle. Handle with soft grip cover provides thermal insulation and protects hands against cold water flow. Watering head for large, soft water spray with replaceable plate and protection ring. High water flow, thus ideal for professional use. Dirt filter prevents deposits. Bayonet fitting makes changing the watering head easy with just a click. Aluminium alloy head and handle, chromed aluminium ball valve and chrome plated brass quick connect adaptor. 10 year warranty against manufacturing defects**



GEKA Plus 60cm Pro Comfort Rain Wand

Part #2332 **$255.00**

Professional ergonomic watering wand with handle valve for fatigue-free watering and maximum comfort. Handle valve enables precise water dosage with locking mechanism. Rubber pad provides thermal insulation and protects the hands against cold water flow. Watering head for large, soft water spray with replaceable plate and protection ring. High water flow, thus ideal for professional use. Dirt filter prevents deposits. Bayonet fitting makes changing the watering head easy with just a click. Aluminium alloy head and handle, brass and aluminium valve and chrome plated brass quick connect adaptor. 10 year warranty against manufacturing defects**

GEKA Multi Shower 7 Position Gun

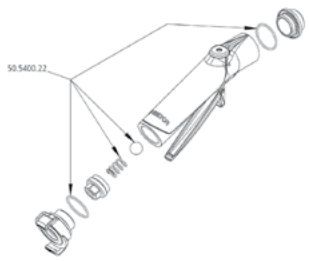
Part #2339 **$50.00**

High-quality garden water gun with 7 jet types. Robust metal design and chrome plated brass plug provides long service life. Ergonomically shaped ribbed handle and trigger enables easy, fatigue-free operation. Includes chrome-plated brass quick connect adaptor. 2 year warranty against manufacturing defects**

GEKA Spray Nozzle

Part #2582 **$45.00**

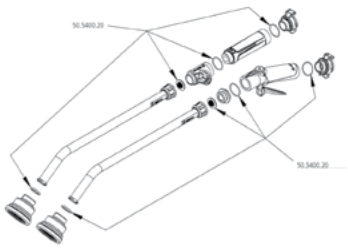
High quality GEKA Plus spray nozzle made from chrome plated brass with a robust push fit system. Adjustable water flow from full jet to spray. Rubber coating on adjustment end for easy handling and comfortable surface feel. Clicks into any standard quick connect hose fitting. Weight 200g.



GEKA Plus Pro Lever Valve Repair Kit

Part #2389 **$24.00**

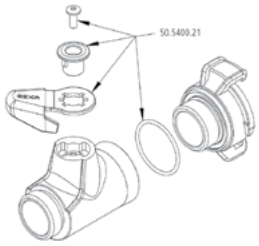
Repair kit for GEKA Plus Pro Wand lever valve. Contains the components as shown in the diagram marked with 50.5400.22.



GEKA Plus Premium/ Pro Wands Seal Set

Part #2386 **$6.00**

Replacement seal set and dirt filter for GEKA Plus Premium Classic and Pro Comfort wands. Contains three seals and dirt filter as per the diagram.



GEKA Plus Ball Valve Repair Kit

Part #2388 **$24.00**

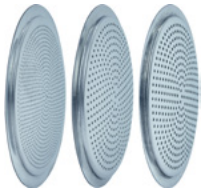
Repair kit for GEKA Plus Premium Classic Wand ball valve. Contains the components as shown in the diagram marked with 50.5400.21.

**GEKA warranty excludes wear & tear and washers/o-rings

GEKA Plus Head Fine M

Part #2333 **$48.00**

Watering head with replaceable plate and protection ring. Aluminium alloy head with stainless steel 50mm diameter plate with 0.7mm holes for fine water flow. EPDM rubber ring protects head. Plates are interchangeable with super fine, fine and standard (plate kit sold separately below). This head comes standard on the Premium and Pro wands but also fits the “Soft Light Rain Wand”.



GEKA Plus Plate Set

Part #2334 **$35.00**

Interchangeable stainless steel plate set for the above watering head (and the standard head on the Premium and Pro wands). Comprises microfine (0.4mm), fine (0.7mm) and standard (1.0mm) plates, providing a wide choice of watering options from the one head.

GEKA Plus Head Microfine S

Part #2335 **$20.00**

Small 30mm diameter aluminium alloy head for targeted watering. Suits any GEKA Plus wand. Microfine 0.4mm holes provide a very soft flow.

GEKA Plus Head Fine S

Part #2336 **$20.00**

Small 30mm diameter aluminium alloy head for targeted watering. Suits any GEKA Plus wand. Fine 0.7mm holes provide a soft flow.

GEKA Plus Head Soft Rain XL

Part #2337 **$85.00**

Extra large 100mm diameter aluminium alloy watering head with 0.8mm holes for watering larger areas. EPDM rubber ring protects head. Suits any GEKA Plus wand.

GEKA Plus Premium Ball Valve

Part #2584 **$70.00**

Premium GEKA Plus ball valve offering high flow rate and flat seal ring for reliable sealing thus ideal for professional use. Ball is made from hard chrome plated brass with PTFE seals; Spindle from brass with NBR sealing ring; Toggle and fixing ring from stainless steel with plastic toggle coating. 3/4” threads and suits GEKA watering wands.

GEKA Plus Pro Lever Valve

Part #2583 **$175.00**

Professional GEKA Plus ergonomic lever valve for precise water flow with locking mechanism. Made from brass, aluminium alloy and stainless steel with a rubber pad for thermal insulation and grip. 3/4” threads and suits GEKA watering wands.

GEKA Plus Hose Ball Valve

Part #2581 **$40.00**

High-quality, robust GEKA Plus hose end ball valve made from chrome-plated brass. One side attaches to the end of standard hose, with a quick connect adaptor on the other end. Ball valve allows you to turn off the water at the hose end to change hose fittings without having to turn off the water at the tap.

GEKA Plus Hose Connector

Part #2343 13mm **$20.00**

Part #2344 18mm **$22.00**

High-quality, robust hose quick connectors made from chrome-plated brass. Water-stop feature allows for quick and easy swapping of watering devices. Available in 13mm (1/2”) and 18mm (3/4”) versions.

GEKA Plus Hose Joiner

Part #2351 13mm **$16.00**

Part #2352 18mm **$24.00**

High-quality, robust hose joiners made from chrome-plated brass. Available in 13mm (1/2”) and 18mm (3/4”) versions.

GEKA Quick Connect Adaptor

Part #2342 **$17.00**

High-quality, robust quick connect adaptor made from chrome-plated brass for GEKA watering products.

GEKA Plus Quick Coupling

Part #2341 **$17.00**

Threaded brass quick coupling for use on GEKA Plus wands in place of quick connect adaptors. Screw into the base of the wand and use with GEKA Plus Quick Coupler or Quick Coupler Hose Fitting below. Ideal for commercial/professional use where higher volume of water is required.

GEKA Plus Quick Coupler

Part #2347 13mm **$9.00**

Part #2348 18mm **$9.50**

Brass quick coupler for hose end connection. Attaches to Quick Coupling above. Use the respective hose clamp below to secure hose to quick coupler. Available in 13mm (1/2”) or 18mm (3/4”) versions.

GEKA Hose Clamp

Part #2349 12-22mm OD hose **$2.00**

Part #2350 16-25mm OD hose **$2.00**

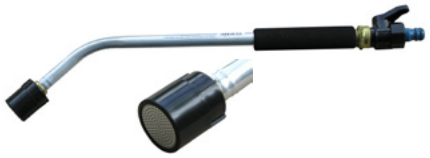
Galvanised steel hose clamps for use with the GEKA Plus Quick Coupler above to secure the hose on the coupler. Choose appropriate clamp to suit hose diameter.

GEKA Plus Hose Coupler

Part #2345 13mm **$20.00**

Part #2346 18mm **$22.00**

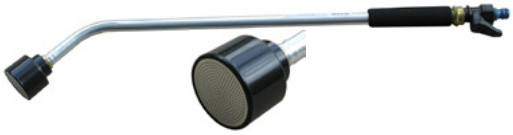
Brass hose quick coupler for hose end connection. Attaches to Quick Coupling above. An alternative to using the Quick Coupler and Hose Clamp combination. Available in 13mm (1/2”) or 18mm (3/4”) versions.



Dramm 40cm Classic Watering Wand

Part #647 **$42.00**

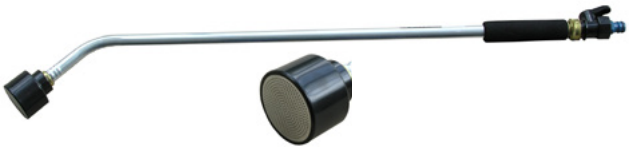
Professional watering wand with easy to use shut-off ball valve. Reduced flow 170 hole nozzle - 26L/min @ 40PSI. Padded foam grip. Nozzle head replaceable with any Dramm head. Dramm's classic wand used by nurseries and professionals for decades. Made in USA. Includes quick connect adaptor to connect to standard hoses.



Dramm 61cm Classic Watering Wand

Part #648 **$49.00**

Professional watering wand with easy to use shut-off ball valve. Full flow 400 hole nozzle - 42L/min @ 40PSI. Padded foam grip. Nozzle head replaceable with any Dramm head. Dramm's classic wand used by nurseries and professionals for decades. Made in USA. Includes quick connect adaptor to connect to standard hoses.



Dramm 76cm Classic Watering Wand

Part #649 **$51.00**

Professional watering wand with easy to use shut-off ball valve. Full flow 400 hole nozzle - 42L/min @ 40PSI. Padded foam grip. Nozzle head replaceable with any Dramm head. Dramm's classic wand used by nurseries and professionals for decades. Made in USA. Includes quick connect adaptor to connect to standard hoses.

Dramm 40cm OneTouch Watering Wand

Part #1379 Green **$60.00**

Part #1380 Blue **$60.00**

Professional watering wand featuring Dramm's new OneTouch valve. Easy thumb tip slide valve controls water flow from full flow to off. Full flow 41 litres/min valve at 40psi pressure and 400 hole nozzle. Soft rubber grip. Diecast body with brass thread. Available in blue or green. Includes quick connect adaptor to connect to standard hoses.

Dramm 76cm OneTouch Watering Wand

Part #1374 Green **$75.00**

Part #1378 Blue **$75.00**

Professional watering wand featuring Dramm's new OneTouch valve. Easy thumb tip slide valve controls water flow from full flow to off. Full flow 41 litres/min valve at 40psi pressure and 400 hole nozzle. Soft rubber grip. Diecast body with brass thread. Available in blue or green. Includes quick connect adaptor to connect to standard hoses.

Dramm Revolution

Part #1926 **$48.00**

High quality watering gun featuring 9 spray patterns. Quick click pattern changing. Thumb controlled valve for easy control. Ergonomic, heavy duty construction. One of 6 colours supplied. Includes quick connect adaptor for hose connection.

Dramm Shower Stream

Six colour choices - **$52.00 each**

Part #1381 Red Part #1382 Orange Part #1383 Yellow

Part #1384 Green Part #1385 Blue Part #1386 Berry

OneTouch shower & stream watering gun. Thumb controlled valve for easy control. Shower or stream watering pattern. Ergonomic, heavy duty construction. Available in six bright colours. Includes quick connect adaptor for hose connection.

Dramm Washer

Part #1972 **$2.00**

Replacement rubber washer for Dramm wands and heads.

Dramm O Ring

Part #2195 **$2.00**

Replacement O ring for Dramm Revolution.

Ryset Premium Garden Hose

Part #2061 18m **$80.00** Part #2062 30m **$112.00**

Premium heavy duty Australian made 12mm garden hose. Reinforced PVC / Nitrile rubber alloy hose gives superior flexibility in all weather conditions. Anti-kink 3mm wall thickness. Includes brass fittings. 10 year warranty. Available in 18m and 30m lengths.

Budtec "C" Clip 16mm (Bag 1000)

Part #2678 **$59.00**

Premium Australian made Budtec heavy duty saddle clip for securing dripline to the bottom wire. Strong, long life, UV stabilised polypropylene clips. Attaches to 2.6mm wire, stops water migration along dripline. 16mm diameter.

Dramm 170PL Head

Part #749 **$16.00**

Reduced flow plastic head with 170 hole aluminium disc - 26L/min @40PSI. Ideal for low pressure systems. Made in USA.

Dramm 170AL Head

Part #750 **$34.00**

Reduced flow cast aluminium 170 hole head - 26L/min @40PSI. Ideal for low pressure systems. Made in USA.

Dramm FOGG-IT 610 Nozzles

Part #695 Super Fine **$27.00**

Part #694 Fine **$27.00**

Part #926 Low/Med Vol **$27.00**

Part #927 High Vol **$27.00**

Brass nozzles have three mist jets which produce a super fine, fine, low/med or high volume conical spray pattern. Flow rates: Super Fine 2.3 LPM, Fine 4.5 LPM, , Low/Med 7.6 LPM, High 15.2 LPM. Made in USA.

Dramm Seedling Nozzle

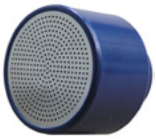
Part #693 **$34.00**

Brass seedling nozzle produces an extra fine hollow cone mist, ideal for seedlings or cuttings. Flow rate 2.3 LPM. Made in USA.

Dramm Flat Fan Nozzle

Part #1571 **$21.00**

Dramm Flat Fan Nozzle offers a medium water flow in a rectangular pattern. ABS plastic, US thread for Dramm wands. 22L/min @ 40PSI. Nozzle size: 120mm x 30mm with 84 fine holes.



Dramm 400PL Head

Part #651 **$20.00**

Full flow plastic head with 400 hole aluminium disc - 42L/min @40PSI. Made in USA.

Dramm 400AL Head

Part #650 **$48.00**

Full flow cast aluminium 400 hole head - 42L/min @40PSI. Made in USA.

Dramm 750PL Head

Part #652 **$44.00**

Reduced flow plastic head with 750 hole soft flow stainless disc. Made in USA.

Dramm 1000PL Heads

Part #692 1000PL **$44.00**

Part #1034 1000PLW **$44.00**

Part #1035 1000PLN **$44.00**

Reduced flow plastic heads with 1000 hole super soft flow stainless disc - 26L/min @400PSI. 1000PL has a standard spray pattern, 1000PLW wide spray pattern and 1000PLN a narrow spray pattern. Made in USA.

Dramm Brass Rose

Part #1568 **$290.00**

Professional 100mm diameter brass rose, with extra wide spray pattern for faster watering. Solid brass with protective rubber guard. 70L/min @ 40PSI. Weight: 250g. Includes US-metric thread adaptor to fit standard 3/4" fittings & Dramm fittings. Made in Germany.

Dramm Valve

Part #717 **$18.00**

Plastic shut off valve to suit Dramm watering wands. US threads. Use quick connect adaptor to attach standard quick connect hoses.

Dramm 74 Valve

Part #697 **$57.00**

Professional light weight full flow shut-off valve to suit Dramm watering wands (US threads). Made from reinforced fibre filled plastic, the 74 valve features unmatched durability in a full flow valve.

Dramm 300 Brass Valves

Part #696 US Thread **$70.00**

Part #725 BSP Thread **$70.00**

Professional brass valve with hard chrome plated ball turns off water with a quarter turn of the valve. 3/4" threads - use #696 with other Dramm products or #725 with non-Dramm. Made in USA.

Quick Connect Adaptor

Part #718 **$2.50**

Adapts US thread Dramm products to standard quick connect hose fittings.

Dramm Thread Adaptors

Part #1569 Metric-US (black) **$4.50**

Part #1570 US-Metric (grey) **$4.50**

Thread adaptors for converting Dramm products (US thread) to metric thread or vice versa. Black adaptor is 3/4" male US thread - 3/4" female metric. Grey adaptor is 3/4" female US thread - 3/4" male metric thread.

Dramm ILF-175 In-Line Filter

Part #862 **$65.00**

Inline filter for use with any Dramm wand or head, but particularly suitable for the 1000PL and 750PL heads to stop blockages.

Part #863 - Replacement Filter **$19.00**

Spraying Equipment

Solo 475 Backpack Sprayer

Part #1172 **$310.00**

Professional backpack sprayer with a capacity of 15L. Highest UV resistant tank, more durable pumping mechanism, highest quality Viton® seals and strongest wand and trigger assembly. Diaphragm pump with 4 bar spray pressure and fitted with pressure regulator. Dry weight 4.6kg. “Comfort” line made in Germany. 5 year warranty.

Solo 256/257 Manual Sprayers

Part #1168 256 5L **$145.00**

Part #1169 257 7.5L **$158.00**

Professional 5L & 7.5L pressure sprayers. A 480cm³ piston pump generates 3 bar pressure with just a few strokes. 50cm long lance, large container opening allowing for easy filling and cleaning, sturdy pump handle and assembly, relief valve for safe operation, locking trigger and Viton® seals. Dry weight 2.5kg (256), 2.6kg (257). Made in Germany.

Solo 401/402 Hand Sprayers

Part #1389 401 1L **$37.00**

Part #1390 402 2L **$42.00**

Professional mini sprayer with 1L(401) or 2L(402) tank capacity. Piston pump with Viton seals and lever lock. Robust pump reaches the required operating pressure after just a few strokes. High quality nozzle is adjustable from a direct jet to the finest mist. Pivoting nozzle makes spraying easy in places such as underneath leaves. Dry weight 0.39kg (401), 0.46kg (402).

Barnel Telescopic Pole Saws

Part #49 Z555 1.8-5m Telescopic Pole Saw with Z555B Blade	**$350.00**
Part #791 Z555 1.8-5m Telescopic Pole Saw with Z550B Blade	**$350.00**
Part #2423 Z555 1.8-5m Telescopic Pole Saw with Z558B Blade	**$365.00**
Part #65 Z555P2 2.3-6.3m Telescopic Pole Saw with Z555B Blade	**$410.00**
Part #792 Z555P2 2.3-6.3m Telescopic Pole Saw with Z550B Blade	**$410.00**
Part #2424 Z555P2 2.3-6.3m Telescopic Pole Saw with Z558B Blade	**$425.00**
Part #1794 Z555P3 2.3-7.5m Telescopic Pole Saw with Z555B Blade	**$520.00**
Part #1793 Z555P3 2.3-7.5m Telescopic Pole Saw with Z550B Blade	**$520.00**
Part #2425 Z555P3 2.3-7.5m Telescopic Pole Saw with Z558B Blade	**$535.00**

Aluminium telescopic pole saws. 2 extension (5m/6.3m) or 3 extension (7.5m) elliptical pole for greater strength. Features quick release 460mm SK4 Samurai steel blade with impulse hardened teeth (no sharpening). Three blade options:

- Z555B 5.5mm tooth pitch, 1.4mm thick for aggressive, faster sawing
- Z550B finer 4.5mm tooth pitch, 1.5mm thick for less flex/breakage (ideal for palms)
- Z558B 5.5mm tooth pitch, 1.8mm thick for extra stiffness for aggressive, faster sawing

Blades cut on pull stroke and incorporate raker slots to clean as they cut. Includes hard PVC blade sheath. Superior pole locking mechanism and great blades. Weight: Z555 2.4kg / Z555P2 3.2kg / Z555P3 3.8kg (with blade excluding sheath).

#178 - Z555B Blade	**$115.00**	#776 - Pole Base Cap (Z555-4)	**$12.00**	#547 - 6.3m Bottom Pole Section (Z555-6A)	**$160.00**
#790 - Z550B Blade	**$115.00**	#181 - Upper Coupler (Z555-3)	**$20.00**	#548 - 6.3m Middle Pole Section (Z555-6B)	**$120.00**
#2419 - Z558B Blade	**$120.00**	#182 - Lower Coupler (Z555-3A) 5m/6.3m	**$20.00**	#549 - 6.3m/7.5m Top Pole Section (Z555-6C)	**$115.00**
#179 - 1.8-5m Pole Only	**$260.00**	#1917 - Lower Coupler (Z555-3B) 7.5m	**$20.00**	#1479 - Coupler Black Knob	**$6.00**
#184 - 2.3-6.3m Pole Only	**$320.00**	#544 - 5m Bottom Pole Section (Z555-5A)	**$140.00**	#2082 - 7.5m Bottom Pole Section (Z555-7A)	**$180.00**
#1792 - 2.3-7.5m Pole Only	**$430.00**	#545 - 5m Middle Pole Section (Z555-5B)	**$100.00**	#1904 - 7.5m LowerMid Pole Section (Z555-7B)	**$135.00**
#180 - Mounting Pin (Z555-7)	**$9.00**	#546 - 5m Top Pole Section (Z555-5C)	**$100.00**	#1905 - 7.5m TopMid Pole Section (Z555-7C)	**$125.00**

Barnel B555 Lopper Head for Telescopic Poles

Part #396 B555 Lopper Head and Adaptor **$165.00**

Professional heavy duty drop forged lopper head. Induction hardened, heat treated blade edge, teflon coated for easier cutting. Deep anvil hook with self cleaning sap groove for optimum performance. Centre oiler bolt reduces wear. Heavy duty precision coil spring. Deep groove pulley system provides cutting leverage, with strong durable rope & hardwood handle. Max cutting capacity of 40mm (soft, green). Average cutting capacity 25mm. Includes quick release adaptor for Barnel poles. Weight 1.8kg (including adaptor). Due to the weight of this head, we do not recommend for the Barnel 2.3-7.5m pole.

Part #397 1.8-5m Telescopic Pole + B555 Lopper Head + Adaptor	**$405.00**
Part #399 1.8-5m Telescopic Pole + B555 Lopper Head + Adaptor + Z555B Blade	**$500.00**
Part #793 1.8-5m Telescopic Pole + B555 Lopper Head + Adaptor + Z550B Blade	**$500.00**
Part #398 2.3-6.3m Telescopic Pole + B555 Lopper Head + Adaptor	**$465.00**
Part #400 2.3-6.3m Telescopic Pole + B555 Lopper Head + Adaptor + Z555B Blade	**$560.00**
Part #794 2.3-6.3m Telescopic Pole + B555 Lopper Head + Adaptor + Z550B Blade	**$560.00**

Barnel B553 Compound Lopper Head for Telescopic Poles

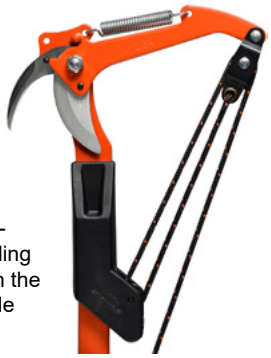
Part #2418 **$95.00**

Barnel B553 compound pruner head for Barnel telescopic poles (5m, 6.3m and 7.5m). Gear driven multi pulley pruner head cuts up to 30mm diameter (green branches). Anvil style cutting head with non-stick coated high carbon steel blade. No adaptor required for Barnel's telescopic poles - simply slide onto the pole. Rope length 6.4m. Weight 760g. Lighter duty option to the B555.

Barnel B188Z6-10 Telescopic 3-in-1 Combo Pruner

Part #13 **$215.00**

1.8-3.0m telescopic 3-in-1 combo pruner. Includes fully removable cutting head, cut-n-hold attachment and 300mm tri-edge tiger tooth saw blade. New spring loaded cut-n-hold design ideal for gripping foliage/fruits/cuttings. Centre oiler bolt and ergonomic non-slip handle. Handle rotates for optimum cutting position. Cuts up to 9.5mm with cut-n-hold attached or 17mm diameter with cut-n-hold removed (green timber). Saw blade attaches to pole without removing cutting head, enabling larger branches to be cut with the one tool. Weight - 1150g.



Bahco AP-234-F Top Pruner

Part #1807 **$250.00**

Aluminium pole pruner enables pruning of small branches up to 4m high. Cuts up to 30mm diameter. Two methods of operation - clearing out and pruning. In clearing out mode, hook the cutting head over the branch and pull the pole down towards you, enabling maximum cutting force. In pruning mode (for small branches), hook the cutting head over the branch and pull the rope down with the orange handle to cut the branch. Lever system provides 50% mechanical advantage for easier cutting. Fully hardened steel blade with slicing action for neat and efficient cut. Length: 2.2m, weight 1.52kg. Made in France.

Bahco Bahco ATP-230-410 Top Pruner

Part #2208 **$315.00**

Telescopic top pruner easily cuts off tall branches and overgrown trees without the need of a ladder. Lightweight aluminium pole can be adjusted from 2.3m to 4.0m, which brings a reach up to 6 meters. The lever action slicing system reduces the effort required which makes cutting easier. Cuts up to 32mm diameter. 230° rotating cutting head for easy cutting of branches in every direction. Dyneema® rope: High strength,extremely strong and breakage resistant. Weight 2kg. Made in France.

Nishigaki Futomaru 2m Lopper

Part #2396 **$210.00**

Nishigaki Futomaru 2m fixed length lopper. Cuts up to 40mm diameter branches. Featuring one fixed and one movable handle providing leverage when cutting. Handles are made from oval cross section aluminium with wooden grips. Cutting head position is adjustable by rotating the centre pole. Total length 2m, blade length 40mm, weight 1.5kg. Made in Japan.

Green Mountain High Limb Chain Saw

Part #214 Professional Model 120cm Chain **$115.00**

High limb hand operated chain saw for cutting tree branches. Patented 120cm chain blade which features bimatic carbon steel cutters, engineered for hand use and maximum cutting efficiency as the blade is drawn back and forth. Lightweight, but extremely strong, 7.5m polypropylene ropes are attached to each end of the blade and a sandbag throwing weight is attached to one rope end. Made in USA.

Silky Longboy 3.6m Folding Telescopic Pole Saw

Part #1003 **$474.00**

Lightweight (1.95kg) folding pole saw extends from 1.45-3.6m. 360mm blade folds down on pole when not in use, reducing length to 1.4m & allowing pole to fit in a boot of a car. Aluminium alloy 2 extension pole. New design sheath locks blade on pole for transport. Blade pitch 7 teeth / 30mm. Made in Japan.

#1004 - Longboy Blade **$86.00**

Silky Forester 4.5m Telescopic Pole Saw

Part #2598 **$427.00**

Silky Forester 4.5m, 2 extension (3 section) telescopic pole saw. Aluminium alloy oval extension pole. 380mm hard chrome plated blade featuring 7.5 teeth / 30mm in a non-set Mirai-Me tooth configuration. Impulse hardened teeth (not resharpenable). Cuts on pull stroke only (do not force the push stroke). Plastic sheath for blade included. Weight with blade (exc sheath) 1.95kg. Retracted length with blade 2.2m, without blade 1.7m. Made in Japan.

#2599 - Forester Blade **$115.50**

Silky Hayauchi Telescopic Pole Saws

Part #19 2.3-3.7m **$409.00**

Part #20 2.35-6.3m **$613.00**

2.3-3.7m 1 extension and 2.35-6.3m 3 extension pole saws (length includes blade). Upper sickle cuts vines, lower undercuts bark. Aluminium alloy extension pole. Adjustable blade to 2 angles. 390mm blade length. Blade pitch 6.5 teeth / 30mm. Includes sheath. Made In Japan.

#185 - Hayauchi Blade **$150.00**

Silky Hayate 7.7m Telescopic Pole Saw

Part #254 **$823.00**

7.7m, 3 extension (4 section) pole saw. Upper sickle cuts vines, lower sickle undercuts bark. Cuts on pull stroke. Aluminium alloy extension pole. 420mm special alloy blade with plastic sheath. Pitch 6.5 teeth/30mm. 1.8mm blade thickness. Weight 4.5kg (with blade). Length 2.3m (no blade), 2.8m (with blade).

#255 - Hayate Blade **$155.00**

Barnel B277Z Fruit Picking Head for Telescopic Poles

Part #2300 B2777Z Head Only **$115.00**

Barnel B277Z precious fruit picker designed for use on poles to reach up into fruit trees. The picking head incorporates specially designed plastic fingers for harvesting fruit which doesn't require cutting of the stem, as well as a V shaped blade for fruit that does require stem cutting. The plastic fingers can be removed and the head used with just the cutter if working in dense foliage. To operate, position the fruit head so the stem is in the plastic fingers (or in the blade when the stem requires cutting), and pull the pole towards you to harvest the fruit. Replaceable bag collects the harvested fruit (don't overload). Collection basket is approximately 23cm x 17cm across and 25cm deep. Head can be angled to suit particular applications. Includes adaptors for mounting on Barnel aluminium telescopic poles or a 32mm diameter round pole. Available as a package with Barnel's 1.8-5m or 2.3-6.3m telescopic aluminium poles.

Part #702 1.8-5m Telescopic Pole + B277Z Head **$350.00**

Part #699 2.3-6.3m Telescopic Pole + B277Z Head **$410.00**

Pruning Saws

Silky Pocketboy Folding Saws

Part #898 130mm Fine Tooth (Blue) **$64.00**
Part #1583 130mm Medium Tooth (Black) **$64.00**
Part #1585 130mm Large Tooth (Red) **$64.00**
Part #1587 170mm Fine Tooth (Blue) **$70.00**
Part #851 170mm Medium Tooth (Black) **$70.00**
Part #1589 170mm Large Tooth (Red) **$70.00**

Folding saws with either 130mm or 170mm blades. Available with fine tooth (20 teeth/30mm), medium tooth (10 teeth /30mm) or large tooth (8 teeth/30mm) blades. Mirai-Me tooth design featuring 4 cutting angles. Hard chrome plated, mirror polished, impulse hardened blade. Includes carry case. Non-slip rubber handle. Made in Japan.

#971 - 130mm FT Blade **$36.00**
#1584 - 130mm MT Blade **$36.00**
#1586 - 130mm LT Blade **$36.00**
#1588 - 170mm FT Blade **$39.00**
#852 - 170mm MT Blade **$39.00**
#1590 - 170mm LT Blade **$39.00**

Silky Gomboy Folding Saws

Part #988 210mm **$78.00**
Part #989 240mm **$91.00**
Part #990 270mm **$100.00**
Part #991 300mm **$108.00**

Multipurpose folding saw suitable for pruning as well as cutting dry, hard timber. Mirai-Me taper ground tooth design featuring 4 cutting angles. Rubber insert-processed steel handle for strength, yet well balanced. 210, 240, 270 or 300mm blade lengths. Medium tooth blade: 10 teeth / 30mm. Made in Japan.

#992 - Gomboy 210mm MT Blade **$44.00**
#993 - Gomboy 240mm MT Blade **$48.00**
#994 - Gomboy 270mm MT Blade **$50.00**
#995 - Gomboy 300mm MT Blade **$53.00**

Silky Gomboy Curved Blade Folding Saws

Part #2020 210mm **$80.00**
Part #2021 240mm **$94.00**
Part #2037 270mm **$102.00**
Part #2022 300mm **$111.00**

Curved blade folding saws suitable for fast pruning of trees. Mirai-Me tooth design featuring 4 cutting angles. Taper ground, non-set impulse hardened teeth and hard chrome plating on blade. Rubber insert-processed steel handle for strength, yet well balanced. 210mm, 240mm, 270mm and 300mm blade lengths with large teeth (8 teeth/30mm). 210mm and 240mm include plastic carry case. Made in Japan..

#2023 - GB Curve 210mm Blade **$46.00**
#2024 - GB Curve 240mm Blade **$51.00**
#2038 - GB Curve 270mm Blade **$55.00**
#2051 - GB Curve 300mm Blade **$59.00**

Silky Super Accel 210mm Folding Saw

Part #1597 **$79.00**

Lightweight folding saw with 210mm large blade (7.5 teeth/30mm).Mirai-Me tooth design featuring 4 cutting angles. Hard chrome plated, mirror polished, impulse hardened blade. Blade can be set at one of two cutting angles. Rubberised aluminium grip. Weight 200g. Made in Japan.

#1598 - Super Accel 210mm Blade **$45.00**

Silky Bigboy Folding Saws

Part #1980 Fine Tooth (Blue) **$116.00**
Part #1982 Medium Tooth (Black) **$116.00**
Part #1984 Large Tooth (Red) **$116.00**

Large blade folding saws featuring a 360mm straight blade. Choice of three blade options: fine tooth (blue handle - 13 teeth per 30mm), medium tooth (black handle - 10 teeth per 30mm) or large tooth (red handle - 7 teeth per 30mm). Taper ground to reduce resistance. Cuts on pull stroke. Rubberised non-slip handle. Made in Japan.

#1981 - Bigboy FT Blade **$63.00**
#1983 - Bigboy MT Blade **$63.00**
#1985 - Bigboy LT Blade **$63.00**

Silky Bigboy 2000 Folding Saw

Part #996 **$131.00**

Large folding saw with a uniquely shaped blade and handle. 360mm slightly curved blade with very large 6.5 teeth / 30mm is designed for cutting larger branches. Taper ground to reduce resistance. Rubberised non-slip handle. Made in Japan.

#997 - Bigboy 2000 Blade **$73.00**

Silky Katanaboy Folding Saws

Part #1912 500mm **$321.00**
Part #1872 650mm **$513.00**

Massive folding saws! 500mm or 650mm blade with huge 4 teeth / 30mm (3.4 TPI) is designed for cutting larger branches. Taper ground to reduce cutting resistance. Can be resharpened. Cuts on pull stroke. Rubberised non-slip handle. Includes carry bag that will fit under the seat of a 4WD. Made in Japan.

#1928 - Katanaboy 500mm Blade **$154.00**
#1929 - Katanaboy 650mm Blade **$305.00**

Silky Pocketboy Outback Edition Folding Saw

Part #2374 **$78.00**

Silky Pocketboy Outback Edition is a premium folding adventure saw. 170mm blade cuts bone and wood and is ideal for camping. Taper ground blade with non-set teeth reduces cutting resistance enabling smoother, easier, faster cutting performance. The blade features a mirai-me 4 cutting angle tooth pattern, which leaves a smooth finish after cutting and can rip-cut, cross-cut and slant-cut. Camo-style handle crafted from wood particles and rubber. Made in Japan.

#2465 - Pocketboy Outback Blade **$41.00**

Silky Gomboy Outback Edition Folding Saw

Part #2375 **$99.00**

Silky Gomboy Outback Edition is a premium folding adventure saw. 240mm blade cuts bone and wood and is ideal for camping. Taper ground blade with non-set teeth reduces cutting resistance enabling smoother, easier, faster cutting performance. The blade features a mirai-me 4 cutting angle tooth pattern, which leaves a smooth finish after cutting and can rip-cut, cross-cut and slant-cut. Camo-style handle crafted from wood particles and rubber. Made in Japan.

#2464 - Gomboy Outback Blade **$54.00**

Silky Bigboy 2000 Outback Edition Folding Saw

Part #2376 **$174.00**

Silky Bigboy 2000 Outback Edition is a premium folding adventure saw. 360mm blade cuts bone and wood and is ideal for camping. Taper ground blade with non-set teeth reduces cutting resistance enabling smoother, easier, faster cutting performance. The blade features a mirai-me 4 cutting angle tooth pattern, which leaves a smooth finish after cutting and can rip-cut, cross-cut and slant-cut. Camo-style handle crafted from wood particles and rubber. Made in Japan.

#2466 - Gomboy Outback Blade **$75.00**

Silky GomCase

Part #2271 **$37.00**

Rubber holster to suit Silky folding saws. Suits the following Silky folding saws:Super Accel 210mm, Gomboy 210mm, Gomboy 240mm, Gomboy Curve 210mm, Gomboy Curve 240mm, Gomboy Outback 240mm, Pocketboy 170mm, Pocketboy Outback 170mm, F-180. The rubber U piece at the top of the holster clips over the top of your belt. Made in Japan.

Silky Gomtaro Root Cutting Saw

Part #1637 **$110.00**

240mm blade root cutting saw with 8 teeth/30mm (6.8TPI). Specifically designed for cutting tree roots, the saw teeth are impulse hardened & chrome plated for the harsh root cutting environment. Mirai-Me non-set cutting teeth design. Rubber hand grip and PVC sheath. Made in Japan.

#1759 - Gomtaro Root Blade **$63.00**

Silky Gomtaro Pruning Saws

Part #1593 210mm Large Tooth **$99.00**

Part #972 240mm Large Tooth **$103.00**

Part #1595 270mm Large Tooth **$110.00**

Part #973 300mm Large Tooth **$115.00**

Part #18 300mm Fine Tooth **$115.00**

Mirai-Me tooth design featuring 4 cutting angles. Very smooth surface left after cutting. Cuts on pull stroke. Available in 210mm, 240mm, 270mm and 300mm large tooth blades (8/30mm) & 300mm fine tooth blade (13/30mm). Moulded rubber hand grip & plastic sheath. Made in Japan.

#1594 - 210mm Gom LT Blade **$56.00**
#974 - 240mm Gom LT Blade **$59.00**
#1596 - 270mm Gom LT Blade **$63.00**
#975 - 300mm Gom LT Blade **$67.00**
#176 - 300mm Gom FT Blade **$67.00**
#1601 - Gomt. Screw Set (x1) **$8.00**

Silky Tsurugi Pruning Saws

Part #1686 300mm Medium Tooth **$134.00**

Part #1684 300mm Large Tooth **$134.00**

Slimline, lightweight straight blade pruning saws designed to prune to hard to reach places. Precision ground, razor sharp teeth provide fast, clean and extremely smooth cutting action with reduced effort. Rubber composite handle provides good grip and ergonomics. Includes aluminium scabbard. Available with medium teeth (10 teeth per 30mm) or large teeth (8 teeth per 30mm). Made in Japan.

#1690 - Tsurugi 300mm MT Blade **$73.00**
#1688 - Tsurugi 300mm LT Blade **$73.00**

Pruning Saws

Silky Natanoko 2000 Pruning Saw

Part #980 **$138.00**

Uniquely shaped blade with a very slight curve and featuring non-set extra large 6.5 teeth / 30mm. Ideal for forestry or arborist pruning. Non-slip rubber handle and plastic sheath. 330mm blade length, Made in Japan.

Silky Ibuki Pruning Saw

Part #1996 **$165.00**

390mm taper ground curved blade featuring Mirai-Me teeth technology. Hard chrome plated blade. Very large tooth blade - 5.5 teeth per 30mm. Non-slip rubber handle and plastic sheath with ring and belt strap attachments. Ideal for forestry or arborist pruning. Cuts on pull stroke. Blade can be resharpened. Weight 540g without sheath, 840g with sheath. Made in Japan.

#1997 - Ibuki Blade **$110.00**

Silky Sugoi Pruning Saws

Part #2273 330mm **$179.00**
Part #840 360mm **$185.00**
Part #982 420mm **$196.00**

State of the art 330mm, 360mm and 420mm curved blade pruning saws. Mirai-Me tooth design - cuts on pull stroke. Non-slip rubber hand grip and high visibility sheath. 5.5-6.5 teeth / 30mm blade. Made in Japan. Can be resharpened - Japanese sharpening file sold separately.

Silky Zubat 330mm Ultimate Pruning Saw

Part #2597 **$137.00**

The Zubat Ultimate features a progressive teeth design that provides a smoother start to the cutting stroke, while still maintaining efficiency with the aggressive curved blade. The new scraper-shaped GOKAI-ME teeth are perfectly designed to remove remaining sawdust and to make both rip-cuts, cross-cuts and slant-cuts with ease. The new 3D roller lock system protects the scabbard from the teeth, giving it a longer lifespan. Electroless nickel plating coats the entire blade, giving it stronger rust resistance to ensure the saw lasts. 330mm blade with 7.5 teeth per 30 mm. Made in Japan.

#2610 - 330mm Zubat Ultim Blade **$67.00**

Felco 600 160mm Folding Saw

Part #96 **$55.00**

160mm straight blade folding saw. Rust resistant hard chromed blade made from high quality steel. Impulse hardened teeth for long life. Comfortable non-slip handle. Cuts on pull stroke. Weight 161g.

#97 - Blade (600/3) **$48.00** #1261 - Lever Kit (600/10) **$14.00**
#1260 - Screw/Nut (60/4+60/5) **$5.00**

Felco 602 160mm Folding Saw

Part #2566 **$56.00**

160mm straight blade folding saw. Exceptional blade design delivers extremely fast cutting speed with minimal force as you effortlessly pull the teeth through the wood. The concave blade shape and optimised teeth setting avoids clogging to ensure that sap and sawdust are no obstacle when cutting. Comfortable non-slip handle. Cuts on pull stroke. Weight 160g.

#2666 - Blade (602/3) **$50.00**

Felco 603 200mm Folding Saw

Part #2567 **$63.00**

200mm curved blade folding saw. Exceptional blade design delivers extremely fast cutting speed with minimal force as you effortlessly pull the teeth through the wood. The concave blade shape and optimised teeth setting avoids clogging to ensure that sap and sawdust are no obstacle when cutting. Comfortable non-slip handle. Cuts on pull stroke. Weight 215g.

#2603 - Blade (603/3) **$58.00**

Felco 604 240mm Folding Saw

Part #2568 **$74.00**

240mm curved blade folding saw. Exceptional blade design delivers extremely fast cutting speed with minimal force as you effortlessly pull the teeth through the wood. The concave blade shape and optimised teeth setting avoids clogging to ensure that sap and sawdust are no obstacle when cutting. Comfortable non-slip handle. Cuts on pull stroke. Weight 250g.

#2667 - Blade (604/3) **$64.00**

Felco 611 330mm Pruning Saw

Part #98 **$116.00**

330mm straight blade pruning saw. Rust resistant hard chromed, high quality steel blade. Impulse hardened teeth for long life. Non-slip handle. Cuts on pull stroke. Includes sheath with detachable belt loop. Weight 370g.

#951 - Blade (611/3) **$91.00** #1262 - Screw/Nut (61/4+61/5) **$10.00**

Felco 621 240mm Pruning Saw

Part #100 **$106.00**

240mm straight blade pruning saw. Rust resistant hard chromed high quality steel blade. Impulse hardened teeth for long life. Non-slip handle. Cuts on pull stroke. Includes sheath with detachable belt loop. Weight 307g.

#952 - Blade (621/3) **$80.00** #1262 - Screw/Nut (61/4+61/5) **$10.00**

Felco 630 330mm Pruning Saw

Part #1866 **$129.00**

330mm curved blade pruning saw. Rust resistant hard chromed steel blade. Impulse hardened teeth for long life. Blade geometry made for non-friction cutting/optimised chip evacuation. Cuts on pull stroke. Includes sheath with detachable belt loop, interchangeable for left/right handers. Weight 400g.

#1944 - Blade (630/3) **$72.00** #1262 - Screw/Nut (61/4+61/5) **$10.00**

Felco 640 270mm Pruning Saw

Part #1867 **$119.00**

270mm curved blade pruning saw. Rust resistant hard chromed steel blade. Impulse hardened teeth for long life. Blade geometry made for non-friction cutting/optimised chip evacuation. Cuts on pull stroke. Includes sheath with detachable belt loop, interchangeable for left/right handers. Weight 365g.

#1945 - Blade (640/3) **$66.00** #1262 - Screw/Nut (61/4+61/5) **$10.00**

Barnel Z130 130mm Folding Saw

Part #235 Z130 **$40.00**

Tri-edge tiger tooth folding saw with 130mm impulse hardened SK4 Samurai steel straight blade, 3mm pitch. Length 180mm/290mm. Double locking system with rubber grip. Cuts on pull stroke. Fast cutting with a smooth finish.

#236 - Blade (Z130-1) **$25.00** #1475 - Bolt/Nut **$4.00**

Barnel Z210 150mm Folding Saw

Part #55 **$42.00**

Tri-edge tiger tooth folding saw with 150mm impulse hardened SK4 Samurai steel straight blade, 4mm pitch. Length 210mm/340mm. Double locking system with rubber grip. Cuts on pull stroke. Fast cutting with a smooth finish. Great saw for small branches.

#161 - Blade (Z210-1) **$27.00** #1475 - Bolt/Nut **$4.00**

Barnel Z180 180mm Folding Saw

Part #317 **$48.00**

Tri-edge tiger tooth folding saw with 180mm impulse hardened SK4 Samurai steel curved blade, 4mm pitch. Length 235mm/390mm. Double locking system with rubber grip. Cuts on pull stroke. Fast cutting with a smooth finish. Great saw for small-medium branches.

#319 - Blade (Z180-1) **$33.00** #238 - Bolt/Nut **$4.00**

Barnel Z240 240mm Folding Saw

Part #318 **$57.00**

Tri-edge tiger tooth folding saw with 240mm impulse hardened SK4 Samurai steel curved blade, 4mm pitch. Length 295mm/520mm. Double locking system with rubber grip. Cuts on pull stroke. Fast cutting with a smooth finish. Great saw for small-large branches.

#321 - Blade (Z240-1) **$37.00** #1475 - Bolt/Nut **$4.00**

Barnel Z270 270mm Folding Saw

Part #56 **$60.00**

Tri-edge tiger tooth folding saw with 270mm impulse hardened SK4 Samurai steel curved blade, 4mm pitch. Length 330mm/580mm. Double locking system with rubber grip. Cuts on pull stroke. Very fast cutting with a smooth finish. Great saw for small-large branches & can use two hands.

#164 - Blade (Z270-1) **$44.00** #238 - Bolt/Nut **$4.00**

Barnel Z203 240mm Arborist Saw

Part #511 **$65.00**

Tri-edge tiger tooth straight blade saw with 240mm impulse hardened, hard chrome plated SK4 Samurai steel blade, 4mm tooth pitch. Total length 400mm (480mm with sheath). Cuts on pull stroke. Ergonomic rubber handle. Includes sheath with clip & belt loop. A nicely balanced saw which produces very clean, fast cuts. Thinner, more flexible blade than Z13/Z14.

#512 - Blade (Z203-1) **$37.00** #1475 - Bolt/Nut **$4.00**

Barnel Z301T 300mm Arborist Saw

Part #1942 **$82.00**

Tri-edge tiger tooth straight blade saw with 300mm impulse hardened, hard chrome plated SK4 Samurai steel blade, 4mm tooth pitch, with undercut teeth on top of blade for easy undercutting of branches. Total length 450mm (480mm with sheath). Cuts on pull stroke. Ergonomic rubber handle. Includes sheath with clip & belt loop.

#1943 - Blade (Z301T-1) **$42.00** #1475 - Bolt/Nut **$4.00**

Barnel Z13 320mm Forestry Saw

Part #514 **$88.00**

320mm curved blade tiger tooth saw with SK4 Samurai steel impulse hardened hard chrome plated blade. 4mm tooth pitch. Length 505mm (540mm with sheath). Cuts on pull stroke. Ergonomic rubber handle & ABS guided sheath with belt loop. An all-round pruning saw for gardens.

#515 - Blade (Z13-1) **$42.00** #171 - Bolt/Nut (Z13-2A) **$4.00**

Barnel Z14 355mm Forestry Saw

Part #14 **$95.00**

355mm curved blade tiger tooth saw with SK4 Samurai steel impulse hardened hard chrome plated blade. 4mm tooth pitch. Length 520mm (540mm with sheath). Cuts on pull stroke. Ergonomic rubber handle & ABS guided sheath with belt loop. An all-round pruning saw for gardens.

#169 - Blade (Z14-1) **$46.00** #171 - Bolt/Nut (Z13-2A) **$4.00**

Barnel Z17 360mm Tree Saw

Part #15 **$79.00**

360mm curved blade tiger tooth saw with SK4 Samurai steel impulse hardened hard chrome plated blade. 4mm tooth pitch, 1.4mm tooth thickness. Length 540mm. Cuts on pull stroke. Ergonomic rubber coated “D” handle for hand protection. Ideal for larger branches.

#172 - Blade (Z17-1) **$56.00** #330 - Bolt/Nut **$4.00**

Barnel Z25T 460mm Giant Limb Saw

Part #1552 **$95.00**

460mm straight blade tiger tooth saw with SK4 Samurai steel impulse hardened hard chrome plated blade with additional top teeth for undercutting branch. 6mm tooth pitch, 1.4mm tooth thickness. Length 640mm. Cuts on pull stroke. Ergonomic rubber coated “D” handle for hand protection. Huge tooth pitch and length designed for cutting large branches with great speed. Too big for small branches.

#1553 - Blade (Z25T-1) **$66.00** #330 - Bolt/Nut **$4.00**

Barnel Leather Holster for Z13/Z14 Saws

Part #58 **$55.00**

Leather saw sheath to suit Barnel Z13/Z14 saws or other curved blade saws up to 355mm blade length. High quality USA saddle leather with stainless rivets. Leather belt loop and stainless storage loop on back. Nylon roller for easy saw removal. Includes leg tie. Length 420mm, Barnel model BLS934.

Barnel Leather Holster for Z17 Saw

Part #420 **$62.00**

Leather saw sheath to suit Barnel Z17 saw or other 360mm curved blade saws. High quality USA saddle leather & stainless rivets. Leather belt loop and stainless storage loop on back. Nylon roller for easy saw removal and includes leg tie. Length: 490mm. Barnel model BLS937.

Green Mountain Survival Saw

Part #597 **$50.00**

Compact survival saw for cutting fallen branches, firewood etc. Patented 64cm chain blade which features bimatic carbon steel cutters, engineered for hand use and maximum cutting efficiency as the blade is drawn back and forth. Strong handgrips attached to the each end of the chain. Includes tough belt pouch to store & carry. Can be easily sharpened with standard chainsaw file. Fast cutting & designed to last. Size when stored in pouch 13x9x5cm, weighs less than 200g including pouch! Made in USA.

Bahco 396-JS Folding Saw

Part #1892 **$72.00**

Professional folding saw with 190mm blade. Aggressive hard point teeth for fast and easy cutting of green wood and thick branches. Strong two component plastic handle with comfortable grip. Safety lock operated folding blade (in open or closed position).Total length: 40cm (open), 23cm (closed); Weight 180g. Saw comes with 396-JS blade for fast cutting of thicker green branches (tooth pitch approx. 6 teeth per 30mm). 396-HP blade available separately which is designed for cutting hard/dry wood or for smaller branches (tooth pitch approx. 8.5 teeth per 30mm). Made in Sweden.

#1893 - 396-JS Blade **$43.00** #2015 - 396-HP Blade **$32.00**

Bahco 396-HP Folding Saw

Part #2552 **$57.00**

Bahco 396-HP professional folding saw with 190mm blade. Special hardpoint XT toothing for a fast cut in hard or dry wood. Strong two component plastic handle with comfortable grip. Safety lock operated folding blade (in open or closed position). Tooth pitch approx. 8.5 teeth per 30mm. Total length: 40cm (open), 23cm (closed); Weight 180g. Made in Sweden. Can also use the 396-JS blade as described above.

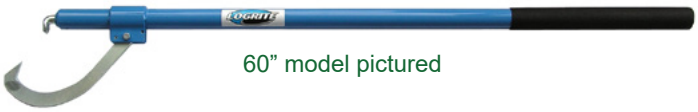
#2015 - 396-HP Blade **$32.00** #1893 - 396-JS Blade **$43.00**

Corona Root Saw

Part #1556 **$35.00**

Precision made 150mm blade root saw. Aggressive tooth pattern for faster, easier cutting. Hard chrome plated taper ground blade. Cuts in both directions.

Log Tools & Chainsaw Mills



60” model pictured

Logrite Cant Hooks

Part #1152 42” **$370.00** Part #1153 60” **$430.00**

Strong aluminium handled cant hook for moving/rolling logs. Heat treated, zinc plated hook is built to last. Textured rubber grip for comfort. Stronger, lighter and easier to use than wooden handle versions. Available in 42” (107cm) and 60” (152cm) lengths. Handle diameter 45mm. Weight 3.4kg (42”) and 4.1kg (60”). Made in USA.

42” model pictured

Logrite Peavey Hooks

Part #1154 42” **$370.00** Part #1155 60” **$430.00**

Strong aluminium handled peavey hook for moving/rolling logs. Heat treated, zinc plated hook is built to last. Textured rubber grip on for comfort. Stronger, lighter and easier to use than wooden handle versions. Available in 42” (107cm) and 60” (152cm) lengths. Handle diameter 45mm. Weight 3.4kg (42”) and 4.1kg (60”). Made in USA.

Peavey hook attached is not included

Logrite Log Stand

Part #1156 **$125.00**

15cm universal log stand attaches to Logrite’s peavey or cant hooks to raise one end of the log. Enables log cutting without having the chainsaw hit the ground - ideal for cutting firewood. Photo shows the log stand attached to Logrite’s peavey hook (peavey hook not included). Made in USA.

Council Tool Hookeroon

Part #1019 **$130.00**

Professional hookeroon designed for moving logs, firewood & boards. Forged tool steel tapered pick head, hand sharpened and hydraulically seated onto American hickory handle and secured with a serrated aluminium wedge. Heat treated working ends produce fine grain structure & RC 45-55 Rockwell hardness. Length 87cm (12cm long hook), 1.6kg. Made in USA.

Council Tool Pickaroon

Part #2674 **$130.00**

Professional Pickaroon for moving, sorting and carrying split firewood or complete rounds, dragging or skidding small logs or branches, driving/pounding felling and bucking wedges, rolling logs, etc. 700g head with good balance. 3-sided pick, sharpened to a point out of the box. Under-cutter on the bottom side of the pick that can be used to cleave off small limbs, and brush. Large poll face to help drive/pound bucking wedges, or small/medium felling wedges. Curved waxed hickory handle with fawn’s foot Length 87cm (9cm long hook), 1.4kg. Made in USA.

Log Volume Tables

Part #1865 Pkt Size **$30.00** Part #361 A5 Size **$30.00**

Pocket sized (11x15cm) and A5 sized (15.5x21cm) log volume ready reckoner for calculating the volume of logs based on centre diameter and length. Tables of log volume in cubic metres from lengths between 1.5 and 15m in 0.3m increments and diameters between 15cm and 158cm.

Granberg Alaskan Mill MKIII

Part #1394 24” Alaskan	**$537.00**
Part #1395 30” Alaskan	**$578.00**
Part #1396 36” Alaskan	**$614.00**
Part #1745 Slabbing Rail Brackets	**$120.00**
Part #1648 Auxiliary Oiler Kit	**$190.00**

The Alaskan Mill MKIII is an advanced timber mill, to be used in conjunction with an existing chainsaw. The MKIII clamps onto the chainsaw guide bar and is easily adjusted to produce exact timber thickness. Converts rough logs into perfectly dimensioned timber with an even re-sawn finish. Safe, easy-to-use and fast, the MKIII produces timber in thicknesses of 1/2”-13”, widths of 24-36”(select 24”, 30” or 36” model) and unlimited length. Available in 24”, 30” and 36” models. Chainsaw not included.

Granberg Small Log Mill

Part #1397 **$449.00**

The Alaskan Small Log Mill is an ideal mill for cutting small logs up to 16” diameter (approx 400mm). Compact and lightweight design easily attaches to your chainsaw bar with no drilling required. Recommended for 70-90cc chainsaws with bars of 20” or less. Will slab in thicknesses of 1/4”-13” and unlimited length. Chainsaw not included.

Granberg Mini Mill

Part #1398 **$329.00**

Compact vertical milling attachment for chainsaws. Ideal partner as an edger to the MKIII or to convert logs into timber. Includes 12” alum guide rail & a guide board with spikes to fasten to the log to complete the guide system. After the log is squared, the guide board may be adjusted to cut timber into any desired dimension. Designed for small chainsaws up to 60cc.

#2013 - Extra Mini Mill V-Rail 2ft section **$19.00**

Krumpholz Pickaroon 0582

Part #2704 **$75.00**

Premium heavy duty Pickaroon made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, Ideal for moving, sorting and carrying split firewood or complete rounds, dragging or skidding small logs or branches. Total length 80cm, head weight 600g, total weight 1kg. Pick head is 13cm long. Krumpholz model 0582. Made in Germany.

Council Tool Splitting Wedge

Part #1020 **$75.00**

Drop forged from American high carbon steel. Correctly bevelled around the “struck” face to deter chipping and cracking. Designed to split logs, firewood, stave and other wood products. 24cm long. Weight 2.35kg. Made in USA. Eye protection must be worn.

Council Tool Splitting Maul

Part #2759 **$180.00**

The new design 7lb splitting maul incorporates a more compact head, with a concave-wedge shape to the blade, and wider body to give more “pop” to the split. The head is balanced from front to back, with a slightly tapered poll that can be used to “finish” a split, without having to drive the blade back into the opened split, potentially driving it further into a splitting stump or into the ground. These design features make it a better splitting maul, as it is more ergonomically balanced, safer, and a more efficient and productive tool to use. American hickory straight handle. Total weight 3.7kg, total length 87cm, 9cm blade edge. Council Tool part 70MA. Made in USA.

Council Tool 5# Splitting/Felling Axe

Part #2675 **$175.00**

Council Tool single bit Sport Utility splitting/felling axe. Forged tool steel head. Larger poll, balanced head, and wedge shaped blade. 5 lb (2.3kg) head weight. 12cm Bit length from toe-to-heel. 18.7cm overall head length from bit-to-poll. Wedge-shaped blade with 25 deg. convex bevels/bit. Tempered bit hardness of Rc 48-55 and up to 30mm from the cutting edge. Head coated with boiled linseed oil. 91cm straight American hickory handle with eye section is dried to below 10% moisture content. Axe head is hydraulically seated onto handle, hung proud with a traditional wood and steel wedge. Total length 90cm, weight 2.9kg. SU50D36S. Made in USA.

Council Tool 3.5# Dayton Axe

Part #2676 **$145.00**

Council Tool 3.5 lb (1.6kg) Dayton pattern single bit axe. Dayton pattern so named for the Dayton, Ohio area. A full-sized felling axe for general axe chores. Cutting edge is approximately 12cm and the poll is square. Forged steel head, hand sharpened, tapered bit for cutting and splitting with a bit hardness of Rc 48-55. The poll and eye walls are not hardened and remain in the as forged condition. 91cm curved American hickory handle with eye section dried to below 10% moisture content. Axe head is hydraulically seated onto handle and secured with a serrated aluminum wedge. Total length: 88cm, blade length: 18cm x 12cm cutting edge, total weight 2.1kg. Council Tool part number 35DR36C. Made in USA.

#2677 - 36” Curved Handle (70-011) **$62.00**

Chainsaw Accessory Holster

Part #2239 **$110.00**

Premium leather chainsaw accessory holster. Fits accessories including wedges, sharpening file, wrench etc. With belt loop (belt not supplied). Made in Australia.

Treefeller Toolbelt - Ripstop

Part #1503 **$155.00**

Heavy duty Treefeller Toolbelt, includes 2 pouches for wedges with wedge remover straps to prevent jamming, first aid pouch and large can/chain pouch including leather file holder. All pouches have drainholes. Heavy duty YKK belt buckle. Super tough ripstop material. Made in New Zealand.

Krumpholz Splitting Axe 0015

Part #2703 **$130.00**

Premium heavy duty Splitting Axe made by artisan blacksmiths featuring hand forged carbon steel head and US Hickory timber handle, Due to its special properties, the super splitting axe is perfect for splitting wood. The sharp cutting edge penetrates the wood easily and the wedge-shaped, widening blade design is ideal for pushing the wood apart - perfectly tailored to the special requirements of splitting wood. Total length 80cm, head weight 2kg, total weight 2.9kg. Axe blade is 8cm wide. Krumpholz model 0015. Made in Germany.

Krumpholz Forestry & Splitting Axe 0082

Part #2752 **$152.00**

Premium heavy duty Forestry and Splitting Axe made by artisan blacksmiths featuring hand forged carbon steel head and US Hickory timber handle. Hand-forged CK45 tool steel head, cold-rolled and oil-hardened guarantees long-term use of the axe. Total length 80cm, head weight 1.25kg, total weight 2kg. Axe blade is 16cm wide at the cutting edge. Krumpholz model 0082. Made in Germany.

Krumpholz Forestry Axe 0019

Part #2702 **$140.00**

Premium heavy duty Forestry/Felling Axe made by artisan blacksmiths featuring hand forged carbon steel head and US Hickory timber handle. Total length 80cm, head weight 1.6kg, total weight 2.4kg. Axe blade is 13cm wide. Krumpholz model 0019. Made in Germany.

Krumpholz Hatchet 0571

Part #2701 **$66.00**

Premium heavy duty Hatchet made by artisan blacksmiths featuring hand forged carbon steel head and Ash timber handle, A quality hatchet for camping, splitting kindling and general hatchet tasks. Total length 40cm, head weight 700g, total weight 1.1kg. Axe blade is 9.5cm wide. Krumpholz model 0571. Made in Germany.

Council Tool Velvicut Felling Axe

Part #1040 **$415.00**

A beautiful, handmade full size felling axe produced by Council Tool's most experienced axe artisans. Forged from 5160 grade alloy steel for strength, toughness, durability and ability to hold an edge, heat treated 1.5 inches up the bit to RC50-54. Head is rough ground in a robotic work cell and hand sharpened. "A" grade American hickory handle, mounted with a softwood wedge crossed with a steel wedge for additional security. Leather sheath with buckle is included. Total length 87cm, blade length 19cm x 12cm. Weight 2.4kg. Council Tool model JP40DV36C. Made in USA.

#1420 - Velvicut Dayton Handle (70-012) **$80.00**

Council Tool Velvicut Hudson Bay Axe

Part #1307 **$265.00**

A beautiful, handmade Hudson Bay pattern axe perfect for camping, hunting or hiking. Forged from 5160 grade alloy steel for strength, toughness, durability and ability to hold an edge, heat treated 1 inch up the bit to RC 50-54. Head is rough ground in a robotic work cell and hand sharpened. "A" grade American hickory handle, mounted with a softwood wedge crossed with a steel wedge for additional security. Leather sheath with buckle is included. Total length 45cm, blade length 18cm x 10.5cm. Weight 1.15kg. Council Tool model JP20HB19C. Made in USA.

#1743 - Velvicut Hudson Handle (70-003) **$50.00**

Council Tool Velvicut "Bad Axe"

Part #1488 **$330.00**

This Dayton patterned head axe is preferred by many tool experts, including the US Forest Service. The "Bad Axe" is a great mid-sized tool and is small enough to split kindling but "BAD" enough to chop a small tree. Forged from 5160 grade alloy steel for strength, toughness, durability and ability to hold an edge, heat treated 1 inch up the bit to RC 52-56. Head is rough ground in a robotic work cell and hand sharpened. Grade "A" American hickory handle is mounted to the head with a softwood wedge crossed with a steel wedge for additional security. Leather sheath with buckle is included. Total length 70cm, weight 1.3kg. Council Tool model JP22DV28C. Made in USA.

#1773 - Velvicut Bad Axe Handle (70-007) **$75.00**

Council Tool Velvicut Saddle Axe

Part #2057 **$295.00**

Premium Saddle Axe with a drop forged blade made from 5160 steel, heat treated, tempered & crafted with a distinctive flat grind on each blade for maximum versatility. Phantom bevels greatly reduce surface friction & bite deeper than many convex bladed axes & the bevels also serve for easy removal of the axe bit after a deep cut into the wood. Extremely sharp 25 degree flat grind on the left blade for cutting, shaving, and carving & a more robust 32 degree flat grind on the right blade for notching, splitting & heavier jobs. Includes a fine leather double bit blade cover. Head weight 0.9kg with select 41cm American Hickory handle. JP20-2SA16. Made in USA.

Council Tool Double Bit Axe

Part #1619 **$180.00**

Michigan pattern double bit axe with phantom bevels and a 36" straight handle. Phantom bevels -- or hollows -- are designed to reduce sticking and minimize burst wood chips. Hand sharpened double bits for cutting and splitting, sharpened in the same manner. Forged USA tool steel head, with tempered bit hardness of RC 48-55 1-1/4 inches from the cutting edge. Natural steel finish on head and cutting edges coated in clear lacquer to deter rust. 36" double-bit American hickory handle, hydraulically seated onto handle and secured with a serrated aluminium wedge. The interior detail of the eye is tapered and allows for a strong mechanical bond. Total length 87cm, blade edge length: 12cm, weight 2.15kg. SU35-2MC. Made in USA.

#1419 - Double Bit Handle (70-013) **$60.00**

Council Tool Woodcraft Camp Carver Axe

Part #2190 **$305.00**

The new premium Woodcraft Camp Carver is designed to be a multi-use bushcraft/camping axe, & a carving axe for fine woodworking. It's a carver (bushcraft axe) that you don't have to worry about bringing into the woods with you, or letting it get dirty while doing camp-chores. With a swept toe, flat-grind, large bit length, bearded blade, & a radius under the hammer poll for the web of the user's hand, it was made to choke up, shave, & do detailed work. The poll is hardened & can be used like a hammer. It has a 90 deg. spine for scraping tinder & for using a ferro-rod to start fires. Forged 737g head is made using 5160 steel, has 25-28 deg flat-grind bit bevels with 100mm bit length, & has a 40cm premium curved American Hickory handle. Includes a high quality welted leather mask to protect your axe from the elements. Weight 910g. Made in USA, Council Tool part WC17CCA16C.

#2368 - Camp Carver Handle (70-020) **$70.00**

Council Tool Hudson Bay Camp Axe

Part #1308 **$135.00**

0.9kg Hudson Bay Axe head outfitted with an 45cm curved hickory handle. One-handed camp axe. Used for light splitting, chopping, driving tent pegs, etc. Forged tool steel head. Hand sharpened, tapered bit for cutting and light splitting. ANSI Standards call for bit hardness of RC 45-60, at least 12mm back from the cutting edge. Council Tool internal standards call for tempered bit hardness of RC 48-55 and target 30mm from the cutting edge. The poll end is also heat treated. Head coated with boiled Linseed Oil over the as forged finish. 45cm curved American hickory handle. Eye section is dried to below 10% moisture content to minimize shrinkage and help prevent loosening. Hafted high and proud. Axe head is hydraulically seated onto handle and secured with a traditional double wedge system. Approximately 30mm of overall length of the handle is removed during assembly. Total weight 1.2kg. Council Tool model SU20HB18C. Made in USA.

Silky Ono Axe

Part #1599 **$179.00**

Great small axe/hatchet for cutting small branches/firewood. Ideal for de-limbing or chopping/splitting wood. Forged steel alloy blade and Genki rubber hand grip to remove shockwaves when striking. Includes nylon sheath. Total length 300mm; Blade edge length 130mm; Blade length 120mm. Weight 790g excluding sheath. Made in Japan.

Council Tool 19” Woodcraft Pack Axe

Part #2059 **$295.00**

The new premium Woodcraft Pack Axe design is intended to produce a multi-functional premium axe which can successfully cut, chop, split, carve, shave, hew, hammer & aid in fire starting. Forged 900g head is made using 5160 steel, heat treated on both ends for superior strength. 19” (48cm) version. Premium curved American Hickory handle (handle length is before hanging and assembly) and includes a high quality welted leather Mask to protect your Pack Axe from the elements and you from your extremely sharp Pack Axe. Council Tool part WC20PA19C. Made in USA.

Council Tool 24” Woodcraft Pack Axe

Part #2305 **$320.00**

The new premium Woodcraft Pack Axe design is intended to produce a multi-functional premium axe which can successfully cut, chop, split, carve, shave, hew, hammer & aid in fire starting. Forged 900g head is made using 5160 steel, heat treated on both ends for superior strength. 24” (60cm) version. Premium curved American Hickory handle (handle length is before hanging and assembly) and includes a high quality welted leather Mask to protect your Pack Axe from the elements and you from your extremely sharp Pack Axe. Council Tool part WC20PA24C. Made in USA.

Council Tool 16” Flying Fox Axe

Part #2266 **$120.00**

The Flying Fox Woodsman Hatchet is a multi-use camp hatchet in the Sport Utility Line, that was developed with specific design parameters, so that it functions well for wood-cutting chores. This hatchet is unique in this market, as it is one of the very few hatchets that has a hardened poll. This poll can be used as a hammer to drive nails, spikes, and other fasteners, as well as aid in the process of construction, demolition, and some mechanical applications where a slight “adjustment” is needed. US Hickory handle with a large hatchet eye, trimmed to be under 16”. Hardened bit and poll. Total length 41cm, bit length 10cm, weight 930g. SU162FF16C. Made in USA.

#2328 - 16” Flying Fox Handle (70-076) **$34.00**

Council Tool 22” Flying Fox Axe

Part #2462 **$128.00**

The Flying Fox Woodsman Hatchet is a multi-use camp hatchet in the Sport Utility Line, that was developed with specific design parameters, so that it functions well for wood-cutting chores. This hatchet is unique in this market, as it is one of the very few hatchets that has a hardened poll. This poll can be used as a hammer to drive nails, and spikes as well as aid in the process of construction, demolition, and some mechanical applications where a slight “adjustment” is needed. Straight US Hickory handle with a large hatchet eye, trimmed to be under 22”. Hardened bit and poll. Total length 53cm, bit length 10cm, weight 1.1kg. SU162FF22S. Made in USA.

#2578 - 22” Flying Fox Handle (70-065) **$40.00**

Council Tool Sport Utility Camp Axe

Part #2760 **$120.00**

Camp axe with Dayton pattern axe head outfitted with a 14 in. curved hickory handle. One handed hatchet ideal for camping and easily packable. Hand sharpened, tapered bit for cutting and light splitting. Rc 48-55 hardness up to 30mm from the cutting edge. The poll and eye walls are not hardened and remain in the as forged condition. Head coated with boiled Linseed Oil over the as forged finish. Eye section is dried to below 10% moisture content. Axe head is hydraulically seated onto handle and secured with a traditional double wedge system. Total weight 970g, length 36cm, 8cm cutting edge. Council Tool model SU20HCT14. Made in USA.

Spotted Gum Axe Handle

Part #2733 **$48.00**

Australian made Spotted Gum Axe handle. Total length 800mm, eye size 60mm x 22mm at the widest point, length of eye 100mm (trim down to size). Includes aluminium wedge.

Spotted Gum Mattock Handle

Part #2734 **$53.00**

Australian made Spotted Gum Mattock handle. Total length 900mm. Size of base where head mounts is 75x55mm (oval).

Axe Head / Hatchet Covers

Part #1051 Axe Head Guard (left)	**$48.00**
Part #1053 Hatchet Edge Cover (middle left)	**$24.00**
Part #1547 Large Axe Head Guard (middle right)	**$45.00**
Part #2250 Hatchet Cover (right)	**$37.00**

Leather axe head guard fits axe blade edges up to 13.6cm long. Leather hatchet edge cover fits small axe blade with edges up to 11cm. Adjustable leather strap to suit different head sizes. Both made in USA.
Large axe head guard is Australian made from steer leather and suits axe blade edges up to 19cm long. Includes adjustable leather strap.
Premium Australian made leather hatchet cover fits hatchet or small axe blade with edges up to 11cm long and has a loop for carrying on belt.

Flying Fox Axe Head Cover

Part #2445 **$30.00**

Premium leather axe head cover fits Council Tool Flying Fox axes. Made in USA.

Council Tool Fire Rake

Part #901 **$150.00**

Professional fire rake designed for construction of fire lines, chopping, raking, moving underbrush, vines etc. Comprises 4 triangular shaped tool steel cutting teeth, specially hardened and sharpened. Teeth are securely riveted to tough angle iron structural member. 1.48m long American ash handle. Head size: 31cm wide x 8.5cm high. Weight 1.77kg. Made in USA.

Council Tool McLeod Tool

Part #902 **$275.00**

Combination rake/ hoe used for clearing brush/other surface debris & for digging in the soil to construct fire control lines. High carbon steel blade, formed & sharpened for digging/clawing, heat treated for toughness & wear resistance. Black enamel finish resists rust. Enhanced ferrule joint for strength & durability on American ash handle. Length 1.2m, 23cm wide hoe, 26cm wide rake. Rake tynes 9cm long. Weight 2.75kg. Made in USA.

#1180 - McLeod Handle (70-601) **$65.00**

Council Tool Fire Swatter

Part #900 **$185.00**

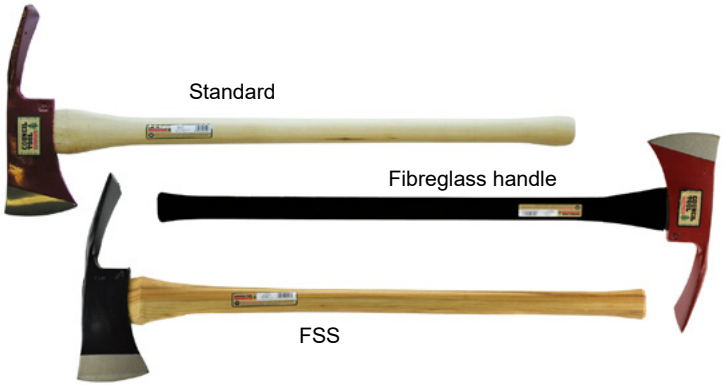
Fire swatter used for smothering fire, typically used to control or direct flames during controlled burns or in conjunction with mop-up details. Flap is 38x31cm, 6mm thick and manufactured from masticated rubber. Flap is secured to a rectangular steel structure member with a welded stud which is forced into a ferrule and attached to an American ash handle. Total length 1.97m. Weight 2.5kg. Made in USA.

#1181 - Fire Swatter Handle/Shank **$75.00** #1801 - Fire Swatter Flap **$55.00**

Council Tool Fire Shovel

Part #1018 **$225.00**

Professional forest fire shovel, forged from a single piece of high carbon steel. Solid shank with forward turned steps for ease of use. Heat treated and tempered for toughness and durability. Sturdy American Ash handle is driven into socket and riveted. Total length 134cm with 27cm long x 23cm wide blade, angled at approx 45 degrees. Weight 2.5kg. Made in USA.



Council Tool Pulaski Axes with Sheath

Part #903 Standard Version **$225.00**

Part #1617 Fibreglass Handle Version **$295.00**

Part #1673 FSS Version **$270.00**

Three versions of professional Pulaski Axes (combination axe blade and mattock blade):
- Standard: forged steel head, Rockwell 45-55 heat treated working ends produce fine grain structure for safety, edge holding and toughness. Hand sharpened, single bit edge and mattock blade. Double bit American hickory handle, with axe head hydraulically seated onto handle with a serrated aluminium wedge.
- Fibreglass handle: As per Standard but with yellow clad fibreglass handle.
- FSS: heat treated to RC 53-58, body coated with black enamel and cutting edge in clear lacquer, top grade American hickory handle seated with a serrated PVC wedge. Produced in accordance with US Forest Service Specification 5100-355E.

All are total length 0.9m with 11cm wide axe head and 8cm wide mattock head, and include rubber sheath for blades. Weight 2.5kg. Made in USA.

#1419 - Pulaski Handle (70-013) **$60.00**

Pulaski Leather Sheath

Part #1999 **$65.00**

Premium leather Pulaski axe sheath fits all standard Pulaski axes. Adjustable leather strap. Made in USA.

Council Tool Deluxe Honing Kit

Part #1621 **$110.00**

Deluxe axe/knife honing kit includes one soft Arkansas and one hard. Arkansas honing stone (each 130x40x12mm) and a bottle of honing oil. Oil the stones each time you use them - never try to use the stones dry. Supplied in wooden presentation/storage box. Made in USA.

Council Tool Honing Stone

Part #1622 **$42.00**

Handy pocket honing stone supplied in a leather pouch. Stone is a Hard Arkansas for a keen polished edge and measures 80x25x6mm. Great to keep in your pack to keep your axe sharp after each use. Made in USA.

Trail Boss Collapsible Trail/Fire Tools

Part #1987 TrailBoss 3pc Handle Only	**$510.00**
Part #1988 TrailBoss 4pc Handle Only	**$620.00**
Part #1990 TrailBoss McLeod Head	**$170.00**
Part #1993 TrailBoss Round Shovel Head	**$290.00**
Part #1994 TrailBoss Saw Head	**$110.00**
Part #1995 TrailBoss Flat Rake Head	**$145.00**
Part #2463 TrailBoss Pick/Mattock Head	**$200.00**

A range of USA made professional, innovative trail building/fire fighting tools which break down into small sections which fit in a typical trail-size day pack. Comprising 3 or 4 section handles and a range of easily interchangeable heads to suit almost all tasks. The 3 and 4 section handles feature a powder coated 4130 chromoly steel base section and either 2 or 3 top sections manufactured from pultruded structural fibreglass (base steel section provides extra strength whilst the fibreglass sections provide great strength/ weight performance). Section couplings and made from CNC machined aircraft grade 6061-T651 aluminium, joining via a sprocket style fitting and threaded outer coupler. Couplings are joined to the tube sections with aircraft grade structural epoxy. All fasteners are 18-8 stainless steel. Tool heads are manufactured from tempered alloy steel or forged ductile iron mounted to the Trail Boss coupling adaptor for attaching to the handle. 3 and 4 section handles are both 122cm long when assembled, with the 3 section breaking down to 3 x 41cm sections and the 4 section breaking down to 4 x 31cm sections. The 3 section handle weighs 1.18kg and the 4 section handle 1.26kg. Available heads include:

- McLeod, blade width 18.5cm, tyne height 10cm, weight 0.95kg
- Round Shovel, head size 19cm(w) x 26cm(h) , weight 1.34kg
- Saw, blade length 30cm, weight 0.21kg
- Flat Rake, width 35cm, height 11.5cm, weight 0.89kg
- Pick/Mattock, pick length 15cm, mattock width 75mm, weight 1.45kg

To purchase, select either the 3pc or 4pc handle, then add whatever heads you like.

Part #592 Size 10 Part #593 Size 11
Part #594 Size 12 **$210.00 per pair**

Safety gloves designed specifically for use with electric and pneumatic pruning equipment. Gloves pair contains unprotected right hand glove (for use on pruner) and protected left hand glove. Left glove fitted with titanium shells to protect last joint to tip of fingers and full thumb. Titanium shells resistant to 20 bar pressure. Water repellent leather with fleece lining. Available in sizes in 8, 9, 10, 11, 12 (size 11 fits normal male hands, size 12 large male hands, size 9/10 suit average female hands). Made in France.

Liteflex Gloves

Part #1359 Small Part #1360 Medium
Part #1361 Large Part #1362 XLarge
Part #1449 XXLarge **$4.00 per pair**

Grey nylon shell gloves with a polyurethane coated palm provides excellent feel and dexterity. Nylon shell is lightweight and breathable. Good durability when feel and dexterity and important - eg seedling replanting.

G-Force Cut 5 Gloves

Part #1352 Small Part #1353 Medium
Part #1354 Large Part #1355 XLarge
$18.00 per pair

Black 13 gauge glove manufactured from unique Kenima super cut resistant yarn. Meets CE/EN388 cut resistant level 5. New black HDPU coating offers superb flexibility, durability and grip. Excellent breathability and sweat absorption.

Taeki5 Gloves

Part #1356 Medium Part #1357 Large
Part #1358 XLarge **$17.00 per pair**

Unique Taeki5 cut resistant liner glove achieves maximum CE/EN388 cut resistant Level 5. Blue latex coated palm with crinkle finish offers excellent wet and dry grip. Outstanding flexibility & dexterity for a cut resistant glove. Ultimate abrasion and puncture resistance.

Mechanic Gloves

Part #1215 Small Part #1216 Medium
Part #1217 Large Part #1218 XLarge
$24.00 per pair

Synthetic work gloves featuring padded reinforced palms and velco wrist fastener. A tough glove providing good protection to the hands whilst maintaining dexterity.

Green Grippa Gloves

Part #1348 Small Part #1349 Medium
Part #1350 Large Part #1351 XLarge
Part #1448 XXLarge **$4.50 per pair**

Yellow 100% seamless polyester cotton liner gloves. Green latex crinkle finish coating provides superior wet and dry grip. Vented back for breathability. Extremely durable gloves offering excellent abrasion, tear and puncture resistance.

Felco 701 Gloves

Part #2479 Small Part #2480 Medium
Part #2481 Large Part #2482 XLarge
$23.00 per pair

Lightweight and comfortable, these gloves made of knitted HPPE fibre guarantee high resistance to cutting. The fingers and palm are coated with nitrile rubber to provide excellent grip and greater strength. Ideal for precise pruning work by winegrowers, landscape gardeners, fruit growers or nurserymen.

Felco 702 Gloves

Part #2483 Small Part #2484 Medium
Part #2485 Large Part #2486 XLarge
$38.00 per pair

These gloves are made from reinforced leather (palm and fingers) and PVC sections to provide better grip. The lined back is made of Spandex, a stretchy and breathable material. Ideal for pruning in vineyards, landscaping or fruit-growing.

Felco 705 Rose Gloves

Part #2647 Small Part #2648 Medium
Part #2649 Large **$74.00 per pair**

Felco Rose Gloves are crafted from top-grain cow leather, processed to be soft, flexible & robust. The gauntlet cuff, made from genuine cow leather suede, protects the forearm from thorns. An elastic closure at the wrist provides a comfortable fit, and the nylon strap with a buckle ensures that the cuff will stay securely in place.

Ruxton Chest Packs

Part #2095 Small **$268.00**

Part #2096 Medium **$281.00**

The Ruxton Pack is designed to provide comfortable and ergonomic support for 10-12 inch (Medium) and less than 10" (Small) tablet computers. The tablet is conveniently located in the zippered pouch closest to the body and is securely attached to the pack by a quick release attached to the back of the tablet with self-adhesive hook and loop. The tablet is stored and transported with the zippered pouch closed. Unzip the pouch, fold down the pack, side the tablet away from your body to place the tablet in the optimal position for viewing and data entry. The Ruxton Pack comes standard with a harness. All components are black. However, the front cover can be removed and replaced with an orange hi-viz cover or a hi-viz cover with extra pockets (both available as options). Additional pouches and holsters can be attached to the MOLLE compatible harness . The Medium Ruxton Pack will hold a tablet computer up to 9-1/2" wide x 11-1/4" high x 1-3/4" thick (24 x 29 x 4.5cm). The Small Ruxton Pack will hold tablets with screens less than 10" (max tablet dimensions 19.2 x 25.5 x 4.5cm). High density closed cell foam protects the tablet when zipped inside the pack. The Ruxton Pack and Harness will fit individuals between 5' 1" and 6' 5" tall with a mid-section between 26" (66cm) and 50" (127cm) (circumference at your belly button).

Maxisafe Earmuff Class 5 Blue

Part #918 **$47.00**

Slimline headband earmuff is specifically designed for industrial hearing protection. Made in Finland, these earmuffs showcase European quality and modern design, offering a sleek slimline profile that fits easily under helmets or head coverings. An enhanced noise reduction rating of 29dB provides superior protection in high-noise environments, making them ideal for industrial use. Officially certified for safety, feature a foldable design for easy storage and transport, and come with a convenient two-point suspension for a secure and comfortable fit.

Maxisafe Earmuff Class 5 Red

Part #917 **$60.00**

Headband earmuff provides hearing protection with an SLC80 rating of 32dB, perfect for noisy environments. Its foldable design ensures easy storage and transport, while super-low headband tension and a two-point suspension provide a secure and comfortable fit for extended use. Certified to the Australian Safety Standard AS/NZS:1270:2002, this European-designed and made earmuff delivers quality and reliability. Made in Finland.

Timberline Gaiters

Part #1504 Short **$44.00**

Part #1505 Long **$44.00**

Quality Timberline polyester gaiters in short and long styles. Made from heavy duty polyester and feature a double closure of velcro and domes plus an elastic top. Long version is approximately 31cm and short version approximately 20cm. Made in New Zealand.

Maxisafe Vented Hard Hat

Part #1223 **$20.00**

White vented hard hats. Features an ergonomically designed 6 point harness system. Replaceable cotton sweatband. Long peak for added protection with edge gutter to catch & deflect rain. Complies with AS/NZS1801.

Maxisafe Red Vented Hard Hat

Part #920 **$20.00**

Red vented hard hat. Features an ergonomically designed 6 point harness system. Sliplock adjustment. Replaceable cotton sweatband. Long peak for added protection and an edge gutter to catch and deflect rain. Complies with AS/NZS1801.

Hamilton Tree Planters

Part #622 Lannen/Square Cell (2kg) **$198.00**

Part #621 Hiko (2.25kg) **$198.00**

Part #623 Forestry Tube (2.5kg) **$198.00**

Part #855 Super Forestry Tube (2.7kg) **$250.00**

Australian designed & made tree planting tool. Stainless steel construction with plastic hand grips. Different models available to suit different planting media:- Hiko tray model, Lannen tray model (81F/63F), Forestry Tube model (square 50x50mmx125mm deep) and Super Forestry Tube model (square 68x68mmx180mm deep). Eliminates air gaps by making hole the same size as tubestock, with planting depth determined by how far planter is pushed into ground. All models approx 1m long x 34cm wide handles.

Bushpro Hiballer S/Steel Tree Planting Spade

Part #842 **$120.00**

Heavy duty planting spades with blades made from 3mm thick stainless steel, heat treated to Rockwell C 38-45. Total length (tip to top of handle): 88cm. Weight 1.5kg. Blade size 22.5cm long x 11cm wide at top, tapering slightly to 9cm wide towards the bottom of the blade. Pointed tip makes penetration easier. Optimal amount of crank and offset, allowing the handle to stay closer to the body making the spade easier to use and safer.

Part #1841 Replacement D handle **$20.00**

Bushpro Speed Tree Planting Spade

Part #859 **$120.00**

Heavy duty planting spades with blades made from 3mm thick stainless steel, heat treated to Rockwell C 38-45. Total length (tip to top of handle): 88cm. Weight 1.5kg. Blade size 21cm long x 9.5cm wide at top, tapering slightly to 7cm wide towards the bottom of the blade. Optimal amount of crank and offset, allowing the handle to stay closer to the body making the spade easier to use and safer.

Part #1841 Replacement D handle **$20.00**

Pro-Planter V2 Tree Planting Spade

Part #2115 **$195.00**

Heavy duty "Pro-Planter" V2 planting spade, featuring a revised design based on user feedback. Designed to be used for planting tubestock, bare-rooted pine etc. All steel shaft and blade construction for strength. Longer lasting blade due to thicker, high quality steel. Blade size approx 320mm long, 135mm wide at top tapering down to 110mm wide. Shaft is angled for ergonomic planting. Foot plates include anti-slip bumps. Total length 94cm. Weight 2.2kg. Made in New Zealand.

Pro-Planter Large Blade Tree Planting Spade

Part #2105 **$210.00**

Heavy duty "Pro-Planter" Large Blade planting spade. Designed to be used for planting larger tubestock, bare-rooted pine etc. All steel shaft and blade construction for strength. Longer lasting blade due to thicker, high quality steel. Blade size approx 320mm long, 170mm wide at top tapering down to 120mm wide. Shaft is angled for ergonomic planting. Foot plates include anti-slip bumps. Total length 97cm. Weight 2.6kg. Made in New Zealand.

Kidney Trays, Tray Carriers & Harnesses

Part #376 Kidney Tray (includes shoulder/waist strap) **$135.00**

Part #854 Kidney Tray only (no straps) **$80.00**

Part #85 Twin Kidney Trays (includes twin harness) **$310.00**

Part #1725 Kidney Tray Cushions (each) **$78.00**

Part #1726 Tray Carrier System **$435.00**

BCC's range of planting accessories, including heavy duty kidney shaped trays suitable for carrying tubestock for planting, twin kidney trays with harness, kidney tray cushions for comfort and the tray carrier system with harness. Single kidney trays include shoulder/waist strap as shown. Twin kidney trays include harness as shown. Kidney tray cushions can be used with single kidney trays, twin trays and are supplied as standard with the tray carrier system. Tray carrier system is designed to hold a tray on each side using the wire frame and elastic/metal holding clips. Single kidney tray size 49cm(l) x 30cm(w) x 20cm(d), weight 1.33kg.

Part #783 Shoulder/Waist Strap Only **$60.00**
Part #784 Twin Harness Only **$165.00**

Pottiputki Planting Belt

Part #377 Pottiputki Planting Belt **$285.00**

Part #392 Shoulder Harness **$95.00**

Enables the user to dramatically increase hourly planting rates by carrying up to 4 Hiko trays or 2 Lannen side slot cell trays. Optional shoulder harness now available to balance load between shoulders & hips. Made in Australia.

Part #1842 Replacement Elastic/Hook (each) **$13.00**

Planting Bag System

Part #565 **$195.00**

2-bag planting bag harness system for carrying seedlings while planting. Constructed of very strong and hard wearing PE canvas. Shoulder harness and hip belt are padded and distribute weight between shoulders and hips for comfort. Bag size 30cm diameter x 38cm deep. Total weight 850g.

Bushpro 3 Pouch Planting Bag

Part #1610 **$210.00**

Built for comfort, durability and maximum tree planter efficiency, the Bushpro tree planting bag system can easily be adjusted for any size planter. Contains 2 large side pouches for seedlings (30cm diameter x 35cm deep), one rear pouch to store food/clothing etc (25cm diameter x 30cm deep) with drawstring top to keep dirt/water out, and a flagging tape dispenser pouch. Pouches are made from the highest grade of vinyl and doubled up where necessary, and can be moved on the waist belt to the position that is most comfortable to your size. Highly adjustable harness system for any size planter, with thick padding that won't retain water. Waist belt with 2" buckle easily adjusts to a variety of sizes without bunching up or overlapping and bright yellow shoulder straps increase visibility. Total weight of system: 2.1kg. Fertiliser Pouch, Multipot Adaptor and Silvicool Sac are available as optional accessories (see separate product listings).

Bushpro Fertiliser Pouch

Part #1611 **$28.00**

Bushpro fertiliser pouches attach directly to the Bushpro 3 Pouch Planting Bag and are designed to carry loose or packaged fertilizer. Pouches are made from tough nylon and measure 15cm diameter x 20cm deep with a small drain hole in the bottom.

Bushpro Silvicool Sac

Part #1613 **$26.00**

Bushpro Silvicool Sacs are designed to keep seedlings cool and protected from dry air flow. Foil lining helps to insulate and the drawstring top helps seedlings from drying out. Silvicool Sacs are designed to fit inside the pouches on Bushpro Planting Pouches, but will also fit inside our 2 Bag Planting System.

Part #1021 **$48.00**

Flagging tape dispenser handles 1 or 2 rolls of flagging tape with maximum diameter of rolls 120mm. Built in velcro strap for fixing to belt for hands free carrying. Two large grommets allow for easy pull & tear. Made by Coaxsher.

Numbered Racetrack Aluminium Tags

#451 1-100 #452 101-200 #453 201-300
#501 301-400 #502 401-500 #535 501-600
#536 601-700 #537 701-800 #538 801-900
#539 901-1000

Each series is $42.00 per 100 tags

Numbered aluminium tree tags for identification. Tags are racetrack shaped and measure 70mm long x 25mm wide. Tags are made from 0.6mm thick aluminium and have a 4.7mm hole drilled on the left side. Pre-numbered in series 1-100, 101-200, 201-300, 301-400, 401-500, 501-600, 601-700, 701-800, 801-900, 901-1000.

Also available are 1001-2000, 2001-3000, 3001-4000, 4001-5000 (these are only available in sets of 1000 tags):

Part #1718 1001-2000	**$420.00**
Part #1719 2001-3000	**$420.00**
Part #2149 3001-4000	**$420.00**
Part #2150 4001-5000	**$420.00**
Part #2165 5001-6000	**$420.00**
Part #2166 6001-7000	**$420.00**
Part #2167 7001-8000	**$420.00**
Part #2168 8001-9000	**$420.00**
Part #2169 9001-10000	**$420.00**

Blank Aluminium Tags

Part #687 **$42.00/100**

As per numbered tags above, but are blank (no numbers) and sold per 100.

Alutags

Part #574 Natural **$75.00**

Foil-like aluminium tree tags which can be inscribed using a ball point pen. Tags measure 80mm long x 25mm wide. 2.5mm hole punched for nailing or tying to trees. Packed in 1000s (includes 1000 x 170mm copper tie wires).

Aluminium Nails

Part #1566 Pack 100 **$13.00**
Part #1567 Pack 1000 **$110.00**

Recommended for attaching aluminium tags to trees. Suitable for long term plot samples. Won't damage saws, chippers etc when processing logs. 50mm long x 3mm shank (suit all our tags/ alutags). Sold in packs of 100 or 1000.

Numbered Round Aluminium Tags

#1454 1-100 #1455 101-200 #1456 201-300
#1457 301-400 #1458 401-500 #1459 501-600
#1460 601-700 #1461 701-800 #1462 801-900
#1463 901-1000

Each series is $42.00 per 100 tags

Numbered aluminium tree tags for identification. Tags are round and 32mm in diameter, are 1.2mm thick and have a 3.2mm hole drilled on the top. Pre-numbered in series 1-100, 101-200, 201-300, 301-400, 401-500, 501-600, 601-700, 701-800, 801-900, 901-1000.

Also available are 1001-2000, 2001-3000, 3001-4000, 4001-5000 (these are only available in sets of 1000 tags):

Part #1720 1001-2000	**$420.00**
Part #1721 2001-3000	**$420.00**
Part #2152 3001-4000	**$420.00**
Part #2153 4001-5000	**$420.00**
Part #2170 5001-6000	**$420.00**
Part #2171 6001-7000	**$420.00**

Blank Round Aluminium Tags

Part #1495 **$42.00/100**

As per round tags above, but are blank (no numbers) and sold per 100.

Blue Numbered Alum Tags

#2172 1-100 #2173 101-200 #2174 201-300
#2175 301-400 #2176 401-500 #2177 501-600
#2178 601-700 #2179 701-800 #2180 801-900
#2181 901-1000

Each series is $49.00 per 100 tags

Blue numbered aluminium tree tags for identification. Tags are round and 32mm in diameter, are 1.2mm thick and have a 3.2mm hole drilled on the top. Pre-numbered in series 1-100, 101-200, 201-300, 301-400, 401-500, 501-600, 601-700, 701-800, 801-900, 901-1000.

Also available are 1001-2000, 2001-3000, 3001-4000, 4001-5000 (these are only available in sets of 1000 tags):

Part #2183 1001-2000	**$490.00**
Part #2184 2001-3000	**$490.00**
Part #2185 3001-4000	**$490.00**
Part #2186 4001-5000	**$490.00**

Bamboo Plant Labels

Part #2321 **$6.00**

Bamboo plant labels are great for indoor or outdoor use and are suitable for pot or ground planting. Hand label with ballpoint pen, marker or pencil. FSC certified environmentally friendly and sustainably harvested. 200mm long x 20mm wide. Pack of 10 labels.

Copper Plant Label & Tie

Part #2066 **$5.00**

Copper tie on labels with pre-punched hole. Inscribe the tag with a ball point pen. Labels will turn "copper green patina" in time. 11cm long x 2cm wide. Bag of 10 labels and 10 wire ties.

Copper Stake Label

Part #2067 **$9.00**

Copper stake label comprising a copper strip which can easily be inscribed with a ball point pen and a galvanised wire stake. Labels will turn "copper green patina" in time. 6cm long x 2cm wide with 22cm stakes. Bag of 10.

Plant Lock Tags

Part #2226 White	**$62.00**
Part #2227 Yellow	**$62.00**
Part #2228 Orange	**$62.00**

PVC plant lock tags loop and lock around plant for marking. Label is 160mm long x 16mm wide and can be written on with a marker pen. Sold in a perforated roll of approx 1000 tags. Available in white, yellow or orange. Made in UK.

Plastic Plant Labels

Part #2655 Pack 50 **$4.00**
Part #2656 Pack 500 **$26.00**

UV stabilised plastic plant labels for identification of seedlings or new plantings. Write on with pencil or artline pen.120mm long x 13mm wide. Pack of 50 or bulk pack of 500. The packs of 50 include a pencil.

Plastic Bed Markers

Part #2657 Pack 10 **$3.00**
Part #2658 Pack 200 **$28.00**

UV stabilised plastic bed markers for identification of seedlings or new plantings. Write on with pencil or artline pen. Top plate is 57mm x 38mm and spike is 92mm long. Total length 230mm. Available in packs of 10 or bulk pack of 200.

Counters & Notebooks

Digital Counter

Part #628 **$38.00**

Digital counter counts from 0 to 99,999. Housed in a water resistant, shock-resistant plastic case with a belt clip and waist strap. Button click and recessed reset. Approx 50mm diameter.

Manual Counter

Part #627 **$38.00**

High quality manual tally counter counts from 0 to 9,999. Fits comfortably in hand with finger ring. Side knob reset. All metal with metal internal parts. Made in Japan.

Redi-Rite Alum Sheet Holder

Part #632 **$90.00**

Recycled aluminium case and writing surface stores up to 40mm of A4 paper and accessories. Smooth, hard writing surface with top clamp. Internal pen and pencil tray. Made in USA.

Rite in the Rain #135 Book

Part #2761 **$15.00**

Spiral bound top opening all weather notebook. 127mm x 76mm, lines on both sides of pages and dashed vertical grid lines. 50 pages (100 usable pages when both sides used). Rite in the Rain No 135.

Rite in the Rain #146 Book

Part #2758 **$17.00**

Spiral bound top opening all weather notebook. 150mm x 100mm, lines on both sides of pages and dashed vertical grid lines. 50 pages (100 usable pages when both sides used). Rite in the Rain No 146.

Rite in the Rain #373-MX Book

Part #2762 **$62.00**

Spiral bound side opening all weather notebook. 279mm x 216mm (close to A4 size), lines on both sides of pages and dashed vertical grid lines. 42 pages (84 usable pages when both sides used). Rite in the Rain No 373-MX.

Monsoon A4 Paper

Part #925 **$32.00**

A4 all weather photocopy/laser printer paper. Resists water, grease and difficult to tear even when saturated. 100 sheets.

Markrite BKS131 A4 Paper

Part #16 **$57.00**

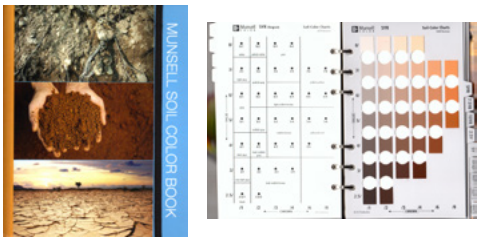
A4 synthetic waterproof paper (unsuitable for photocopying or use in laser printers). Can be written on underwater using pencils or all weather pen. 100 sheets.

All Weather Pen

Part #631 **$37.00**

Writes underwater and upside down. Ideal for field work on waterproof/all-weather paper.

#706 - Refill **$16.00**



Munsell Soil Colour Book

Part #2011 **$540.00**

Enables quick and easy soil colour evaluations in the field using the widely accepted Munsell colour system. Revised soil chart features the same colours available in previous books plus additional colour charts, including a 10Y and 5GY soil chart for glauconite soils, a 5R soil chart for Australia and Southeast Asia, and a 7.5R soil chart for tropical and semi-tropical soils. A Munsell high value, low chroma “white” page shows half steps from 8.5 to 9.5 in value with chromas of 1 and 2 for N, 7.5YR, 10YR, and 2.5Y.

Haglöf Vertex 5 Hypsometer

Part #2309 360 Degree Package **$3200.00**

Part #2310 Handpiece Only **$2800.00**

New Vertex 5 replaces the legendary Vertex IV. Professional, ultrasonic hypsometer for quick and easy tree height and distance measurement. Measures distances up to 30m with a resolution of 0.01m and accuracy of 1% or better if calibrated. Measures heights up to 999m with a resolution of 0.1m and angles in degrees, Grads or %. 5000 data sets can now be stored internally in the built-in memory and saved as a CSV file. Bluetooth can be used to transfer data wirelessly to devices with Android, iOS or Windows. Use the free app Haglof Link to receive the data from the Vertex 5 and then share it via e-mail, Drop-box, iCloud, Google Drive or similar directly from the app. Basal area function can be used to determine the minimum diameter on the sample plot to be counted. Red dot hair cross sight for more precise measurements. Proven accuracy and reliability. Can be used in difficult terrain with thick vegetation. Includes Vertex 5, transponder, monopod staff and adaptor for 360 degree operation. Made in Sweden.

#166 T4 Transponder **$620.00** #168 Plotstick **$165.00**

#167 360 Degree Adaptor **$135.00**

Nikon Forestry Pro II Laser Height Meter

Part #2218 **$589.00**

Compact laser rangefinder and height meter. In addition to actual distance, horizontal distance, height, angle, vertical separation and three-point measurement. The results are displayed on both internal and external LCD panels. The external panel displays all results simultaneously & has backlighting for easy visibility even in dark situations. Log function enables up to 250 measurement results to be stored. Distance range 7.5-1600m; Angle range +/- 89 Deg. High-quality 6x monocular with multilayer coating produces bright, clear images. Target Priority Switch System for measuring overlapping subjects: Single or continuous measurement (up to 8 seconds). Distance accuracy +/-0.3m for under 1000m, +/-1m for >1000m. 110x74x42mm, weight 170g. Includes carry case.

Haglöf ECII-D Electronic Clino/Height Meter

Part #1978 ECII-D **$440.00**

Haglöf's new ECII-D electronic clinometer and height meter is even simpler to operate and now calculates distance as well! The three button design makes it very easy to measure tree heights and slope angles. By placing a reference mark at 2m on the tree or object to be measured the ECII-D will automatically calculate the distance to the object and then the height of the object. Alternatively, the user can measure the distance to the object and enter this into the ECII-D to then measure the height. Can also operate as a slope or incline measuring instrument. Extremely small yet powerful and rugged and uses 1 x "AA" battery. Very compact - 20x63x44mm, 50g. Bright orange for easy identification. Made in Sweden.

Haglöf Laser Geo

Part #1515 **$3550.00**

Offers high precision distance and heights measurements in a compact hand held instrument. Measure, map, process and store in the instrument. Built-in GPS enables data tagging and the digital compass enables accurate 3-D measurements including canopy, map area and woodchip heaps . Distance measurements can now be taken from a few centimeters to over 700m with very high precision. Storage (2000 readings) and processing capability is now built in. Improved 3 key keypad for easier use. The Laser Geo is the perfect power line tool, with inbuilt functions for delta height (line sags), hazard tree function, heights, angles and distances. Data download direct to PC or handheld device via USB, IR or Bluetooth. Rechargeable battery. Very compact – 95x70x58mm. Made in Sweden.

Haglöf Vertex Laser Geo 2

Part #2680 **$5750.00**

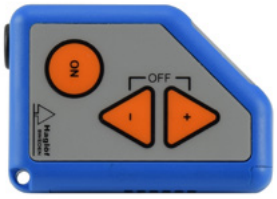
The new Haglof Vertex Laser Geo 2 will revolutionise the way you measure, map, process, and store data in the forest and beyond. This cutting edge forestry tool incorporates a rangefinder, hypsometer, remote diameter measurement, compass, GPS and Bluetooth in the one powerful instrument. Provides accurate distance, height and angle measurements using either laser or ultrasonic technology. An integrated digital compass and tilt sensor allows for 3D measurements such as 3D target mapping and innovative 3D Vector functionality to measure remote targets such as canopy width. The new remote diameter measurement function enables you to record diameters while measuring tree heights or determine heights for a fixed diameter. The built-in GPS receiver enables you to tag important data with GPS coordinates with a simple key press and the internal 1GB SSD drive provides substantial storage of data collected for later download via USB. . Rechargeable battery. Very compact – 95x70x58mm. Made in Sweden.

Haglöf ECII-D-R Height Meter + Factor Gauge

Part #449 **$850.00**

Simplify your work! Measure the height, count the number of stems and calculate the basal area and volume with the ECII-R Factor Gauge. Combines the functionality of the Haglof ECII-D electronic clino/height meter with stand area/volume calculators. Measures heights at any distance. Counts the number of stems using one of four basal factors (0.5, 1, 2 and 4 m2/Ha). Calculates basal area and volume/Ha. Easy-to-use with Quick Guide. Size 20x63x44mm, weight 70g (inc AA battery). Made in Sweden – now bright orange case!

Clinometers



Haglöf CI Electronic Clinometer

Part #2329 **$410.00**

Easy to use and accurate instrument for measuring slopes and vertical angles. Simply aim, push the button and read off the angle in degrees or % in the internal digital display. Very compact - 20x63x44mm, 50g. Accuracy: ±0.2°.Uses one AA battery (supplied). Made in Sweden.

Suunto PM-5/360PC Clinometer

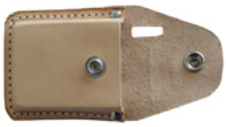
Part #1614 **$315.00**

Precision clinometer for slope & angle measurements. 0 ± 90°, 0 ± 150 % scales. Anodised aluminium alloy body. Includes neck lanyard & carrying case.

Suunto PM-5/1520 Height Meter

Part #1609 **$315.00**

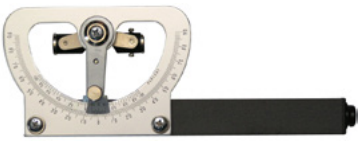
Precision height meter enables easy measurement of tree heights. 15m and 20m distance scales (from tree) for measuring tree height, 20m scale / degree conversion table on back. Anodised aluminium alloy body.



Suunto PM-5 Clino/KB-14 Compass Cases

Part #1046 Leather Cover **$30.00**

Part #1921 Rubber Cover **$34.00**



Abney Level

Part #598 **$175.00**

Used to determine slope angle, tree heights etc. Graduated 0-+/-90 degrees, 0-+/-100% on a stationary arc. Vernier reads to 10'. Scale pointer incorporates friction thumb lock. Includes leather carry case with belt loop.

Tangent Height Gauge

Part #1039 **$54.00**

Mirror sighting height gauge is a simple, but effective tool for measuring tree heights. Great teaching aid for quickly determining heights. Simple, 4-step instructions are embossed on the plastic gauge.

Suunto Tandem Compass/Clinometer

Part #343 **$430.00**

Liquid-filled precision compass and clinometer in one compact aluminium housing. High accuracy - precise readings in seconds. Durable aluminium housing - protects against impact, corrosion and water. Edges at 90 degrees angles for contact measuring. Optical adjustment for reading. Clinometer scales: 0 ± 90°, 0 ± 150 %. Global model without declination adjustment.

Suunto Tandem Cover

Part #892 **$27.00**

High visibility yellow rubber cover designed to protect the Suunto Tandem from falls, bumps etc.

Spherical Crown Densiometer

Part #459 Convex “A” **$280.00**

Part #2520 Concave “C” **$280.00**

Spherical crown densiometers which are helpful when establishing spacing standards in forest thinning and determining light requirements for regeneration. Features a mirror reflector engraved with a cross-shaped grid of 24 quarter-inch squares to delineate a plot overhead. Available in convex “A” and concave “C” models. Walnut instrument case 75x75mm. Built-in levelling bubble. Operating instructions included.

GRS Densitometer

Part #86 **$240.00**

The GRS Densitometer, when used with line-point transect sampling, combines horizontal and vertical vegetation sampling, thereby enabling the collection of resource information across the landscape (horizontally) at different canopy levels (vertically). This technique provides estimates of cover for any element in a forested environment and has been shown to be accurate, objective, and repeatable. The GRS Densitometer uses a mirror to project a view of the sample location point in the canopy. Unlike other methods of determining canopy closure, the GRS Densitometer can be aligned to give an exact vertical line-of-sight into the canopy. Mounted inside the viewing tube are two bubble-line levels -sight through the Densitometer until the bubble levels line up, then record the data point through centered cross hairs.

Suunto KB-14G/360R Compass

Part #1784 **$250.00**

Precision sighting compass, representing the highest quality in precision, sensitivity and durability. Polished sapphire bearings with short settling time for quick and accurate readings. Needle card is immersed in a clear, low viscosity liquid damping for smooth, vibration-free movement. Heavy duty corrosion resistant aluminium housing. 75x53x16 mm. Balanced for global use, so useable in any country.

#1046 - Leather Case **$25.00**

Suunto KB-20G Compass

Part #1881 **$140.00**

Precision sighting compass ideal for marine, professional and outdoor use. Sapphire bearing with liquid filled capsule for stable operation. Light weight high impact plastic housing is waterproof, shockproof and floats. Balanced for global use, so useable in any country. Adjustable diopter. 78x57x20 mm, 36g. Made in Finland.

Silva Ranger Compass

Part #1114 **$62.00**

Silva Ranger compass is a traditional baseplate compass commonly used by hikers, mountaineers, backpackers and hunters. It has all the features you need for your adventure. If you are looking for a basic, yet functional compass for your outdoor adventure, Ranger should be your choice. Ranger features rubber grip for easy handling and comes with a use-anywhere declination scale inside the capsule, a magnifying lens, base plate map-measuring in mm and scales of 1:25k, 1:50k and a detachable safety-release lanyard. The baseplate is curved-up at the back-end for perfect fit in the hand. The red/black north-south lines in the capsule bottom ensures easy and safe settling. The distinct arrow and scales/markings in a clear contemporary font combined with lots of transparency in the baseplate makes navigating easier - when activated in light the luminous markings enable night time navigation. The needle is made from finest Swedish steel with high quality magnetic features.

Silva Ranger S MS Compass

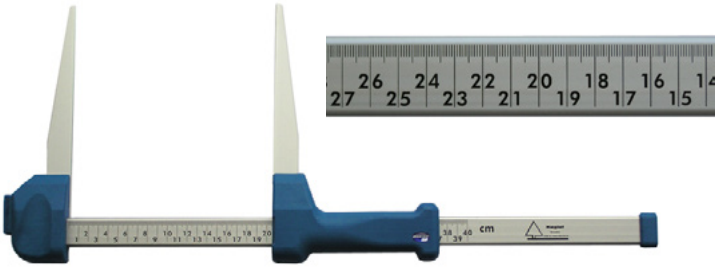
Part #2591 **$85.00**

Silva Ranger S is an easy-to-use mirror sighting compass that is used and appreciated by many outdoor enthusiasts; e.g. climbers, hikers and hunters. This compass has all the necessary features you need for your adventures. Silva compass Ranger S mirror sighting compass should be your choice when you must determine direction over long distances. The Ranger S features rubber grip for easy handling and comes with a use-anywhere declination scale inside the capsule and a detachable safety-release lanyard. A base plate map-measuring in mm and scales of 1:50,000 and 1:25,000. Ranger S has the additional benefit of 45-degree angle assistance on the mirror sighting function. A go-anywhere tool for serious compass users.

Silva Ranger 3/6400 NATO Compass

Part #1194 **$52.00**

A classic military base plate compass. Ranger 3 is an easy to use troop compass for infantry, commando units and paratroopers, compatible with the Silva 1-2-3 system. This model is often part of standard equipment for military personnel around the world, thanks to its quality and durability. Graduations in mils and degrees, baseplate measuring scales in mm, 1:25000 and 1:50000.



Haglöf Mantax Precision Calipers

Part #28 40cm	**$240.00**	Part #942 50cm	**$250.00**
Part #24 65cm	**$295.00**	Part #582 80cm	**$340.00**
Part #25 102cm	**$420.00**	Part #256 127cm	**$470.00**

Professional calipers with light weight injected moulded adjustable aluminium jaws. Large and visible figures for long lasting use. Non-reflective aluminium beam. Proven accuracy and reliability. Available in 40cm, 50cm, 65cm, 80cm, 102cm and 127cm versions. Made in Sweden.

Haglöf Mantax Black Foldable Jaw Calipers

Part #1011 50cm	**$350.00**	Part #1311 65cm	**$420.00**
Part #704 80cm	**$500.00**	Part #1312 95cm	**$560.00**

Unique, patented foldable caliper jaws for easier storage and transport. High quality aluminium scale with special alloy coating. Non-wearing digits. Rounded profile handle for increased comfort. Proven accuracy and reliability. Available in 50cm, 65cm, 80cm and 95cm models (max measurement). Made in Sweden.

Haglof Digitech BT Caliper

Part #2695 600mm	**$2580.00**
Part #2696 800mm	**$2680.00**

The Haglof Digitech BT Caliper is a powerful electronic caliper, developed to communicate wirelessly on-line with mobile devices and existing field data collection systems. The low weight and ergonomic design will give you the same feeling as when working with a manual caliper. In addition to storing up to 2 diameters per tree, users have the ability to store the tree height and species number (between 1-8), making the Digitech BT a powerful inventory tool when used with a tree height measuring device. 1-600mm and 1-800mm diameter measuring range models. Made in Sweden.

Plastic 15cm Tree Caliper

Part #625 **$16.00**

Low cost plastic tree caliper for measuring small diameter trees. Metric and imperial scales and will measure up to 15cm diameter in 1cm increments (7” on imperial scale).

Aluminium 20cm Tree Caliper

Part #626 **$76.00**

Aluminium tree caliper for measuring small diameter trees. Metric and imperial scales, measuring up to 20cm on one side and up to 8” on the other side.

Optical Square

Part #601 **$200.00**

Double pentaprisms for right angle sighting in either direction. Used for marking out plots, paddocks etc. Protective metal cover slides around to protect prisms. Includes leather carry case.

Haglöf Factor Gauge

Part #307 **$52.00**

Made from transparent plastic with bevelled edges for optimal spotting and accuracy. Practical grip for index finger and thumb improves the results and simplifies the measuring operation. 60 cm beaded chain. Four different factors to choose from - 0.5, 1, 2 and 4m2/ha. Two factor columns per side.

Wedge Prisms

Part #2636 BAF 1	**$150.00**
Part #2637 BAF 2	**$150.00**
Part #2638 BAF 3	**$150.00**
Part #2639 BAF 4	**$150.00**
Part #2640 BAF 5	**$150.00**

Crystal clear high quality prisms for timber cruising. Accurate to +/-1% of rated BAF. Truncated circular glass with 4 cm horizontal top. Stitched cow leather sleeve. Available in metric BAF 1, 2, 3, 4 and 5. Made in USA.

Haglöf Increment Borers

Part #63 200mm 2-thread	$430.00	Part #348 200mm 3-thread	$430.00
Part #64 300mm 2-thread	$490.00	Part #349 300mm 3-thread	$490.00
Part #75 400mm 2-thread	$560.00	Part #350 400mm 3-thread	$560.00
Part #496 500mm 2-thread	$920.00	Part #497 500mm 3-thread	$920.00
Part #76 600mm 2-thread	$1070.00	Part #351 600mm 3-thread	$1070.00

Quality Swedish made increment borers for taking tree core samples. Teflon coated to reduce friction, protect against rust and minimise resin build-up. 5.15mm core available in 200mm, 300mm, 400mm, 500mm & 600mm. We strongly recommend 2-thread borers for Australian hardwoods as they enable easier insertion into tough timbers. Includes handle, borer bit and extractor.

Haglöf Increment Borer Replacement Bits

Part #192 200mm 2-thread	$330.00	Part #352 200mm 3-thread	$330.00
Part #193 300mm 2-thread	$400.00	Part #353 300mm 3-thread	$400.00
Part #194 400mm 2-thread	$460.00	Part #354 400mm 3-thread	$460.00
Part #498 500mm 2-thread	$730.00	Part #499 500mm 3-thread	$730.00
Part #195 600mm 2-thread	$880.00	Part #355 600mm 3-thread	$880.00

Haglöf Increment Borer Extractors

Part #196 200mm	$62.00	Part #197 300mm	$75.00
Part #198 400mm	$85.00	Part #500 500mm	$120.00
Part #199 600mm	$128.00		

Haglöf Increment Borer Holsters

Part #77 200mm	$60.00	Part #78 300mm	$70.00
Part #79 400mm	$80.00		

Premium leather holster to suit increment borers. Contains belt loop for easy carrying.

Core Sample Tray

Part #394 **$8.00**

Plastic core sample tray allows you to snap-in 10 core samples up to 245mm long. Size: 300mm x 200mm.

Haglöf Soil Samplers

Part #895 70cm **$320.00**

Part #896 90cm **$355.00**

Swedish made soil samplers in two sizes - 70cm and 90cm (core sizes). Removes a soil core sample of approx 10mm diameter. Constructed from a single piece of high quality steel, the extremely durable construction is made to last for years. Weight: 70cm - 1.25kg, 90cm – 1.45kg.

Haglöf Borer Starter

Part #200 **$90.00**

Enables easier boring into the tree and better cores. Particularly useful on hardwoods. Foldable for easy storage.

Haglöf Coretax Sharpening Kit

Part #201 **$230.00**

Sharpening kit to enable borer tips to be sharpened for continued high performance. Coretax kit includes oil, two different sharpening stones (conical and flat) and beeswax to protect the tip and for better glide.

Haglöf Hardened Steel Borer Bits + Chuck

Part #585 150mm HS Bit **$350.00**

Part #893 250mm HS Bit **$455.00**

Part #584 Borer Chuck **$170.00**

Borer chuck for use in reversible battery drills when sampling treated wood. Use only with Haglof's hardened steel bit (not standard increment borer bits). Hardened steel bits for use with chuck – 150mm or 250mm, 5.15mm core, 3-thread. Made in Sweden.

Haglöf Increment Hammer

Part #202 **$205.00**

Swedish made hardened steel hammer with plastic grip extracts a 25mm x 4mm dia long core sample. Metric and imperial scale. Simple to operate - hit the tree at a right angle and pull out. Steel plunger allows you to eject an undisturbed core for examination.

Haglöf Barktax Bark Gauge

Part #203 **$140.00**

Measures bark thickness from 0-50mm. When pressed against the tree, the scale recedes and the borer cuts out a core of the bark for further examination. Cutting steel is protected inside the plastic handle when not in use. Swedish made.

Diameter Tapes

Richter 2m Loose Fibreglass Diameter Tape

Part #443 **$30.00**

2m long loose fibreglass tape measures diameters up to 0.6m. Easy to read black graduations on 16mm wide yellow blade. Metal loop on one end, tape loop on other. Diameter on one side, circumference on the other. Made in Germany.

KDS 2m Pocket Diameter Tape

Part #570 **$26.00**

2m long tape measures tree diameters up to 0.6m. Hard plastic case. Easy to read black graduations on 10mm wide white steel blade. Spring action returns blade to case. Double sided - diameter / circumference. Pocket sized - approx 50mm diameter x 15mm thick.

Lufkin 2m Executive Diameter Tape

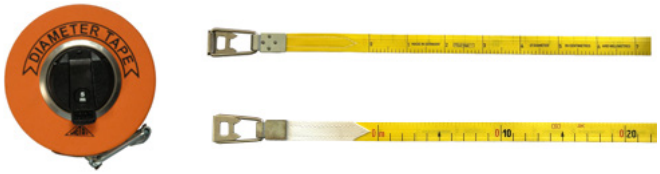
Part #22 **$49.00**

2m long tape measures tree diameters up to 0.6m. Polished chrome case. Easy to read bold graduations on 6mm wide yellow blade. Spring action returns blade to case. Double sided - diameter / circumference.

Richter 3m Pocket Diameter Tape

Part #408 **$33.00**

3m steel tape measures tree diameters up to 0.96m. Easy to read black graduations on 13mm wide yellow blade. Automatic rewind and stop. Diameter on one side, circumference on the other. Orange case with belt clip. Includes belt clip and hand strap. Made in Germany.



Richter 5m Fibreglass Diameter Tape

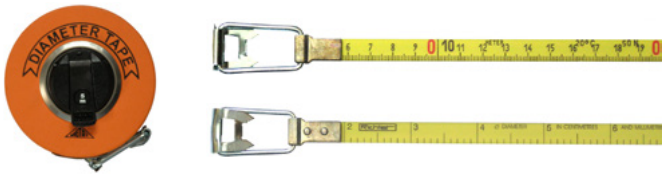
Part #423 **$75.00**

5m long tape measures tree diameters up to 1.6m. 16mm wide woven fibreglass tape with PVC coated steel case. Double sided - diameter on one side, circumference on the other. Circumference graduations in cm, diameter in mm. Quick release tree hook with zero 10cm in from end. Easy winding drum. Case size - 80mm diameter. Made in Germany. Model 283D/5m.

Richter 5m Fibreglass Diameter Tape w/Claw

Part #2077 **$75.00**

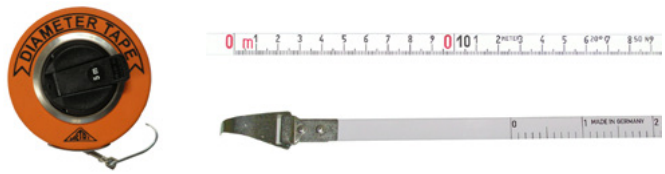
5m long tape measures tree diameters up to 1.6m. 16mm wide woven fibreglass tape with PVC coated steel case. Double sided - diameter on one side, circumference on the other. Circumference graduations in cm, diameter in mm. Claw hook with zero 10cm in from end. Easy winding drum. Case size - 90mm diameter. Made in Germany.



Richter 5m Steel Diameter Tape

Part #424 **$95.00**

5m long tape measures tree diameters up to 1.6m. 10mm wide polyamid coated steel tape. Double sided - diameter on one side, circumference on the other. Circumference and diameter graduations in cm/mm. Quick release tree hook on end of tape. Easy winding drum. Case size - 90mm diameter. Made in Germany. Model 385D/5m.



Richter 5m Enamelled Steel Diameter Tape

Part #727 **$90.00**

5m long tape measures tree diameters up to 1.6m. 10mm wide white enamelled steel tape with PVC coated steel case. Double sided - diameter on one side (cm/mm grads), circumference on the other (cm/mm grads). Claw hook on end of tape for positive bark penetration. Easy winding drum. Case size - 80mm diameter. Made in Germany. Model 349D/5m.

Richter 10m Fibreglass Diameter Tape w/Claw

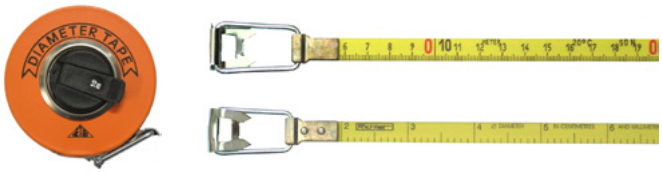
Part #2042 **$90.00**

10m long tape measures tree diameters up to 3.2m. 16mm wide woven fibreglass tape with PVC coated steel case. Double sided - diameter on one side, circumference on the other. Circumference graduations in cm, diameter in mm. Claw hook with zero 10cm in from end. Easy winding drum. Case size - 110mm diameter. Made in Germany.

Richter 10m Fibreglass Diameter Tape

Part #446 **$90.00**

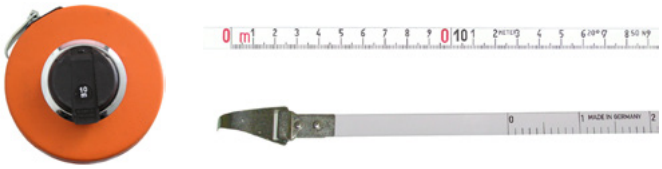
10m long tape measures tree diameters up to 3.2m. 16mm wide woven fibreglass tape with PVC coated steel case. Double sided - diameter on one side (mm grads), circumference on the other (cm graduations). Quick release tree hook on end of tape. Easy winding drum. Case size - 90mm diameter. Made in Germany. Model 283D/10m.



Richter 10m Steel Diameter Tape

Part #447 **$130.00**

10m long tape measures tree diameters up to 3.2m. 10mm wide polyamid coated steel tape for superior wear over enamelled steel tapes. Double sided - diameter on one side (cm/mm grads), circumference on the other (cm/mm grads). Quick release tree hook on end of tape. Easy winding drum. Case size - 110mm diameter. Made in Germany. Model 385D/10m.



Richter 10m Enamelled Steel Diameter Tape

Part #728 **$135.00**

10m long tape measures tree diameters up to 3.2m. 10mm wide white enamelled steel tape with PVC coated steel case. Double sided - diameter on one side (cm/mm grads), circumference on the other (cm/mm grads). Claw hook on end of tape for positive bark penetration. Easy winding drum. Case size - 90mm diameter. Made in Germany. Model 349D/10m.

Richter 20m Fibreglass Diameter Tape

Part #448 **$120.00**

20m long tape measures tree diameters up to 3.2m. 16mm wide fibreglass tape with PVC coated steel case. Double sided - diameter on one side (mm grads), circumference on the other (cm graduations). Quick release tree hook on end of tape. Easy winding drum in 150mm diameter case. Made in Germany. Model 275D/20m.

Spencer 15m & 25m Logging Tapes

Part #279 15m **$140.00**

Part #280 25m **$170.00**

Industry leading 15m and 25m steel logging tapes. Fully automatic gear drive tape w/ hardened steel gears, strong aluminium case and open spool w/ fast, auto return. Black graduations (m & cm) on a yellow background. Graduations in m and cm, dm markings. Comes with quick release nail attachment. 15m – Spencer 950MER, 25m – Spencer 975MER.

#282 15m Refill (965MER)	**$60.00**	#289 Hanger & Swivel Clip (962)	**$12.00**
#283 25m Refill (985MER)	**$75.00**	#285 Nylon Guide Post/Scr (961)	**$5.00**
#290 Quick Rel Nail (963RN)	**$12.00**	#288 Tape Refill Screw (966)	**$1.00**
#286 Spacer Post/Screw (955)	**$4.00**		

Spencer 30m Logging/Diameter Tape

Part #346 **$180.00**

Combination 30m logging tape, 5m diameter tape. Fully automatic gear drive tape w/ hardened steel gears. Strong aluminium case and open spool w/ fast, auto return. Black graduations on a yellow background. Graduations in m and cm for length (up to 30m), cm and mm for diameter (up to 5m). Comes with hook end. Spencer 900MEDC.

#284 30m Refill (905MEDC)	**$96.00**	#289 Hanger & Swivel Clip (962)	**$12.00**
#286 Spacer Post/Screw (955)	**$4.00**	#285 Nylon Guide Post/Scr (961)	**$5.00**
#288 Tape Refill Screw (966)	**$1.00**		

Measuring Tapes, Hipchain, Height Poles

Yamayo Million Fibreglass Measuring Tapes

Part #2291 30m **$60.00**

Part #2292 50m **$80.00**

Part #2270 100m **$145.00**

30m, 50m and 100m fibreglass measuring tape featuring a 3x speed winder and 12.5mm wide PVC coated fibreglass tape. Superior durability, high accuracy, high visibility, non-conductive and weather resistant. Top side of tape is metric 2mm graduations, bottom side of tape is metric 5mm graduations. Made in Japan.

Lufkin Tufboy Measuring Tapes

Part #249 30m **$85.00**

Part #250 50m **$110.00**

30m and 50m long fibreglass tape in Hi-Viz orange case. Light weight open reel easy to handle & rewind. 13mm wide, yellow clad blade with black/red mkgs. Graduated mm, numbered at each centimetre. Designed to resist extreme weather conditions. Durable tape line made of fibreglass and encapsulated in flexible wipe clean plastic. High impact, light weight polymer case and reel. Lufkin models HY1730CM (30m) and HY1750CM (50m).

Imex R1000 Measuring Wheel

Part #681 **$185.00**

Heavy duty measuring wheel measures up to 9999m in 0.1m increments. Easy to read resettable display. Solid rubber tyre for durability. Handle trigger brake enables precise control and measurement. Folds onto itself and includes a storage/carry bag. Weight 1.6kg. Total length 1m, folded length 50cm. Wheel diameter 33cm.

Haglöf Walktax Hipchain

Part #190 **$340.00**

Classic instrument for exact distance measuring work Accurate distance is displayed in the viewing window. Cotton thread spool containing approximately 2500m of biodegradable thread, changeable in a few seconds. Housed in strong polycarbonate plastic with belt clip. External counter reset. Accuracy of 0.2%. Made in Sweden.

#191 Replacement Cotton Reels (10 Pack) **$175.00**

Senshin Fibreglass Telescopic Height Poles

Part #444 6m **$475.00**

Part #572 8m **$600.00**

Part #445 12m **$930.00**

Light weight fully insulated fibreglass telescopic measuring poles. Large sight window for easy readout (mounted on base for 6m). Designed for external and internal use. Supplied with carry bag. Three sizes: 6m (94cm closed, 1.2kg), 8m (142cm closed, 2kg) and 12m (141cm closed, 3.4kg). Made in Japan.

Kestrel 5000/5200/5500 Portable Vane Mount

Part #1902 **$120.00**

Custom designed for extreme light weight and portability, the Kestrel Portable Vane Mount assembles in seconds and turns the Kestrel 5000, 5200 or 5500 weather meters into data logging weather stations. The precision pivot mounts to any tripod and allows the unit to spin freely in the slightest of breezes. Free rotation and an incorporated level ensures accurate compass readings on the Kestrel 5500. Folds down into a small carry pouch.

#1901 Kestrel 5000/5200/5500 USB Cable	$145.00
#1009 Kestrel Replacement Impeller	$55.00
#1496 Kestrel RH Calibration Kit	$165.00

Kestrel 5000/5200/5500 Portable Tripod

Part #619 **$240.00**

Kestrel tripod extends to 130.5cm with a minimum operating height of 21.3cm. Includes clamp compatible with all Kestrel meters. Perfect for use with the Kestrel Portable Vane Mount. 5-section twist-n-pull legs. Collapses to a height of 34.5cm. Holds up to 1.5kg and weights only 766g.
